ABSTRACT

Before I write down the problem of what happened to the followers of Prophet Musa when they asked to see Allah first I ask Allah SWT for forgiveness. Here I try to open the veil that covers the secrets about the followers of Prophet Musa when they asked to see Allah from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that became Allah's secret revealer about the followers of Prophet Musa when they asked to see Allah, namely the following verses:

"Allah is the light of the heavens and the earth...Light upon light...(An Nuur: 24:35)

"And when you said: "O Musa, we will not believe in you until we see Allah in the light, so the thunderbolts strikes you while you are witnessing it." (Al Baqarah: 2:55)

"After that We resurrected you after you died, so that you may be grateful. (Al Baqarah: 2: 56)

"And We cover you with clouds, and We send down to you "manna" and "salwa". Eat of the good food that We have given you; and they do not persecute Us; but it is they who persecute themselves. (Al Baqarah : 2:57)

"And We took the Children of Israel across the sea, so when they came to a people who continued to worship their idols, the Children of Israel said: "O Musa. make for us a god as they have several gods." Musa replied: "Indeed you are a people who do not know." (Al A'raaf: 7:138)

In an effort to unmask Allah's secret about the followers of Prophet Musa when they asked to see Allah the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis that the followers of the Prophet Musa asked to see Allah, what appears to be lightning or an electric discharge between the atmosphere and the ground seen from the basic point of Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains

1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

FOLLOWERS OF THE PROPHET OF MUSA AFTER FREED FROM PHARAOH

Now, we are still concentrating on uncovering the secret hidden behind the verse: *"And We took the Children of Israel across the sea, then after they came to a people who continued to worship their idols... (Al A'raaf: 7:138)*

Well, it is estimated that between the years 1391 - 1336 BC Prophet Musa and his followers came out of Egypt to the Canaan area or now part of the area of the Palestinians.

Some of the inhabitants of the Canaanites *"...still worshiped idols... (Al A'raaf: 7:138)*, that is, they still worshiped cows, just as the people of Egypt worshiped cows.

FOLLOWERS OF THE PROPHET MUSA ASK THE PROPHET MUSA TO SEE ALLAH

Now we continue to uncover the secret behind the verse: *"... when you say: "O Musa, we will not believe in you until we see Allah clearly... (Al Baqarah: 2:55)*

What happened, after the followers of Prophet Musa asked to see Allah with their eyes?

The answer is

There is a secret hidden behind the verse: *"... therefore you are struck by lightning, while you are witnessing it." (Al Baqarah: 2:55)*

Apparently, what happened and was seen by the followers of the Prophet Musa, *"... thunderbolts... (Al Baqarah: 2: 55)*

Lightning or thunderbolts or electrical discharge between the atmosphere and the ground.

FOLLOWERS OF THE PROPHET MUSA SEE ALLAH IN THE FORM OF ALLAH'S LIGHT SHOWN IN THE FORM OF THUNDERBOLTS

Now, it has been revealed that the followers of Prophet Musa, when they asked to see Allah, it turned out that what was seen and happened was the presence of lightning or thunderbolts or an electric discharge between the atmosphere and the ground.

What exactly is behind the electricity being released from the atmosphere to the ground?

The answer is

Hidden behind the verse: *"Allah is the light of the heavens and the earth...Light upon light... (An Nuur: 24: 35)*

That is, what is seen by the followers of the Prophet Moses is the light of Allah *"Allah is the light of the sky and the earth ... (An Nuur: 24: 35)* or in other words photons, which are shown in the form of lightning or *"... thunderbolts ... (Al Baqarah : 2:55)*

THE FOLLOWER OF THE PROPHET OF MUSA WHO WAS STOPPED BY THUNDERBOLTS DIED, AND THE SPIRIT OF ALLAH WAS OUT OF THE DEAD BODY

Well, then we unravel the secret behind the verse: *"After that We resurrect you after you die... (Al Baqarah: 2: 56)*

It turned out that the follower of Prophet Musa who died because of being struck by lightning, the spirit of Allah came out of his body *"... We resurrect you after you die... (Al Baqarah: 2: 56)*

AFTER THE PROPHET MUSA AND HIS FOLLOWERS SEE ALLAH IN THE FORM OF ALLAH'S LIGHT, THEN THEY ATE MANNA AND SALWA

Well, finally revealed the secret behind the verse: *"... We send down to you "manna" and "salwa". Eat from the good food that We have given you... (Al Baqarah: 2: 57)*

Apparently, the followers of Prophet Musa saw with their own eyes, that Allah can be seen by the eyes through Allah's light which is shown in the form of thunderbolts.

Prophet Musa and his followers were given sustenance by Allah in the form of *"manna" and "salwa"...*(*Al Baqarah: 2: 57*). Where manna is a kind of honey and salwa is a kind of bird that can be caught.

CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: *"And We took the Children of Israel across the sea, then after they came to a people who continued to worship their idols... (Al A'raaf: 7:138)*

Well, it is estimated that between the years 1391 - 1336 BC Prophet Musa and his followers came out of Egypt to the Canaan area or now part of the area of the Palestinians.

Some of the inhabitants of the Canaanites *"...still worshiped idols...(Al A'raaf: 7:138)*, that is, they still worshiped cows, just as the people of Egypt worshiped cows.

Now we continue to uncover the secret behind the verse: *"... when you say: "O Musa, we will not believe in you until we see Allah clearly... (Al Baqarah: 2:55)*

What happened, after the followers of Prophet Musa asked to see Allah with their eyes?

The answer is

There is a secret hidden behind the verse: *"... therefore you are struck by lightning, while you are witnessing it." (Al Baqarah: 2:55)*

Apparently, what happened and was seen by the followers of the Prophet Musa, *"... thunderbolts... (Al Baqarah: 2: 55)*

Lightning or thunderbolts or electrical discharge between the atmosphere and the ground.

Now, it has been revealed that the followers of Prophet Musa, when they asked to see Allah, it turned out that what was seen and happened was the presence of lightning or thunderbolts or an electric discharge between the atmosphere and the ground.

What exactly is behind the electricity being released from the atmosphere to the ground?

The answer is

Hidden behind the verse: *"Allah is the light of the heavens and the earth...Light upon light... (An Nuur: 24: 35)*

That is, what is seen by the followers of the Prophet Moses is the light of Allah *"Allah is the light of the sky and the earth ... (An Nuur: 24: 35)* or in other words photons, which are shown in the form of lightning or *"... thunderbolts ... (Al Baqarah : 2:55)*

Well, then we unravel the secret behind the verse: *"After that We resurrect you after you die... (Al Baqarah: 2: 56)*

It turned out that the follower of Prophet Musa who died because of being struck by lightning, the spirit of Allah came out of his body *"... We resurrect you after you die... (Al Baqarah: 2: 56)*

Well, finally revealed the secret behind the verse: *"... We send down to you "manna" and "salwa". Eat from the good food that We have given you... (Al Baqarah: 2: 57)*

Apparently, the followers of Prophet Musa saw with their own eyes, that Allah can be seen by the eyes through Allah's light which is shown in the form of thunderbolts.

Prophet Musa and his followers were given sustenance by Allah in the form of *"manna" and "salwa"...(Al Baqarah: 2: 57)*. Where manna is a kind of honey and salwa is a kind of bird that can be caught.
