ABSTRACT

Before I write the problem after humans understand Allah's energy and explore my spirit, then Allah is found, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about after humans understand Allah's energy and explore my spirit, then Allah is found, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about after humans understand Allah's energy and explore my spirit, Allah is found, namely the following verses:

"Allah... the light of the paradise and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"Praise be to Allah, the Creator of the heavens and the earth, Who made the angels as messengers with wings, two, three and four respectively. Allah adds to His creation what He wills. Verily, Allah has power over all things. (Faathir: 35:1)

"But Allah acknowledges the Qur'an which He has revealed to you. Allah has sent it down with His knowledge; and the angels are witnesses. It is enough for Allah to acknowledge it. (An Nisaa': 4: 166)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"It is He who made the earth a bed for you and the sky a roof, and He sends down water from the sky, then He produces with it all the fruit as a sustenance for you; therefore do not establish partners with Allah, while you know. Al Baqarah : 2:22)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about after humans understand Allah's energy and explore my spirit, then Allah is found, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that Allah is discovered, after humans understand Allah's energy and explore my spirit, from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

THE LIMITATION BETWEEN ALLAH AND HUMAN BEEN WAS OPENED, AFTER HUMANS UNDERSTANDING ALLAH'S ENERGY AND EXPERIENCED MY SPIRIT

Now, we are still focusing our minds on uncovering the secrets contained behind the verse: *"... it is impossible for a human being that Allah can speak with him except... behind the veil... (Asy Syuura: 42: 51)*

It turns out, actually *"... the veil... (Asy Syuura: 42: 51)* can be opened if humans have understood Allah's energy and have studied *"... my spirit... (Shaad: 38: 72)*

There is a *"...veil...(Asy Syuura : 42: 51)* because the human eye can only see light in the electromagnetic spectrum area between 430 and 740 nanometers. If there is light in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers, the human eye cannot see the light. Where the light is called unseen.

Likewise with Allah, because Allah's form is outside the electromagnetic spectrum between 430 and 740 nanometers.

Well, because of the limitations of the human eye, this is what is called *"... the veil... (Asy Syuura: 42: 51)*

Now, *"... the veil... (Asy Syuura: 42: 51)* can be opened if humans have understood Allah's energy and have studied *"... my spirit... (Shaad: 38: 72)*

WHY UNDERSTANDING ALLAH'S ENERGY HUMANS WILL FIND ALLAH

Now, Allah's energy is coming from Allah, or in other words, Allah's energy is Allah's form.

Now, because Allah's energy is the form of Allah, humans will immediately find Allah anywhere, if humans have understood and explored Allah's energy.

WHAT IS ALLAH'S ENERGY

Well, Allah's energy is the form of Allah that is used to *"...create the seven skys in layers... (Al Mulk: 67: 3)*

It is with this divine energy that quarks are created as the nucleus of the atom, which in turn is formed by hydrogen atoms and other atoms.

So, actually the direct form of Allah *"...created the seven skys in layers... (Al Mulk: 67: 3)*

Now, because Allah's form is also Allah's energy, humans by understanding Allah's energy will find Allah's form anywhere and anytime.

BY HUMANS UNDERSTANDING AND EXPERIENCED MY SPIRIT, THEN THE FORM OF ALLAH IS FOUND

How does Allah exist?

The answer is hidden in the secret behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)*

Well, with humans understanding and exploring *"... my spirit... (Shaad: 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then humans can immediately

find the form of Allah.

Or in other words, the existence of Allah is found through hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms. Where these atoms are in the human body, and everywhere in the seven skys and their contents.

The human body is made up of about 70 000000000 000000000 000000000 atoms.

Well, if humans explore and understand just one hydrogen atom, then humans will find the form of Allah.

Or by understanding and deepening the energy of Allah that is in the human body, it will be found the form of Allah. When humans stand, sit, walk, run, think, talk, it is all because of the energy of Allah.

Allah's energy that makes people move and think. Allah's energy comes from the food eaten by humans. Where food itself is the result of rain falling, where rainwater is a combination of hydrogen atoms and oxygen atoms *"...He sends down water from the sky, then He produces with that rain all the fruits as sustenance for you.. (Al Baqarah: 2:22)*

So, actually, humans will find Allah directly, when humans have understood *"... my spirit... (Shaad: 38: 72)*

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: *"... it is impossible for a human being that Allah can speak with him except... behind the veil... (Asy Syuura: 42: 51)*

It turns out, actually *"... the veil... (Asy Syuura: 42: 51)* can be opened if humans have understood Allah's energy and have studied *"... my spirit... (Shaad: 38: 72)*

There is a *"...veil...(Asy Syuura : 42: 51)* because the human eye can only see light in the electromagnetic spectrum area between 430 and 740 nanometers. If there is light in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers, the human eye cannot see the light. Where the light is called unseen.

Likewise with Allah, because Allah's form is outside the electromagnetic spectrum between 430 and 740 nanometers.

Well, because of the limitations of the human eye, this is what is called *"... the veil... (Asy Syuura: 42: 51)*

Now, *"... the veil... (Asy Syuura: 42: 51)* can be opened if humans have understood Allah's energy and have studied *"... my spirit... (Shaad: 38: 72)*

Now, Allah's energy is coming from Allah, or in other words, Allah's energy is Allah's form.

Now, because Allah's energy is the form of Allah, humans will immediately find Allah anywhere, if humans have understood and explored Allah's energy.

Well, Allah's energy is the form of Allah that is used to *"...create the seven skys in layers... (Al Mulk: 67: 3)*

It is with this divine energy that quarks are created as the nucleus of the atom, which in turn is formed by hydrogen atoms and other atoms.

So, actually the direct form of Allah "*...created the seven skys in layers... (Al Mulk: 67: 3)*

Now, because Allah's form is also Allah's energy, humans by understanding Allah's energy will find Allah's form anywhere and anytime.

How does Allah exist?

The answer is hidden in the secret behind the verse: "*... I breathed into him my spirit... (Shaad: 38: 72)*

Well, with humans understanding and exploring "*... my spirit... (Shaad: 38: 72)* which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then humans can immediately find the form of Allah.

Or in other words, the existence of Allah is found through hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms. Where these atoms are in the human body, and everywhere in the seven skys and their contents.

The human body is made up of about 70 000000000 000000000 000000000 atoms.

Well, if humans explore and understand just one hydrogen atom, then humans will find the form of Allah.

Or by understanding and deepening the energy of Allah that is in the human body, it will be found the form of Allah. When humans stand, sit, walk, run, think, talk, it is all because of the energy of Allah.

Allah's energy that makes people move and think. Allah's energy comes from the food eaten by humans. Where food itself is the result of rain falling, where rainwater is a combination of hydrogen atoms and oxygen atoms "*...He sends down water from the sky, then He produces with that rain all the fruits as sustenance for you.. (Al Baqarah: 2:22)*

So, actually, humans will find Allah directly, when humans have understood "*... my spirit... (Shaad: 38: 72)*

Based on the description above, we can conclude that
