**ABSTRACT**

Before I write down the real problem, Allah speaks directly to every human being through my soul, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about Allah speaking directly to every human being through my spirit, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about actually Allah speaking directly to every human being through my spirit, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*Allah said: "O Moses, verily I chose you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31:28)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

*"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

In an effort to open the veil of Allah's secret about Allah speaking directly to every human being through my spirit, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose the hypothesis that Allah through my spirit speaks directly to every human being, from the point of view of Deoxyribonucleic acid (DNA).

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms which is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **HOW ALLAH SPEAK**

Now, we are still focusing our minds on uncovering the secrets contained behind the verse: *"... " O Musa... I choose you... to talk directly to Me..." (Al A'raaf: 7: 144)*

Apparently, here Allah has opened the door wide which gives an illustration that Allah can speak directly to humans.

Why can Allah speak directly to humans?

The answer is

Hidden in the secret behind the verse: *"Allah... the light of the skys and the earth..." (An Nuur: 24: 35)*

Well, it turns out, *"Allah... the light of the skys and the earth..."(An Nuur: 24: 35)* is the power of

energy, which is carried by photons.

This means that Allah speaks through various frequency waves that carry energy.

How does Allah speak directly to humans?

The answer is

Hidden in the secret behind the verse: *"...among His signs that you see the earth dry and arid, so when We send down water on it, surely it will move and fertile. Verily, Allah Who gives life to it, surely can bring back the dead. ..(Fushshilat: 41:39)*

Well, it turns out that Allah speaks directly to humans using the symbol *"... see the earth is dry and arid... We send down water on it, surely it will move and be fertile. Indeed, it is Allah Who gives life to it... (Fushshilat: 41: 39)*

This means that here Allah when talking to humans does not use language as humans talk to other humans, but uses symbols.

So, who can actually interpret the symbols declared by Allah?

The answer is

It is hidden in the secret that lies behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)*  
*"... We are closer to him than his jugular vein, (Qaaf: 50: 16)*

It turns out that those who can interpret the symbols that come from Allah are *"...my spirit...(Shaad: 38: 72)*

So, *"... My spirit... (Shaad: 38: 72)* is what exists throughout the human body which has a role to interpret the symbols declared by Allah, so that humans understand what Allah actually means.

## **ALLAH SPEAK DIRECTLY WITH PEOPLE BEHIND THE VEIL**

Well, now we continue to unravel the secret behind the verse: *"... Allah speaks with him except behind the veil... (Asy Syuura: 42: 51)*

It turns out, in fact, Allah is always behind the veil, due to the limited visibility of the human eye.

The human eye can only see sunlight whose light is in the area of the electromagnetic spectrum between 430 and 740 nanometers.

So, wherever Allah talks to humans, there is already a veil.

Why is there a veil?

The answer is

Hidden in the secret behind the verse: *"...We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

So, actually humans are already behind the veil. This means that the human eye can only see sunlight whose light is in the area of the electromagnetic spectrum between 430 and 740

nanometers.

So if there is sunlight whose light is in the electromagnetic spectrum area below 430 nanometers and above 740 nanometers, then human vision cannot see.

Or in other words, the situation is unseen.

## **HUMANS DON'T REALIZE THAT ACTUALLY ALLAH SPEAKS ALL TIMES WITH HUMANS THROUGH MY SPIRIT**

Well, it turns out that *"...my spirit...(Shaad: 38:72)* which is present throughout the human body is always in contact with Allah, but humans do not realize it.

Now, because humans do not understand and do not realize that in the human body there is *"...my spirit...(Shaad: 38:72)* , then humans are negligent and do not understand that verily Allah is very near *"... We are closer him than his jugular vein." (Qaf: 50:16)*

## **MY SPIRIT WHO CONNECTED BETWEEN ALLAH AND HUMANS AND WHO INTERPRESENTED THE SYMBOLS DECLARED BY ALLAH**

Well, now it's been revealed, without *"...my spirit...(Shaad: 38:72)* humans can't relate and talk directly to Allah, because *"...my spirit...(Shaad: 38:72)* come from Allah.

It's just that most people don't understand it.

## **CONCLUSION**

Based on the description above, we can conclude that the secrets contained behind the verse: *"..." O Musa... I choose you... to talk directly to Me..." (Al A'raaf: 7: 144)*

Apparently, here Allah has opened the door wide which gives an illustration that Allah can speak directly to humans.

Why can Allah speak directly to humans?

The answer is

Hidden in the secret behind the verse: *"Allah... the light of the skys and the earth... (An Nuur: 24: 35)*

Well, it turns out, *"Allah... the light of the skys and the earth...(An Nuur: 24: 35)* is the power of energy, which is carried by photons.

This means that Allah speaks through various frequency waves that carry energy.

How does Allah speak directly to humans?

The answer is

Hidden in the secret behind the verse: *"...among His signs that you see the earth dry and arid, so when We send down water on it, surely it will move and fertile. Verily, Allah Who gives life to it, surely can bring back the dead. ..(Fusshilat: 41:39)*

Well, it turns out that Allah speaks directly to humans using the symbol *"... see the earth is dry and*

*arid... We send down water on it, surely it will move and be fertile. Indeed, it is Allah Who gives life to it... (Fushshilat: 41: 39)*

This means that here Allah when talking to humans does not use language as humans talk to other humans, but uses symbols.

So, who can actually interpret the symbols declared by Allah?

The answer is

It is hidden in the secret that lies behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)*  
*"... We are closer to him than his jugular vein, (Qaaf: 50: 16)*

It turns out that those who can interpret the symbols that come from Allah are *"...my spirit...(Shaad: 38: 72)*

So, *"... My spirit... (Shaad: 38: 72)* is what exists throughout the human body which has a role to interpret the symbols declared by Allah, so that humans understand what Allah actually means.

Well, now we continue to unravel the secret behind the verse: *"... Allah speaks with him except behind the veil... (Asy Syuura: 42: 51)*

It turns out, in fact, Allah is always behind the veil, due to the limited visibility of the human eye.

The human eye can only see sunlight whose light is in the area of the electromagnetic spectrum between 430 and 740 nanometers.

So, wherever Allah talks to humans, there is already a veil.

Why is there a veil?

The answer is

Hidden in the secret behind the verse: *"...We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

So, actually humans are already behind the veil. This means that the human eye can only see sunlight whose light is in the area of the electromagnetic spectrum between 430 and 740 nanometers.

So if there is sunlight whose light is in the electromagnetic spectrum area below 430 nanometers and above 740 nanometers, then human vision cannot see.

Or in other words, the situation is unseen.

Well, it turns out that *"...my spirit...(Shaad: 38:72)* which is present throughout the human body is always in contact with Allah, but humans do not realize it.

Now, because humans do not understand and do not realize that in the human body there is *"...my spirit...(Shaad: 38:72)* , then humans are negligent and do not understand that verily Allah is very near *"... We are closer him than his jugular vein." (Qaf: 50:16)*

Well, now it's been revealed, without *"...my spirit...(Shaad: 38:72)* humans can't relate and talk

directly to Allah, because "...my spirit...(Shaad: 38:72) come from Allah.

It's just that most people don't understand it.
