ABSTRACT

Before I write about the problem of God's energy and the almost non-existent form of God, with double speed, it is a God particle or an M particle or an angel particle, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about God's energy and God's existence that almost non-existent, with double speed, is a God particle or M particle or angel particle, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become God's secret unlocking tool about God's energy and God's almost non-existent form, with double speed, which are God's particles or M particles or angel particles, namely the following verses:

"Allah... the light of the heavens and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hizr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"Praise be to Allah, the Creator of the heavens and the earth, Who made the angels as messengers with wings, two, three and four respectively. Allah adds to His creation what He wills. Verily, Allah has power over all things. (Faathir: 35:1)

"But Allah acknowledges the Qur'an which He has revealed to you. Allah has sent it down with His knowledge; and the angels are witnesses. It is enough for Allah to acknowledge it. (An Nisaa ': 4: 166)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the heavens to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven heavens in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"It is He who has made the earth a bed for you and the sky a roof, and He sends down water from the sky, then He produces with it all the fruit as a sustenance for you; therefore do not establish partners with Allah, while you know. Al Baqarah : 2:22)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to unmask God's secret about God's energy and God's almost non-existent existence, with double speed, is a God particle or M particle or angel particle, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I put forward the hypothesis of God's energy and God's form that form God's particles or M particles or angel particles, with the speed of light 5475103664604.84 km per second, seen from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ALLAH'S ENERGY AND ALLAH'S FORM FORMING ALLAH PARTICLES OR M PARTICLES OR ANGELS PARTICLES WITH WAVE SPEED FREQUENCY 5475103664604.84 KM PER SECOND

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"...to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)".. I am near...(Al Baqarah: 2: 186) "...closer to him than his jugular vein (Qaf: 50:16)"...do not look at God's creation...something that is not balanced.. (Al Mulk : 67: 3)*

Now, Allah has given a clear picture wherein, Allah's energy which is also the form of Allah has formed Allah particle or M particle or angel particle.

Where Allah particles or M particles or angel particles appear because of the energy of Allah.

The energy of Allah that is in the seven skys or in this universe is very small, almost non-existent, 0.00000000 000000000 000000000 01 grams per cubic cm.

With the presence of this very small, almost non-existent energy of Allah forming the form of Allah where this form of Allah is adjusted to a double speed, which is the speed of light 5475103664604.84 km per second. The speed of light is formed based on Allah's laws or natural laws set by Allah *"... a day whose levels are fifty thousand years (Al Ma'aarij: 70:4)*

Or in other words, the speed of light 5475103664604.84 km per second is obtained from the calculation of 18262980 (1 day = 50000 years) multiplied by the speed of light according to human calculations 299792.458 km per second

WITH ALLAH PARTICLES OR M PARTICLES OR ANGELS PARTICLES CAN BE A CONNECTION TOOL BETWEEN THE GALAXY IN THE SEVEN SKY

Now, if humans only use a photon particle connector with a speed of light of 299792.458 km per second, then it is very difficult to use it as a connecting tool between the galaxies in our seven heavens.

Now with the Allah particle or M particle or angel particle which has a speed of light of 5475103664604.84 km per second, it can quickly make connections between galaxies.

By knowing the speed of light, the Allah particle or the M particle or the angel particle, it is possible to calculate how large the form of Allah or the Allah particle or the M particle or the angel particle is.

After counting, it was found the size of the form of Allah or the particle of Allah or particle M or

this angel particle, namely

0.000000000 000000000 000000000 000000000 000000000 000000000 000000000 000333591 754209188 9 grams

Now, it turns out that the form of Allah or the particle of Allah or the particle M or the angel particle is almost zero in size.

IN THE SEVEN SKY OR IN THIS UNIVERSE THERE ARE BILLION BILLION BILLION BILLION BILLION BILLION BILLION BILLION PARTICLES OF ALLAH OR ANGEL PARTICLES

Now, it is easy for Allah if he wants to have a relationship with His creatures, such as with angels, either on earth or in other galaxies, using Allah particles or M particles or angel particles.

It's like if Allah rules the affairs either on earth or in other galaxies, using Allah particles or M particles or angel particles.

So, Allah with Allah's form which represents Allah particle or M particle or angel particle can govern anything, whether on earth or in the realm of the seven skys or in this universe.

Now, it has been revealed, the secret hidden behind the verse: "... wherever you face there is the face of Allah... (Al Baqarah: 2: 115)

That is, Allah with the form and energy of Allah can be everywhere, including in the human body, with the presence of Allah particles or M particles or angel particles

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: "...to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)".. I am near...(Al Baqarah: 2: 186) "...closer to him than his jugular vein (Qaf: 50:16)"...do not look at God's creation...something that is not balanced.. (Al Mulk : 67: 3)

Now, Allah has given a clear picture wherein, Allah's energy which is also the form of Allah has formed Allah particle or M particle or angel particle.

Where Allah particles or M particles or angel particles appear because of the energy of Allah.

The energy of Allah that is in the seven skys or in this universe is very small, almost non-existent, 0.00000000 000000000 000000000 01 grams per cubic cm.

With the presence of this very small, almost non-existent energy of Allah forming the form of Allah where this form of Allah is adjusted to a double speed, which is the speed of light 5475103664604.84 km per second. The speed of light is formed based on Allah's laws or natural laws set by Allah "... a day whose levels are fifty thousand years (Al Ma'aarij: 70:4)

Or in other words, the speed of light 5475103664604.84 km per second is obtained from the calculation of 18262980 (1 day = 50000 years) multiplied by the speed of light according to human calculations 299792.458 km per second

Now, if humans only use a photon particle connector with a speed of light of 299792.458 km per second, then it is very difficult to use it as a connecting tool between the galaxies in our seven heavens.

Now with the Allah particle or M particle or angel particle which has a speed of light of 5475103664604.84 km per second, it can quickly make connections between galaxies.

By knowing the speed of light, the Allah particle or the M particle or the angel particle, it is possible to calculate how large the form of Allah or the Allah particle or the M particle or the angel particle is.

After counting, it was found the size of the form of Allah or the particle of Allah or particle M or this angel particle, namely

0.000000000 000000000 000000000 000000000 000000000 000000000 000000000 000333591 754209188 9 grams

Now, it turns out that the form of Allah or the particle of Allah or the particle M or the angel particle is almost zero in size.

Now, it is easy for Allah if he wants to have a relationship with His creatures, such as with angels, either on earth or in other galaxies, using Allah particles or M particles or angel particles.

It's like if Allah rules the affairs either on earth or in other galaxies, using Allah particles or M particles or angel particles.

So, Allah with Allah's form which represents Allah particle or M particle or angel particle can govern anything, whether on earth or in the realm of the seven skys or in this universe.

Now, it has been revealed, the secret hidden behind the verse: "... *wherever you face there is the face of Allah...* (Al Baqarah: 2: 115)

That is, Allah with the form and energy of Allah can be everywhere, including in the human body, with the presence of Allah particles or M particles or angel particles
