ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of the greatness of Allah SWT regarding the secret of the implementation of the law by the authorities in one country from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

The signs of Allah's greatness regarding the secret of the implementation of the law by the authorities in one country are written in the verse:

"Indeed, Allah commands you to convey the message to those who are entitled to receive it, and (orders you) when setting the law between people so that you judge with justice. Verily Allah gives you the best teaching. Verily Allah is All-Hearing, All-Seeing. Nisa' : 4: 58)

In an effort to unmask the greatness of Allah SWT regarding the secret of the implementation of the law by the rulers in one country, I use the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here I put forward the hypothesis that the implementation of the law must be carried out by the authorities in one country seen from the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T). Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms.

Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

LAW IS IMPLEMENTED BY AUTHORITY IN ONE COUNTRY

Now, let's unveil the secret behind the verse *"...and (ordering you) when setting the law between humans so that you judge justly...(An Nisaa ' : 4: 58)*

Now, by enacting and bringing down the laws in Medina, it illustrates that Allah has given direction that the laws that have been set by Allah cannot be carried out without a ruler in one country. Well, this is the key, when the Prophet Muhammad entered the Yathrib area (Medina in Saudi Arabia today) on Friday, 12 Rabi'ul Awwal 1 Hijrah, the thirteenth year of prophethood which coincided

with 24 September 622 AD, then a de facto area was born. the Muslims (the Muhajirin and the Ansar) and the Jews, who were free from the power and influence of the Quraysh (the infidels of Mecca).

Furthermore, when the defense agreement or the Medina Charter or the Medina Law was signed, the first de facto Islamic State was established in the Yathrib area, with the leader of the country being the Prophet Muhammad. (<https://www.ahmadsudirman.se/uudmadin.htm>)
(<https://www.ahmadsudirman.se/980904.htm>)

Where the people of this first Islamic state are the Muslims in Yathrib (the Muhajirin and the Ansar) and the Jews.

ALL THE LAW THAT WAS PROVIDED WAS AFTER THE PROPHET MUHAMMAD ESTABLISHED THE FIRST ISLAMIC STATE IN MADINAH

Now it is revealed, why are the letters that contain laws ranging from the law of war, the law of political asylum, the law of killing, the law of talaq, the law of divorce, the law of marriage, the law of Hajj, the law of inheritance, the law of adultery, the law of swearing, the law of usury and the law of spoils of war. it was all revealed after the first Islamic State was established by the Prophet Muhammad in Medina.

GOD HAS GIVEN A LESSON HOW TO ESTABLISH THE FIRST ISLAMIC STATE IN MADINAH

Now, let's unveil the secret behind the verse "*...Indeed Allah gives you the best teaching... (An Nisaa': 4: 58)*" which means that although in the Quran it is not clearly explained to establish an Islamic State, but with Allah ... *gave the best teaching to you ... (An Nisaa ': 4: 58)*, then the Prophet Muhammad gave an example of how to establish the first Islamic State in Medina.

With the establishment of the first Islamic State in Medina, the laws that have been established by Allah were revealed in Medina.

Now it has been revealed why the Prophet Muhammad founded the first Islamic State in Medina.

With the establishment of the first Islamic State in Medina, the laws that have been established by Allah were revealed in Medina.

CONCLUSION

Based on the description above, we can conclude that the secret behind the verse "*...and (ordering you) when setting the law between humans so that you judge justly...(An Nisaa ': 4: 58)*"

By enacting and enacting the laws in Medina, this illustrates that Allah has given direction that the laws that have been set by Allah cannot be carried out without the existence of a ruler in one country.

This is the key, when the Prophet Muhammad entered the Yathrib area (Medina in present-day Saudi Arabia) on Friday, 12 Rabi'ul Awwal 1 Hijrah, the thirteenth year of prophethood which coincided with 24 September 622 AD, de facto a Muslim area was born. (The Muhajirin and the Ansar) and the Jews, who were free from the power and influence of the Quraysh (the Meccan disbelievers).

Furthermore, when the defense agreement or the Medina Charter or the Medina Law was signed, the first de facto Islamic State was established in the Yathrib area, with the leader of the country being the Prophet Muhammad. (<https://www.ahmadsudirman.se/uudmadin.htm>)
(<https://www.ahmadsudirman.se/980904.htm>)

Where the people of this first Islamic state are the Muslims in Yathrib (the Muhajirin and the Ansar) and the Jews.

Now it is revealed, why are the letters that contain laws ranging from the law of war, the law of political asylum, the law of killing, the law of talaq, the law of divorce, the law of marriage, the law of Hajj, the law of inheritance, the law of adultery, the law of swearing, the law of usury and the law of spoils of war. It was all revealed after the first Islamic State was established by the Prophet Muhammad in Medina.

We reveal again the secret behind the verse "*...Indeed Allah gives the best teaching to you... (An Nisaa ' : 4: 58)* the meaning here is that although in the Qur'an it is not clearly explained to establish an Islamic State, but with Allah. .. *give the best teaching to you ... (An Nisaa ' : 4: 58)*, then the Prophet Muhammad gave an example of how to establish the first Islamic State in Medina.

With the establishment of the first Islamic State in Medina, the laws that have been established by Allah were revealed in Medina.

Now it has been revealed why the Prophet Muhammad founded the first Islamic State in Medina.

With the establishment of the first Islamic State in Medina, the laws that have been established by Allah were revealed in Medina.
