ABSTRACT

Before the author writes the problem after human mind is balanced with Allah's mind, Allah's thinking is born through human thinking, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about after human mind is balanced with Allah's mind, Allah's thinking is born through human thinking, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets about after human mind is balanced with Allah's mind, Allah's thinking is born through human thinking, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skies in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise, All-Knowing. (Al Baqarah: 2:115)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"And indeed We know that they say: "Indeed the Qur'an was taught to him by a human." Whereas the language of the people they accuse of learning to him is the language of 'Ajam, while the Qur'an is in clear Arabic. (An Nahl: 16: 103)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has provided for them paradises where rivers flow in them. forever. They will abide in it. That is a great victory. (At Taubah : 9: 100)

"The Messenger has believed in the Qur'an which was revealed to him from his Lord, as well as those who believe. All of them believe in Allah, His angels, His books and His messengers: "We do not discriminate between any of His messengers", and they said: "We hear and we obey: "Forgive us, O our Lord, and to You is our return." (Al Baqarah: 2:285)

"Among the people there are those who argue about Allah without knowledge and follow every evil devil, (Al Hajj: 22: 3)

"When his Lord said to him: "Submit obediently!" Ibrahim replied: "I submit obediently to the Lord of the worlds". (Al Baqarah: 2:131)

Allah said: "O Moses, verily I have chosen you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about after human mind is balanced with Allah's mind, Allah's thinking is born through human thinking, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis after human mind is balanced with Allah's mind, Allah's thinking is born through human thinking, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then

we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

AFTER HUMAN MIND IS BALANCED WITH ALLAH'S MIND, ALLAH'S THINKING IS BORN THROUGH HUMAN THINKING

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth... (Ali 'Imran: 3 : 191) "... the seven skysare layered...balanced... (Al Mulk: 67: 3)"... Allah is pleased with them and they are pleased with Allah...(At Taubah: 9: 100)"...I breathed on him my spirit...(Shaad: 38:72)*

Apparently, here Allah has declared the true secret of Allah *"Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth... (Ali 'Imran: 3: 191)*

Now the question arises,

Why did Allah declare *"...they think about the creation of the skys and the earth...(Ali 'Imran: 3:191)?*

The answer is in the secret behind the verse: *"... Allah is pleased with them and they are pleased with Allah... (At Taubah: 9: 100)"... You do not see in the creation of the Most Gracious God anything that does not balanced...(Al Mulk : 67: 3)*

Well, when humans think about *"...the creation of the skys and the earth...(Ali 'Imran: 3: 191)*, then the human mind has a direct relationship with the mind of Allah. The deeper humans think about *"...the creation of the skys and the earth ... (Ali 'Imran: 3:191)*, the deeper and stronger the connection between human mind and Allah's mind.

Now, another question arises,

Why do people think about *"...the creation of the skys and the earth...(Ali 'Imran: 3:191)?*

The answer is in the secret behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)*

Well, through "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) humans will reach the level of Allah's mind to reach the level of "... balanced ... (Al Mulk: 67: 3) between human mind and Allah's mind.

Well, humans think about "...the creation of the skys and the earth...(Ali 'Imran : 3:191), where "...the skys and the earth...(Ali 'Imran: 3:191) were created with "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) as humans were created with "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then humans will reach the level of "...balanced...(Al Mulk : 67: 3) between human mind and Allah's mind.

Or in other words, human mind and Allah's mind have been "... balanced... (Al Mulk: 67: 3) after "... Allah is pleased with them and they are pleased with Allah... (At Taubah: 9: 100)

Now, this is the real Allah's secret, that human mind and Allah's mind is in balance.

Where after human mind and Allah's mind is balanced, Allah's thinking are born through human thinking "...it is impossible for a human being, Allah to speak with him except... behind the veil... (Asy Shuura: 42: 51)

Well, "...except...behind the veil...(Asy Syuura: 42:51) it means, if human mind and Allah's mind is balanced, it indicates that there is already "...behind the veil...(Asy Syuura: 42:51)

So, Allah and humans can talk directly, just as Allah spoke directly with Prophet Musa " Allah said: "O Musa...I chose you...to speak directly with Me...(Al A'raaf: 7:144)

Why did Allah "...talk directly to...(Al A'raaf: 7:144) Prophet Musa?

The answer is in the secret of Allah, namely the mind of Prophet Moses and the mind of Allah was "... balanced... (Al Mulk: 67: 3) after"... Allah was pleased with them and they were pleased with Allah... (At Taubah : 9: 100)

Now, this is Allah's secret about the human mind and Allah's mind being balanced, Allah's thinking is born through human thinking, which most of the people in the world still don't understand.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "*Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth... (Ali 'Imran: 3 : 191) "... the seven skysare layered...balanced... (Al Mulk: 67: 3)"... Allah is pleased with them and they are pleased with Allah...(At Taubah: 9: 100) "...I breathed on him my spirit...(Shaad: 38:72)*

Apparently, here Allah has declared the true secret of Allah "*Those who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth... (Ali 'Imran: 3: 191)*

Now the question arises,

Why did Allah declare "...they think about the creation of the skys and the earth...(Ali 'Imran: 3:191)?

The answer is in the secret behind the verse: "... Allah is pleased with them and they are pleased with Allah... (At Taubah: 9: 100)"... You do not see in the creation of the Most Gracious God anything that

does not balanced...(Al Mulk : 67: 3)

Well, when humans think about "*...the creation of the skys and the earth...(Ali 'Imran: 3: 191)*", then the human mind has a direct relationship with the mind of Allah. The deeper humans think about "*...the creation of the skys and the earth ... (Ali 'Imran: 3:191)*", the deeper and stronger the connection between human mind and Allah's mind.

Now, another question arises,

Why do people think about "*...the creation of the skys and the earth...(Ali 'Imran: 3:191)*?"

The answer is in the secret behind the verse: "*... I breathed into him my spirit... (Shaad: 38: 72)*"

Well, through "*...my spirit...(Shaad: 38:72)*" or "*...Allah's spirit...(Shaad: 38:72)*" humans will reach the level of Allah's mind to reach the level of "*... balanced ... (Al Mulk: 67: 3)*" between human mind and Allah's mind.

Well, humans think about "*...the creation of the skys and the earth...(Ali 'Imran : 3:191)*", where "*...the skys and the earth...(Ali 'Imran: 3:191)*" were created with "*...my spirit...(Shaad: 38:72)*" or "*...Allah's spirit...(Shaad: 38:72)*" as humans were created with "*...my spirit...(Shaad: 38:72)*" or "*...Allah's spirit...(Shaad: 38:72)*" which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then humans will reach the level of "*...balanced...(Al Mulk : 67: 3)*" between human mind and Allah's mind.

Or in other words, human mind and Allah's mind have been "*... balanced... (Al Mulk: 67: 3)*" after "*... Allah is pleased with them and they are pleased with Allah... (At Taubah: 9: 100)*"

Now, this is the real Allah's secret, that human mind and Allah's mind is in balance.

Where after human mind and Allah's mind is balanced, Allah's thinking are born through human thinking "*...it is impossible for a human being, Allah to speak with him except... behind the veil... (Asy Shuura: 42: 51)*"

Well, "*...except...behind the veil...(Asy Syuura: 42:51)*" it means, if human mind and Allah's mind is balanced, it indicates that there is already "*...behind the veil...(Asy Syuura: 42:51)*"

So, Allah and humans can talk directly, just as Allah spoke directly with Prophet Musa "Allah said: "*O Musa...I chose you...to speak directly with Me...(Al A'raaf: 7:144)*"

Why did Allah "*...talk directly to...(Al A'raaf: 7:144)*" Prophet Musa?

The answer is in the secret of Allah, namely the mind of Prophet Moses and the mind of Allah was "*... balanced... (Al Mulk: 67: 3)*" after "*... Allah was pleased with them and they were pleased with Allah... (At Taubah : 9: 100)*"

Now, this is Allah's secret about the human mind and Allah's mind being balanced, Allah's thinking is born through human thinking, which most of the people in the world still don't understand.
