**ABSTRACT**

Before I write down the problem of Allah creating seven balanced skys, therefore in each sky the mass and its contents must be the same, humans also have a copy, stored in each sky, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about Allah creating seven balanced skys, therefore in every sky the mass and its contents must be the same, humans also have a copy, stored in every sky, based on Deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about Allah creating seven balanced skys, therefore in every sky the mass and content must be the same, humans also have imitations, stored in every sky, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

*"Indeed, We have adorned the skys near the stars, and We have made the stars casters of the devil, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)*

*"And We did not create the heavens and the earth and everything between them by playing around (Al Anbiyaa': 21:16)*

*"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)*

*"Verily your Lord is Allah Who created the heavens and the earth in six days, then He resided above the Throne. He closed the night to the day which followed quickly, and the sun, moon and stars submit to His command. Remember, creating and ruling is only Allah's right. Glory be to Allah, Lord of the worlds. (Al A'raaf: 7: 54)*

*"Allah created the heavens and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)*

*"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to open the veil of Allah's secret about Allah creating seven balanced skys, therefore in every sky the mass and content must be the same, humans also have a copy, stored in each sky, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose the hypothesis that Allah created seven skys that are balanced, in each sky the mass and contents are the same, humans also have a copy, stored in each sky, based on Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## **THE SEVEN SKYS ARE IN BALANCE, ONE SKY WITH OTHER SKY IS BALANCE, THE SAME MASS AND CONTENT IN EVERY SKY**

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"Who has created the seven skys in layers... which are... balanced... (Al Mulk: 67: 3)"... We adorn the near sky with bright stars...(Fushshilat : 41:12)*

Apparently, these 7 skys are *"...balanced...(Al Mulk: 67: 3)* meaning, each sky has the same mass and the same content.

## **BECAUSE EVERY SKY IS BALANCED, THEN THE CONTENTS IN SKY 1 OR NEAR SKY IS THE SAME AND STORED IN SKY 2 TO SKY 7**

Now *"...near sky...(Fushshilat : 41:12)* or sky 1, contains billions of billions of stars that gather to form galaxies. The *"...near sky...(Fushshilat : 41:12)* contains **100 000 000 000** galaxies, each galaxy

consists of **150 100 000** stars.

So, whatever is in sky 1 is made a copy, where the copy is stored in sky 1 – sky 7.

## **HUMANS AND ALL LIFE CREATURES MADE A COPY AND STORED IN SKY 2 TO SKY 7**

Whatever is in the sky 1 is made of atoms, so it is these atoms that are made copies of. Like a human being is made up of **70 000000000 000000000 000000000** atoms

These atoms are made copy every 0.5 nanoseconds, using Allah's particles and Allah's energy, then the copies are stored in sky 2 to sky 7, each sky gets the same copy.

So actually there are seven people, one original human, living in the sky 1, as for 6 copies, living in each sky an copy.

Not only humans, but all living things that exist in sky 1 are made 6 copies, each copy is placed in each sky

In terms of making a copy, as Allah has declared: *"... We sent our spirit to her, he appeared before her a perfect human being. (Maryam: 19:17)*

Well, based on Allah's declaration, *"...Our spirit... incarnated... a perfect human being (Maryam: 19:17)*

Or in other words, *"...Our spirit...(Maryam: 19:17)* which consists of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, as these atoms exist in the human body, made a copy to *"...a perfect man (Maryam: 19:17)*

## **CONCLUSION**

Based on the description above, we can conclude that the secrets contained behind the verses: *"Who has created the seven skys in layers... which are... balanced... (Al Mulk: 67: 3)"... We adorn the near sky with bright stars...(Fushshilat : 41:12)*

Apparently, these 7 skys are *"...balanced...(Al Mulk: 67: 3)* meaning, each sky has the same mass and the same content.

Now *"...near sky...(Fushshilat : 41:12)* or sky 1, contains billions of billions of stars that gather to form galaxies. The *"...near sky...(Fushshilat : 41:12)* contains **100 000 000 000** galaxies, each galaxy consists of **150 100 000** stars.

So, whatever is in sky 1 is made a copy, where the copy is stored in sky 1 – sky 7.

Whatever is in the sky 1 is made of atoms, so it is these atoms that are made copies of. Like a human being is made up of **70 000000000 000000000 000000000** atoms

These atoms are made copy every 0.5 nanoseconds, using Allah's particles and Allah's energy, then the copies are stored in sky 2 to sky 7, each sky gets the same copy.

So actually there are seven people, one original human, living in the sky 1, as for 6 copies, living in each sky an copy.

Not only humans, but all living things that exist in sky 1 are made 6 copies, each copy is placed in each sky

In terms of making a copy, as Allah has declared: "... *We sent our spirit to her, he appeared before her a perfect human being. (Maryam: 19:17)*

Well, based on Allah's declaration, "...*Our spirit... incarnated... a perfect human being (Maryam: 19:17)*

Or in other words, "...*Our spirit...(Maryam: 19:17)* which consists of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, as these atoms exist in the human body, made a copy to "...*a perfect man (Maryam: 19:17)*
