## ABSTRACT

Before the author writes about Arab Muslims bound by nur, because do not understand the real Allah or the real Jahve or the real Adonai, the author first asks Allah SWT for forgiveness. Here the author tries to open the veil that covers the secret about Arab Muslims bound by nur, because do not understand the real Allah or the real Jahve or the real Adonai, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets about Arab Muslims bound by nur, because do not understand the real Allah or the real Jahve or the real Adonai, namely the following verses:

*"Allah is light of the skys and the earth... light over light, Allah guides to His light... (An Nuur : 24: 35)*

*"Then when I have perfected the body and I have breathed on him my spirit, then you should fall down prostrating to him." (Shaad: 38: 72)*

*"And Maryam bint Imran who maintains her honor, then We breathed into Maryam's womb Our spirit, and she confirms the words of her God and His Books, and she is one of those who obey. (At Tahrir: 66: 12)*

*"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see something that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)*

In an effort to uncover Allah's secret veil about Arab Muslims bound by nur, because, not understanding the real Allah or the real Jahve or the real Adonai, the author uses the basis of deoxyribonucleic acid.

## HYPOTHESIS

Here the author proposes the hypothesis that Arab Muslims are bound by nur, because, they do not understand the real Allah or the real Jahve or the real Adonai, based on Deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

## QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## DEOXYRIBONUCLEATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

## ARAB MUSLIMS BOUND BY NUR, BECAUSE, DO NOT UNDERSTAND THE REAL ALLAH OR THE REAL JAHVE OR THE REAL ADONAI

So now, we are still concentrating on dismantling the secrets contained behind the verses: *"...I breathed into human my spirit...(Shaad : 38: 72)"...We breathed into Maryam's womb Our spirit. ..(At Tahrir : 66: 12)"Allah is light of the skys and the earth... light over light...(An Nuur : 24: 35)*

Here, Allah or Jahve or Adonai, has revealed the true secret, about the form of Allah or the form of Jahve or the form of Adoinai, with the declaration *"Allah is light of the skys and the earth... light over light...(An Nuur : 24: 35)"...I breathed into human my spirit...(Shaad : 38: 72)"...We breathed into Maryam's womb Our spirit. ..(At Tahrir : 66: 12)*

Now, questions arise,

What is the relationship between *"Allah is light of the skys and the earth...(An Nuur : 24: 35)* and *"...my spirit...(Shaad : 38: 72)* or *"...our spirit...(At Tahrir) : 66: 12)* or *"...the spirit of Allah...(Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai ?

The answer is in the secret behind the verse: *"...wherever you turn there is the face of Allah...(Al Baqarah: 2: 115)*

Well, *"...the face of Allah...(Al Baqarah: 2: 115)*, what's really inside *"...the face of Allah...(Al Baqarah: 2: 115)?*

Apparently, in *"...the face of Allah...(Al Baqarah: 2: 115)* there is a form of Allah or a form of Jahve or a form of Adonai, in the form of Allah's energy or Jahve's energy or Adonai's energy, in the form of Allah's particles or Jahve's particles or Adonai particles, in the form of *"...my spirit...(Shaad : 38:*

72) or "...our spirit...(At Tahrir) : 66: 12) or "...the spirit of Allah...(Shaad : 38: 72) or the spirit of Jahve or the spirit of Adonai, which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Well, this, the real secret, about "*Allah is light of the skys and the earth...(An Nuur: 24: 35)* or "*Allah is nur of the skys and the earth...(An Nuur: 24: 35)*

So, actually, "...light...(An Nuur : 24: 35) or "...nur...(An Nuur : 24: 35) is born because of Allah's energy, Allah's particles and "...my spirit...(Shaad : 38: 72) or "...our spirit...(At Tahrir) : 66: 12) or "...the spirit of Allah...(Shaad : 38: 72) or the spirit of Jahve or the spirit of Adonai, which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, if Arab Muslims think that whatever is in the universe or in "...the seven skys...(Al Mulk: 67: 3) is created because of nur (light), then actually nur (light) is in the form of particles. That is, the particles that form quarks and become atoms, which are the building blocks of the universe or "...the seven skys...(Al Mulk: 67: 3)

Where the formation of nur, which is a particle, through energy. So, nur arises, because there is energy.

Or in other words, nur (light) is born, because of the energy of Allah.

So, it's not like what Arab Muslims think, who think that everything is created from nur (light), if that nur (light) is taken by Allah or Jahve or Adonai, then everything disappears, is empty.

Well, this, which is not understood by Arab Muslims, until now. In the universe or in "...the seven skys...(Al Mulk : 67: 3) nothing is empty, wherever there is Allah's energy, Allah's particles and "...my spirit...(Shaad : 38: 72) or "...our spirit...(At Tahrir) : 66: 12) or "...the spirit of Allah...(Shaad : 38: 72) or the spirit of Jahve or the spirit of Adonai, which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Why don't Arab Muslims understand the real nur (light)?

Because Arab Muslims do not understand the real Allah. Allah has only reached the level in the mouth and in writing and name only.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "...I breathed into human my spirit...(Shaad : 38: 72)"...We breathed into Maryam's womb Our spirit. ..(At Tahrir : 66: 12)"Allah is light of the skys and the earth... light over light...(An Nuur : 24: 35)

Here, Allah or Jahve or Adonai, has revealed the true secret, about the form of Allah or the form of Jahve or the form of Adonai, with the declaration "*Allah is light of the skys and the earth... light over light...(An Nuur : 24: 35)*"...I breathed into human my spirit...(Shaad : 38: 72)"...We breathed into Maryam's womb Our spirit. ..(At Tahrir : 66: 12)

Now, questions arise,

What is the relationship between "*Allah is light of the skys and the earth...(An Nuur: 24: 35)* and "...my spirit...(Shaad : 38: 72) or "...our spirit...(At Tahrir) : 66: 12) or "...the spirit of Allah...(Shaad : 38: 72) or the spirit of Jahve or the spirit of Adonai ?

The answer is in the secret behind the verse: *"...wherever you turn there is the face of Allah...(Al Baqarah: 2: 115)*

Well, *"...the face of Allah...(Al Baqarah: 2: 115)*, what's really inside *"...the face of Allah...(Al Baqarah: 2: 115)?*

Apparently, in *"...the face of Allah...(Al Baqarah: 2: 115)* there is a form of Allah or a form of Jahve or a form of Adonai, in the form of Allah's energy or Jahve's energy or Adonai's energy, in the form of Allah's particles or Jahve's particles or Adonai particles, in the form of *"...my spirit...(Shaad : 38: 72)* or *"...our spirit...(At Tahrir) : 66: 12)* or *"...the spirit of Allah...(Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai, which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Well, this, the real secret, about *"Allah is light of the skys and the earth...(An Nuur: 24: 35)* or *"Allah is nur of the skys and the earth...(An Nuur: 24: 35)*

So, actually, *"...light...(An Nuur : 24: 35)* or *"...nur...(An Nuur : 24: 35)* is born because of Allah's energy, Allah's particles and *"...my spirit...(Shaad : 38: 72)* or *"...our spirit...(At Tahrir) : 66: 12)* or *"...the spirit of Allah...(Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai, which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Now, if Arab Muslims think that whatever is in the universe or in *"...the seven skys...(Al Mulk: 67: 3)* is created because of nur (light), then actually nur (light) is in the form of particles. That is, the particles that form quarks and become atoms, which are the building blocks of the universe or *"...the seven skys...(Al Mulk: 67: 3)*

Where the formation of nur, which is a particle, through energy. So, nur arises, because there is energy.

Or in other words, nur (light) is born, because of the energy of Allah.

So, it's not like what Arab Muslims think, who think that everything is created from nur (light), if that nur (light) is taken by Allah or Jahve or Adonai, then everything disappears, is empty.

Well, this, which is not understood by Arab Muslims, until now. In the universe or in *"...the seven skys...(Al Mulk : 67: 3)* nothing is empty, wherever there is Allah's energy, Allah's particles and *"...my spirit...(Shaad : 38: 72)* or *"...our spirit...(At Tahrir) : 66: 12)* or *"...the spirit of Allah...(Shaad : 38: 72)* or the spirit of Jahve or the spirit of Adonai, which is composed of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Why don't Arab Muslims understand the real nur (light)?

Because Arab Muslims do not understand the real Allah. Allah has only reached the level in the mouth and in writing and name only.
