ABSTRACT

Before the author wrote about the problem that Ali's followers or shia Ali did not understand Allah's spirit, they were still waiting for Imam number 12 who was considered missing, even though he was dead, but Allah's spirit was still alive. First, the author asked forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about Ali's followers or shia Ali did not understand Allah's spirit, they were still waiting for Imam number 12 who was considered missing, even though he was dead, but Allah's spirit was still alive, based on Deoxyribonucleic acid (DNA).

There are several verses in the Qur'an that reveal that Ali's followers or shia Ali did not understand Allah's spirit, they were still waiting for Imam number 12 who was considered missing, even though he was dead, but Allah's spirit was still alive, namely the following verses:

"Whoever argues with you about the story of Jesus after knowledge comes, then say: "Let us call our children and your children, our wives and your wives, ourselves and yourself; Then let us turn to Allah and ask that the curse of Allah be upon those who lie (Ali Imran: 3:61)

"O class of jinn and humans, have there not come to you messengers from your own class, who conveyed to you My verses and warned you against your meeting with this day? They say: "We bear witness against ourselves", the life of the world has deceived them, and they bear witness against themselves, that they are disbelievers." (Al-An'am: 6:130)

"They both said: "Our Lord, we have wronged ourselves, and if You do not forgive us and have mercy on us, we will surely be among the losers. (Al-A'raf, 7:23)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill (all My commands) and let them believe in Me. Me, that they may always be in the truth.(Al Baqarah: 2:186)

"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)

"Read your book, it is enough for yourself at this time to be reckoning against you." (Al Israa ':

17: 14)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

In an effort to open the veil about Ali's followers or shia Ali did not understand Allah's spirit, they were still waiting for Imam number 12 who was considered missing, even though he was dead, but Allah's spirit was still alive, the author based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or molecular structure nucleic acid.

HYPOTHESIS

Here the author proposes a hypothesis because the followers of Ali or shia Ali do not understand "... Allah's spirit... (Shaad: 38: 72), so they are still waiting for Imam number 12 who is considered missing, even though he is dead, but Allah's spirit is still alive, based on photons, quarks and Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

BECAUSE THE FOLLOWERS OF ALI OR SHIA ALI DON'T UNDERSTAND ALLAH'S SPIRIT , THEY STILL WAITING FOR IMAM NUMBER 12 WHO IS CONSIDERED DISAPPEARANCE, EVEN ALREADY DIED AND CONSIDERED THE PROPHET MUHAMMAD SAW IN ONE WITH ALI BIN ABI THALIB

Now, we are still focusing our minds on uncovering the secrets that are hidden behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)"... we call... ourselves and you.. .let us convert to Allah... (Ali 'Imran: 3:61)*

It turns out that here Allah has declared *"... I breathed into him my spirit... (Shaad: 38: 72)*

Well, the followers of Ali or shia Ali do not understand about "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) which is breathed into every human body born into the world.

Allah has also declared that after Allah "... perfected and breathed into him His spirit... He made for you hearing, sight and hearts... (As Sajdah: 32: 9)

Well, now, it's been revealed that actually "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) is Deoxyribonucleic acid (DNA). According to human DNA, it is made up of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Where is this DNA "... which made for you hearing, sight and heart... (As Sajdah: 32: 9)

So, actually "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) are carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms.

Well, these carbon atoms, nitrogen atoms, oxygen atoms and hydrogen atoms also make up the seven skys.

When a human dies, after 30 days comes out "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72)

Well, "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) is what has come out of the body of imam number 12 which is considered disappearance by the followers Ali or shia Ali.

So, because the followers of Ali or shia Ali do not understand about "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72), then to this day still they are still waiting for this imam number 12 who is expected to come to earth who will be given the title Mahdi.

When in fact, "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) which comes out of the body of Imam number 12 is already on this earth, but followers of Ali or Shia Ali do not understand.

Where the followers of Ali or shia Ali are still waiting for the arrival of Imam number 12 with his body.

Well, this is where the mistake of thinking the followers of Ali or shia Ali is. Why ?

Because actually the so-called body is made up of bones, flesh and blood is 7 000000000 000000000 000000000 atoms.

So, actually, bone, flesh and blood are carbon atoms, nitrogen atoms, oxygen atoms, hydrogen atoms and other atoms.

Now, if the followers of Ali or shia Ali are still waiting for the arrival of Imam number 12, then it proves that the followers of Ali or shia Ali do not understand about "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) that comes out of the body of Imam number 12 who actually already exists on this earth.

Then, Allah has also declared "...ourselves...(Ali 'Imran: 3:61) which according to the beliefs of Ali's followers or shia Ali, concerns anfusana or "...ourselves...(Ali 'Imran : 3: 61) which is interpreted by the Prophet Muhammad saw with Ali bin Abi Talib in one soul or Ali bin Abi Talib is part of the Prophet Muhammad saw himself.

Well, this is where the big mistake made by the followers of Ali or shia Ali is. It is this big mistake that causes Ali's followers or shia Ali to deviate from what has been outlined by Allah.

Why did Ali's followers or shia Ali have strayed so far?

The answer is hidden in the secret behind the verse: *"...let us convert to Allah...(Ali 'Imran: 3:61)*

That is, here the Prophet Muhammad saw and Ali bin Abi Talib unite the same attitudes and actions in converting with the Najran Christian delegation.

So, the meaning of anfusana or *"...ourselves...(Ali 'Imran: 3:61)* is the similarity of attitudes and actions between the Prophet Muhammad saw and Ali bin Abi Talib.

With the big mistake made by the followers of Ali or shia Ali in terms of anfusana or *"...ourselves...(Ali 'Imran: 3: 61)*, then the belief in the Imam was born, starting with Imam Ali bin Abi Talib, until the missing imam number 12 who was waiting for his arrival to be given the title Mahdi.

Well, here too Ali's followers or shia Ali have strayed far from believing in the missing priest number 12, who is waiting for his return.

Why is the belief of Ali's followers or shia Ali to the imam including imam number 12 considered to have deviated?

Because, there is no strong reason after the Prophet Muhammad saw died continued leadership of the Prophet Muhammad saw by Ali bin Abi Talib. The reason anfusana or *"...ourselves...(Ali 'Imran: 3: 61)* which is interpreted by the Prophet Muhammad saw as Ali bin Abi Talib soul or Ali bin Abi Talib is part of the Prophet Muhammad saw himself is a very weak reason.

With this very weak reason, Ali's followers or shia Ali build their belief that Imam number 12 who is considered missing, even though he is dead, is waiting for him to be given the title Mahdi.

When in fact, *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)* which comes out of the body of imam number 12 is already on this earth, but Ali's followers or shia Ali don't understand.

CONCLUSION

The conclusions that can be drawn from the above explanation are the secrets that are hidden behind the verse: *"... I breathed into him my spirit... (Shaad: 38: 72)"... we call... ourselves and you.. .let us convert to Allah...(Ali 'Imran: 3:61)*

It turns out that here Allah has declared *"... I breathed into him my spirit... (Shaad: 38: 72)*
