**ABSTRACT**

Before the author writes the problem according to human calculations, The early Allah, when Allah exists, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about according to human calculations, The early Allah, when Allah existed, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about according to human reckoning, The early Allah, when Allah existed, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

*"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)*

*"He arranges affairs from the skys to the earth, then it ascends to Him in one day whose level is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Merciful God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

In an effort to open the veil of Allah's secret about according to human reckoning, The early Allah, when Allah existed, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes a hypothesis according to human calculations, The early Allah, Allah exists, since **10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 2760000000** years ago, based on Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

**ACCORDING TO HUMAN CALCULATIONS, ALLAH THE BEGINNING, ALLAH EXISTS, SINCE 10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 2760000000 AGO**

Now, we are still focusing our minds on uncovering the secrets contained behind the verse: *"He is the First...(Al Hadid: 57:3)" Who has created the seven skys in layers...(Al Mulk: 67:3 )"...do not see in the creation of the Most Gracious God anything that is not balanced...(Al Mulk: 67: 3)*

## CONCLUSION

The conclusions that can be drawn from the above explanation are the secrets contained behind the verse: *"He is the First... (Al Hadid: 57:3)" Who has created the seven skys in layers... (Al Mulk: 67:3 ) "...do not see in the creation of the Most Gracious God anything that is not balanced... (Al Mulk: 67: 3)*

*Apparently, here God has declared "He is the First ... (Al Hadiid: 57: 3)" Who has created the seven skys in layers ... (Al Mulk: 67: 3)*

Now the question arises,

If Allah is *"... the First... (Al Hadiid: 57: 3)*, since when did Allah exist?

Well, the answer is in the secret behind the verse: *"...do not see in the creation of the Most Gracious God anything that is not balanced... (Al Mulk: 67: 3)*

It turns out that, by basing on the law *"... balanced... (Al Mulk: 67: 3)*, humans can count when Allah exist

Well, actually, before Allah created *"...seven layered skys... (Al Mulk: 67:3)* now, there are already *"...seven layered skys... (Al Mulk: 67:3)* before, which had disappeared, all that remained was Allah's energy. Where Allah's energy returns to Allah *"... we belong to Allah and to Him we return (Al Baqarah: 2: 156)*

So, with Allah's energy returning from the previous *"...seven layered skys... (Al Mulk: 67:3)* which disappeared, Allah created, 13 800 000 000 years ago, quarks and atoms later *"...seven layered skys... (Al Mulk: 67:3)* today.

Why did Allah create *"...seven layered skys... (Al Mulk: 67:3)* before which disappeared the same as *"...seven layered skys... (Al Mulk: 67:3)* now this ?

The answer is

Implicit in the secret behind the verse: *"He is the First ... He is All-Knowing of everything. (Al Hadiid: 57: 3) "Who has created the seven skys in layers ... which are balanced ... (Al Mulk :67:3)*

Well, *"...the seven skys are layered...which are...balanced... (Al Mulk: 67:3)* which means, *"...seven layered skys... (Al Mulk: 67:3)* which now it is in balance with *"...seven layered skys... (Al Mulk: 67:3)* which was before.

Because *"...seven layered skys... (Al Mulk: 67:3)* which is now is in balance with *"...seven layered skys... (Al Mulk: 67:3)* which was before, then if it is calculated, *"...seven layered skys... (Al Mulk: 67:3)* previously created 10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 2760000000 years ago.

This calculation is based on the age of *"...seven layered skys... (Al Mulk: 67:3)* which was previously 10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 1380000000 years plus the age of *"...seven layered skys... (Al Mulk: 67:3)* which is now 13 800 000 000 years.

Now, after calculating when *"...seven layered skys... (Al Mulk: 67:3)* were previously created, plus the age of *"...seven layered skys... (Al Mulk: 67:3)* now, then you can count when Allah exists.

Based on this calculation, it can be concluded that Allah has existed since **10 00000000 00000000  
00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000  
2760000000** years ago.
