## ABSTRACT

Before the author writes about Adam was expelled from paradise because Adam had bone, flesh and blood, paradise was just for Adam's spirit, the author first asked Allah SWT for forgiveness. Here the author tries to open the veil covering the secret about Adam was expelled from paradise because Adam had bone, flesh and blood, paradise was just for Adam's spirit, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secret about Adam was expelled from paradise because Adam had bone, flesh and blood, paradise was just for Adam's spirit, namely the verses:

*"Then both of them were derailed by devil from paradise and expelled from their original state and We said: "Go down you, some of you became enemies to others, and for you there is a residence on earth, and enjoyment of life until the appointed time." (Al Baqarah :2:36)*

*"And We said: "O Adam, inhabit this paradise by you and your wife, and eat plenty of good food wherever you like, and do not approach this tree, which will cause you to be one of the wrongdoers. (Al Baqarah : 2: 35)*

*"So both ate of the fruit, then their naked parts appeared to both of them and they began to cover them with leaves of paradise and Adam disobeyed God and Adam went astray (Thaahaa: 20: 121)*

*"So We said: "O Adam, indeed this is an enemy for you and for your wife, so never let it expel you both from Paradise, causing harm to you (Thaahaa: 20: 117)*

*"So when I have perfected the existence of Adam and have breathed into Adam My spirit, then you will bow to Adam by prostrating (Al Hijr: 15: 29)*

*"Then He perfected it and breathed into Adam His spirit and He made for you hearing, sight and heart, you're a handful, be thankful. (As Sajdah : 32: 9)*

*"And hasten to forgiveness from your God and to paradise as wide as the sky and the earth prepared for the pious (Ali 'Imran: 3:133)*

*"so that He may admit male and female believers into paradise beneath which rivers flow, they will abide therein eternally and so that He will cover their mistakes. And that is great luck in the sight of Allah (Al Fath: 48:5)*

In an effort to reveal the veil of God's secret about Adam was expelled from paradise because Adam had bone, flesh and blood, paradise was just for Adam's spirit, the author uses the basis of deoxyribonucleic acid.

## HYPOTHESES

Here the author proposes hypothesis Adam was expelled from paradise because Adam had bone,

Indeed, the urge to make love continues to exist, as long as Adam and his wife have bodies in paradise.

So, it's not because Adam and his wife made love following devil's persuasion, but because Adam and his wife, as long as they still have bodies, their place is not in paradise, but on earth.

Now the question arises,

Why does Allah say: *"...do not approach this tree, which will cause you to be one of the wrongdoers. (Al Baqarah : 2: 35)*

Well, the meaning here is, the tree gives rise to the urge as a human being who has a body to make love to his wife.

The problem now is, Adam and his wife have bodies, like humans living in the world, there is a desire to make love. However, making love in paradise is not the place.

Indeed, Allah did not forbid Adam and his wife from making love in paradise, but if they did that, Adam and his wife would become humans *"...the wrongdoers (Al Baqarah: 2: 35)*. Where the deed is not good in paradise, paradise is not a place for making love.

Well, it turns out that paradise is on earth, as declared by Allah *"...paradise as wide as the sky and the earth...(Ali 'Imran: 3:133)*.

This means, *"...the sky...(Ali 'Imran: 3:133)* is an expanse of space, above which is *"...the earth...(Ali 'Imran: 3:133)*, where there is *"... earth...(Ali 'Imran: 3:133)* there is *"...sky...(Ali 'Imran: 3:133)*.

Or in other words, *"...paradise...(Ali 'Imran: 3:133)* is on *"...the earth...(Ali 'Imran: 3:133)*

The only thing that lives in paradise is *"...My spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms which form the nervous system, where hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms are formed with quarks, quarks are formed with Allah's energy.

Well, because what lives in paradise is *"...My spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms which form the nervous system, then if there is a human with a body of bones, flesh and blood, he cannot live in paradise.

So, now it has been revealed, Adam and his wife were expelled from paradise, because they still had bodies of bones, flesh and blood. Living in paradise for billions of billions of billions of billions of years, where the human body will not survive for long.

## CONCLUSION

Based on the description above we can conclude that the secret hidden behind the verse: *"So both ate of the fruit, then their naked parts appeared to both of them...(Thaahaa: 20: 121) "...both of them were derailed by devil from paradise...(Al Baqarah: 2: 36) "...I...breathed into Adam my spirit...(Al Hijr: 15: 29)*.

It turns out, here, Allah has described to humans, that Adam and his wife, apparently had made love, because they felt they could not resist the urge to have sex and sleep together in paradise. Where

Adam's desire to make love to his wife is a normal urge as a man, because Adam and his wife still have bodies.

Then, the question arises,

Is it true that Adam and his wife were expelled from paradise because they made love in paradise?

The answer is,

Kept in the secret behind the verse: *"...He admit male and female believers into paradise beneath which rivers flow, they will abide therein eternally...(Al Fath: 48:5)*

Well, it turns out they are in paradise *"...they will abide therein eternally...(Al Fath: 48:5)*

This means, *"...eternally...(Al Fath: 48: 5)* is as long as the hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms have not disappeared due to the nuclear power that binds the quarks in the atoms disappear.

Where these atoms can survive until the age of **10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000** years.

Well, this is the secret, why Adam and his wife had to leave paradise.

Indeed, the urge to make love continues to exist, as long as Adam and his wife have bodies in paradise.

So, it's not because Adam and his wife made love following devil's persuasion, but because Adam and his wife, as long as they still have bodies, their place is not in paradise, but on earth.

Now the question arises,

Why does Allah say: *"...do not approach this tree, which will cause you to be one of the wrongdoers. (Al Baqarah : 2: 35)*

Well, the meaning here is, the tree gives rise to the urge as a human being who has a body to make love to his wife.

The problem now is, Adam and his wife have bodies, like humans living in the world, there is a desire to make love. However, making love in paradise is not the place.

Indeed, Allah did not forbid Adam and his wife from making love in paradise, but if they did that, Adam and his wife would become humans *"...the wrongdoers (Al Baqarah: 2: 35)*. Where the deed is not good in paradise, paradise is not a place for making love.

Well, it turns out that paradise is on earth, as declared by Allah *"...paradise as wide as the sky and the earth...(Ali 'Imran: 3:133)*.

This means, *"...the sky...(Ali 'Imran: 3:133)* is an expanse of space, above which is *"...the earth...(Ali 'Imran: 3:133)*, where there is *"... earth...(Ali 'Imran: 3:133)* there is *"...sky...(Ali 'Imran: 3:133)*.

Or in other words, *"...paradise...(Ali 'Imran: 3:133)* is on *"...the earth...(Ali 'Imran: 3:133)*

The only thing that lives in paradise is *"...My spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15:*

29) which is built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms which form the nervous system, where hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms are formed with quarks, quarks are formed with Allah's energy.

Well, because what lives in paradise is "*...My spirit...(Al Hijr: 15: 29)* or "*...Allah's spirit...(Al Hijr: 15: 29)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms, oxygen atoms which form the nervous system, then if there is a human with a body of bones, flesh and blood, he cannot live in paradise.

So, now it has been revealed, Adam and his wife were expelled from paradise, because they still had bodies of bones, flesh and blood. Living in paradise for billions of billions of billions of billions of years, where the human body will not survive for long.
