ABSTRACT

Before the author writes about the problem of Allah opening the door of sustenance in an unexpected place, if humans believe that Allah is near in humans, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secrets of Allah opening the door of sustenance in an unexpected place, if humans believe that Allah is near in humans, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about Allah opening the door of sustenance in an unexpected place, if humans believe that Allah is near in humans, namely the verses:

"And give him sustenance from an unexpected direction. And whoever puts his trust in Allah, Allah will suffice him. Indeed, Allah carries out His business. Indeed, Allah has made provisions for every thing (Ath Thalaq: 65: 3)

"So eat lawful and good from the sustenance that Allah has given you; and be grateful for the favor of Allah, if you only worship Him. (An Nahl: 16:114)

"It is He Who made the earth easy for you, so walk in all directions and eat part of His sustenance. And to Him you will be raised. (Al Mulk: 67:15)

"It is He who shows you His signs and sends down for you sustenance from the sky. And there is no lesson except those who return. (Al Mu'min: 40:13)

"To be a sustenance for the servants, and We bring to life with the water a dead land. That is how the resurrection takes place. (Qaaf: 50:11)

"It is He Who made the earth easy for you, so walk in all directions and eat of His sustenance. And to Him you will be resurrected. (Al Mulk: 67:15)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then surely I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill and let them believe in Me, so that they may always be in the truth. (Al Baqarah: 2:186)

"Say: "Verily, my Lord expands sustenance for whom He wills among His servants and narrows

*it." And whatever you spend, Allah will replace it and He is the best provider of sustenance.
(Saba' : 34:39)*

In an effort to open the veil of Allah's secret about Allah opening the door of sustenance in an unexpected place, if humans believe that Allah is near in humans, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes the hypothesis that Allah opening the door of sustenance in an unexpected place, if humans believe that Allah is near in humans, based on Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ALLAH OPENS THE DOOR OF SUSTENANCE IN AN UNEXPECTED PLACE, IF HUMANS BELIEVE ALLAH IS NEAR INSIDE HUMANS

Well, we are together to continue to focus on revealing the secret hidden behind the verse: *"... Allah gives sustenance from a direction that he did not expect. And whoever puts his trust in Allah, Allah will surely suffice it... (Ath Thalaq: 65:3) "...My Lord expands sustenance for whom He wills among His servants and narrows it...(Qaaf: 50:11) "...if My servants ask you about Me , then that I am near. I grant the supplication of the one who prays when he asks Me... (Al Baqarah: 2: 186)*

Here Allah declares *"... Allah gives sustenance from an unexpected direction... (Ath Thalaq: 65: 3) "... I grant the request of the one who prays when he asks Me... (Al Baqarah: 2 : 186) "...I am near...(Al Baqarah: 2:186)*

Apparently, in Allah's declaration it is clearly described where if humans believe that *"... Allah is near... (Al Baqarah: 2: 186)*, then Allah will easily *"... provide sustenance from an unexpected direction...(Ath Thalaq: 65: 3)*

If humans really believe *"...beg Allah...(Al Baqarah: 2: 186)* that *"... Allah is near... (Al Baqarah: 2: 186)*, then *"... Allah grant the request...(Al Baqarah: 2: 186)* directly.

Why *"...Allah grants requests...(Al Baqarah: 2: 186)* humans directly, when humans pray to Allah?

The answer is in the secret behind the verse: *"...We are closer to him than his jugular vein." (Qaf: 50:16)*

Well, because Allah is very *"...near... (Al Baqarah: 2: 186)*, then Allah *"... gives sustenance from an unexpected direction... (Ath Thalaq: 65: 3)*

It means, *"... from an unexpected direction... (Ath Thalaah: 65: 3)* is from the door of sustenance that humans had not previously thought of.

Now, the secret behind the verse has been revealed: *"... Allah gives sustenance from an unexpected direction... (Ath Thalaah: 65: 3)* in a very short time, *"... when he asks Allah. ..(Al Baqarah: 2:186)* with absolute certainty that Allah is very *"...near...(Al Baqarah: 2:186)* and *"...closer to man than his jugular vein."* (*Qaf: 50:16*) *"... Allah grants the supplication of the one who prays when he asks Allah... (Al Baqarah: 2: 186)*

CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: *"... Allah gives sustenance from a direction that he did not expect. And whoever puts his trust in Allah, Allah will surely suffice it... (Ath Thalaah: 65:3)* *"...My Lord expands sustenance for whom He wills among His servants and narrows it...(Qaf: 50:11)"...if My servants ask you about Me , then that I am near. I grant the supplication of the one who prays when he asks Me... (Al Baqarah: 2: 186)*

Here Allah declares *"... Allah gives sustenance from an unexpected direction... (Ath Thalaah: 65: 3)"... I grant the request of the one who prays when he asks Me... (Al Baqarah: 2 : 186)"...I am near...(Al Baqarah: 2:186)*
