ABSTRACT

Before I write down the problem on what basis Allah does not forgive people who associate partners with Allah, I first ask Allah for forgiveness. Here I try to open the veil that covers the secret on what basis Allah does not forgive humans who associate partners with Allah from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool on what basis Allah does not forgive people who associate partners with Allah, namely the following verses:

"Verily Allah will not forgive the sin of shirk, and He forgives all sins other than that, for whom He wills. Whoever associates partners with Allah, then indeed he has committed a great sin. (An Nisa': 4:48)

"When Allah gave them both a perfect child, then both of them made partners to Allah with the child He had bestowed upon them. So Allah is exalted above what they associate. (Al A'raaf: 7: 190)

"It is not proper for the Prophet and those who believe to ask forgiveness for the polytheists, even though the polytheists are relatives, after it becomes clear to them that the polytheists are the inhabitants of the Hellfire. (At Taubah: 9:113)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"Allah is the light of the skys and the earth...Light upon light (An Nuur: 24:35)

"O People of the Book, do not transgress in your religion, and say nothing of Allah except the truth. Verily, the Al Masih, Isa, the son of Maryam, is the Messenger of Allah and His words which He conveyed to Mary, and a spirit from Him. So believe in Allah and His messengers and do not say: "three", stop. better for you. Verily, Allah is the One God, Glory be to Allah from having children, all that is in the heavens and on earth belongs to Him. It is enough for Allah to be the Sustainer. (An Nisaa ': 4: 171)

"Those who believe in the unseen, who establish prayer, and spend part of the sustenance We have bestowed upon them (Al Baqarah: 2:3)

In an effort to open the veil of Allah's secret about what basis Allah does not forgive humans who associate partners with Allah, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that Allah's spirit cannot be made into other types from the basic point of Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

THE SPIRIT OF ALLAH CANNOT BE MADE ANOTHER KIND

Now, we are still trying to focus our minds to reveal the secret behind the verse: *"So when I have perfected the event and I have breathed into it My spirit... (Shaad: 38: 72)*

It turns out that *"...my spirit...(Shaad: 38:72)* is only one in this entire universe.

Why *"...my spirit...(Shaad : 38:72)* can't be made another kind of spirit?

The answer is

It is hidden in a secret hidden behind the verse: *"Indeed Allah will not forgive the sin of shirk, and He forgives all sins other than that ... (An Nisaa ': 4: 48)*

That is, it is not possible *"...my spirit...(Shaad: 38:72)* made another kind of spirit

What exactly is *"...My spirit...(Shaad : 38:72)* ?

The answer is deoxyribonucleic acid (DNA). Where humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Well, the nucleus of the carbon atom, nitrogen atom, oxygen atom and hydrogen atom are quarks. This quark is the first to live and will never disappear or will not die.

So, it is these quarks that it is impossible to make quarks with other types.

Or in other words, quarks are quarks.

Or Allah's spirit is impossible to make His allies.

IN WHAT FORM ARE CONSIDERED AS ALLY OF ALLAH

Now, let's unveil the secret behind the verse: *"When Allah gave them a perfect child, both of them made partners with Allah to the child whom He had bestowed upon them... (Al A'raaf: 7: 190)*

Well, it turns out that the child was made by his parents an ally of Allah.

How did it happen?

The answer is

by giving a name, such as the name of the idol Uzza worshiped, then the child was given the name Abul Uzza.

Well, giving the name abul uzza to the child is the same as partnering with Allah.

Because Uzza idols are worshiped by his parents.

IMAGES OF HUMANS, ANIMALS, HOUSE, CAN BE ALLY OF ALLAH

Well now, we continue to unravel the secret behind the verse: *"...Indeed the Al Masih, Isa, the son of Maryam, is the messenger of Allah and His words which He conveyed to Mary, and a spirit from Him... do not say: "three", stop. better for you...(An Nisaa' : 4: 171)*

It turned out that Isa, the son of Maryam, had been made a rival of Allah or an ally of Allah, by saying *"three"* meaning father, mother and son. Then, the three of them were worshiped by humans.

Animals, such as the female ox, which are worshipped, are also partners with Allah.

The image of humans who are worshiped and considered sacred, this is also an ally of Allah.

Now, if the human image is not worshiped, it does not become an ally of Allah.

The house, is the same, also if the house is considered sacred, then the house has become an ally of Allah.

HUMAN EYES ARE LIMITED TO VIEWING

Now, let's uncover the secrets hidden behind the verse: *"those who believe in the unseen... (Al Baqarah: 2:3)* and the verse: *"Allah is the light of the sky and the earth... (An Nuur: 24: 35)*

It turns out that what is called *"... unseen... (Al Baqarah: 2: 3)* is because the human eye's vision is limited.

The human eye cannot see light rays in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers.

Because our eyes can only see light in the area of the electromagnetic spectrum between 430 and 740 nanometers.

So "... *unseen...* (*Al Baqarah: 2: 3*) is because our eyes cannot see light rays in the electromagnetic spectrum area below 430 nanometers and light in the electromagnetic spectrum area above 740 nanometers.

Well, because our eyes can't see "*Allah is the light of the sky and the earth... Light on light (An Nuur: 24: 35)*" then Allah is unseen. In fact, Allah exists.

With the limitations of human vision, humans make their own rules, where, for example, do not make pictures that incarnate "*Allah is the light of the heavens and the earth...Light above light (An Nuur: 24: 35)*" because being able to picture it, is the same as associate with Allah.

DUE TO THE LIMITATIONS OF HUMAN VIEWING, THEN HUMANS' OWN RULES ARE MADE

So now, because it is true that "...*My spirit...(Shaad: 38:72)*" cannot be made another kind of my spirit, then it is impossible for Allah to have His partners. Only the human mind makes it up, which makes Allah's partners.

CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: "*So when I have perfected the event and I have breathed into it My spirit... (Shaad: 38: 72)*"

It turns out that "...*my spirit...(Shaad: 38:72)*" is only one in this entire universe.

Why "...*my spirit...(Shaad : 38:72)*" can't be made another kind of spirit?

The answer is

It is hidden in a secret hidden behind the verse: "*Indeed Allah will not forgive the sin of shirk, and He forgives all sins other than that ... (An Nisaa ': 4: 48)*"

That is, it is not possible "...*my spirit...(Shaad: 38:72)*" made another kind of spirit

What exactly is "...*My spirit...(Shaad : 38:72)*" ?

The answer is deoxyribonucleic acid (DNA). Where humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Well, the nucleus of the carbon atom, nitrogen atom, oxygen atom and hydrogen atom are quarks. This quark is the first to live and will never disappear or will not die.

So, it is these quarks that it is impossible to make quarks with other types.

Or in other words, quarks are quarks.

Or Allah's spirit is impossible to make His allies.

Now, let's unveil the secret behind the verse: "*When Allah gave them a perfect child, both of them made partners with Allah to the child whom He had bestowed upon them... (Al A'raaf: 7: 190)*"

Well, it turns out that the child was made by his parents an ally of Allah.

How did it happen?

The answer is

by giving a name, such as the name of the idol Uzza worshiped, then the child was given the name Abul Uzza.

Well, giving the name abul uzza to the child is the same as partnering with Allah.

Because Uzza idols are worshiped by his parents.

Well now, we continue to unravel the secret behind the verse: **"...Indeed the Al Masih, Isa, the son of Maryam, is the messenger of Allah and His words which He conveyed to Mary, and a spirit from Him... do not say: "three", stop. better for you...(An Nisaa' : 4: 171)**

It turned out that Isa, the son of Maryam, had been made a rival of Allah or an ally of Allah, by saying **"three"** meaning father, mother and son. Then, the three of them were worshiped by humans.

Animals, such as the female ox, which are worshipped, are also partners with Allah.

The image of humans who are worshiped and considered sacred, this is also an ally of Allah.

Now, if the human image is not worshiped, it does not become an ally of Allah.

The house, is the same, also if the house is considered sacred, then the house has become an ally of Allah.

Now, let's uncover the secrets hidden behind the verse: **"those who believe in the unseen... (Al Baqarah: 2:3)** and the verse: **"Allah is the light of the sky and the earth... (An Nuur: 24: 35)**

It turns out that what is called **"... unseen... (Al Baqarah: 2: 3)** is because the human eye's vision is limited.

The human eye cannot see light rays in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers.

Because our eyes can only see light in the area of the electromagnetic spectrum between 430 and 740 nanometers.

So **"... unseen... (Al Baqarah: 2: 3)** is because our eyes cannot see light rays in the electromagnetic spectrum area below 430 nanometers and light in the electromagnetic spectrum area above 740 nanometers.

Well, because our eyes can't see **"Allah is the light of the sky and the earth... Light on light (An Nuur: 24: 35)** then Allah is unseen. In fact, Allah exists.

With the limitations of human vision, humans make their own rules, where, for example, do not make pictures that incarnate **"Allah is the light of the heavens and the earth...Light above light (An Nuur: 24: 35)** because being able to picture it, is the same as associate with Allah.

So now, because it is true that **"...My spirit...(Shaad: 38:72)** cannot be made another kind of my spirit, then it is impossible for Allah to have His partners. Only the human mind makes it up, which makes Allah's partners.
