## ABSTRACT

Before I write down the problem, how did Jibril actually bring down revelation into qolbu, I first ask forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of how Jibril actually sent revelation into qolbu from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how Jibril actually sent revelation into qolbu, namely the following verses:

*"Say: "Whoever is the enemy of Jibril, then Jibril has sent him down to your qolbu with Allah's permission; confirming what was before and is a guide and good news for those who believe (Al Baqarah: 2: 97)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course, We would have doubted about them what they doubted about themselves." (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"His words are nothing but revealed revelations. (An Najm: 53: 4) who has an intelligent mind; and appears in his true form (An Najm: 53: 6) so he will be near the two ends of the bow or nearer. (An Najm: 53: 9) Then he conveys to His servant what Allah has revealed (An Najm: 53: 10) His heart does not deny what he has seen. (An Najm: 53:11)*

*"And verily Muhammad saw Jibril at another time, (An Najm: 53: 13) in Sidratil Muntaha (An Najm: 53:14) Nearby there was a paradise where he lived (An Najm: 53:15) when Sidratil Muntaha was overwhelmed by something that covers it. (An Najm: 53:16) His sight did not turn away from what he saw and did not go beyond it. (An Najm: 53:17)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"Why do you ask other people to worship, while you forget yourself, even though you read the Bible? So don't you think? (Al Baqarah: 2:44)*

In an effort to open the veil of Allah's secret about how Jibril actually sent revelation to qolbu, I used the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose the hypothesis of Jibril descending revelation through the mind seen from the basic point of Deoxyribonucleic acid (DNA)

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## WHAT IS QOLBU

Well, we still continue to focus our minds on exploring the secret behind the verse: *"... Jibril has sent him down to your heart with the permission of Allah... (Al Baqarah: 2: 97)*

It turns out that what is meant by *"... in your qolbu... (Al Baqarah: 2: 97)* is in his mind.

Why can't qolbu save revelation?

The answer is

Hidden behind the verse *"...Then don't you think? (Al Baqarah: 2:44)*

That is, revelation is not revealed through qolbu, but through the brain of the mind *"... don't you think? (Al Baqarah: 2:44).*

Where revelation is stored in the hippocampus in the brain. The hippocampus is part of the limbic system of the brain, and is made up of gray matter.

So, actually *"... Jibril has lowered him into... (Al Baqarah: 2: 97)* the brain of the Prophet Muhammad's mind, where the revelation is stored in the hippocampus.

## JIBRIL IS A MAN

Now let's unveil the secret behind the verse: *"... if We had made the apostle an angel, We would certainly have made him a man... (Al An'aam: 6: 9)*

So, it is clearly illustrated now, that the apostle was *"...a man...(Al An'aam: 6: 9)*

Or in other words *"... Jibril has lowered him into ... (Al Baqarah: 2: 97) the mind of the Prophet Muhammad, is "... a man... (Al An'aam: 6: 9)*

## JIBRIL SPEAKING WITH THE PROPHET MUHAMMAD IN ARABIC

Now, we continue to reveal the secret behind the verses: *"... and appear in their true form (An Najm: 53: 6) so he will be near the two ends of the bow or closer. (An Najm: 53: 9) Then he conveys to His servant what Allah has revealed (An Najm: 53: 10) His heart does not deny what he has seen. (An Najm: 53:11)*

It turned out that Jibril "...appeared in his original form (*An Najm: 53: 6*) meaning that Jibril appeared as "...a man...(*Al An'aam: 6: 9*)

Jibril spoke in Arabic as "*His speech is nothing but a revealed revelation. (An Najm : 53: 4)*

This means that the revelation conveyed to the Prophet Muhammad was in Arabic.

So when Jibril conveyed the revelation to the Prophet Muhammad it was spoken in Arabic.

## **HOW DOES JIBRIL SUBMIT REVELATION, IF REVELATION WAS NOT DIRECTLY DELIVERED TO THE PROPHET MUHAMMAD**

Well, let's dig up the secret behind the verse: "... *Jibril has sent it down to your qolbu with Allah's permission... (Al Baqarah: 2: 97)*

It turns out that now it has been revealed, that Jibril does not need to directly convey revelations facing the Prophet Muhammad, but through sound frequency vibrations that can be sent from a distance, which can be understood by the Prophet Muhammad.

So, whenever a revelation that has been "...*by Allah's permission... (Al Baqarah: 2: 97)* is to be delivered, then Jibril conveys it through sound frequency vibrations that can be sent from a distance, which can be understood by the Prophet Muhammad.

## **CONCLUSION**

Based on the description above, we can conclude that the secret behind the verse: "... *Jibril has sent him down to your heart with the permission of Allah... (Al Baqarah: 2: 97)*

It turns out that what is meant by "... *in your qolbu... (Al Baqarah: 2: 97)* is in his mind.
