**ABSTRACT**

Before the author writes the problem based on what most people in the world do not believe in God, while God is in their brains, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about based on what most people in the world do not believe in God, while God is in their brains, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secret about what most people in the world do not believe in God, while God is in their brains, namely the following verses:

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise, All-Knowing. (Al Baqarah: 2:115)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

In an effort to open the veil of Allah's secret about what most people in the world do not believe in Allah, while Allah is in their brains, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes a hypothesis because most people in the world don't understand God is in their brains, so they don't believe in God, based on Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

## **BASED ON WHAT MOST PEOPLE IN THE WORLD DON'T BELIEVE IN GOD, WHILE GOD IS IN THEIR BRAIN**

Now, we are still concentrating on uncovering the secrets contained behind the verses: "*... He perfected and breathed into it His spirit and He made for you hearing, sight and heart... (As Sajdah: 32: 9 )*" "*...I breathed into him my spirit...(Shaad: 38:72)*" "*...the seven skys...balanced...(Al Mulk: 67:3)*" "*...they thought about the creation of the skys and earth...(Ali 'Imran: 3:191)*" "*...I am near...(Al Baqarah: 2:186)*" "*...closer to him than his jugular vein (Qaf: 50:16)*

Apparently, Allah has declared "*...I am near...(Al Baqarah: 2: 186)*" "*...closer to him than his jugular vein (Qaf: 50:16)*" "*...I breathed into him my spirit.. .(Shaad : 38:72)*

Well, here, Allah according to the call of the Muslims, or Jahve according to the call of the Jews and

followers of Jesus, who breathed "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit to every creature born into the world.

Now the question arises,

What exactly is meant by "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit ?

The answer is "...He made for you hearing, sight and heart... (As Sajdah: 32: 9)

It turns out, what "...make...hear, sight and heart...(As Sajdah: 32:9) is Deoxyribonucleic acid (DNA). Where based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Well, now, it has been revealed, "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit is a carbon atom, a nitrogen atom, an oxygen atom and a hydrogen atom.

Where the atoms build 65 000000000 nerve cells, which are in the brain, to be used for thinking.

So actually, "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit is in the human body, in the animal body, in plants, whatever things that are in the seven heavens, fungi, bacteria, amoeba, archae.

Now, if most of the people in the world don't believe in God who has breathed God's spirit or "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit into human bodies, animal bodies, plants, objects, whatever things are in the seven skys, fungi, bacteria, amoeba, archae, then they really don't understand about themselves.

When humans and animals breathe oxygen atoms, it proves that humans and animals live because of the presence of God's spirit or "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit in the form of oxygen atoms.

Therefore God's spirit or "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit exists in the human body and brain, animal body, plant, fungus, bacteria, amoeba, archae, even in every objects in the seven heavens.

Now another question arises,

Why do most people in the world not believe in God?

The answer is because they don't understand themselves. They don't understand that whatever is inside their body is the building of 7000000000 000000000 000000000 carbon atoms, nitrogen atoms, oxygen atoms, hydrogen atoms and other atoms. Where these atoms are God's spirit or "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "... He perfected and breathed into it His spirit and He made for you hearing, sight and heart... (As Sajdah: 32: 9) "...I breathed into him my spirit...(Shaad: 38:72) "...the seven skys...balanced...(Al Mulk: 67:3) "...they thought about the creation of the skys and earth...(Ali 'Imran: 3:191) "...I am near...(Al Baqarah: 2:186) "...closer to him than his jugular vein (Qaf: 50:16)

Apparently, Allah has declared "...I am near...(Al Baqarah: 2: 186) "...closer to him than his jugular vein (Qaf: 50:16) "...I breathed into him my spirit.. .(Shaad : 38:72)

Well, here, Allah according to the call of the Muslims, or Jahve according to the call of the Jews and followers of Jesus, who breathed "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit to every creature born into the world.

Now the question arises,

What exactly is meant by "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit ?

The answer is "...He made for you hearing, sight and heart... (As Sajdah: 32: 9)

It turns out, what "...make...hear, sight and heart...(As Sajdah: 32:9) is Deoxyribonucleic acid (DNA). Where based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Well, now, it has been revealed, "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit is a carbon atom, a nitrogen atom, an oxygen atom and a hydrogen atom.

Where the atoms build **65 000000000** nerve cells, which are in the brain, to be used for thinking.

So actually, "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit is in the human body, in the animal body, in plants, whatever things that are in the seven heavens, fungi, bacteria, amoeba, archae.

Now, if most of the people in the world don't believe in God who has breathed God's spirit or "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit into human bodies, animal bodies, plants, objects, whatever things are in the seven skies, fungi, bacteria, amoeba, archae, then they really don't understand about themselves.

When humans and animals breathe oxygen atoms, it proves that humans and animals live because of the presence of God's spirit or "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit in the form of oxygen atoms.

Therefore God's spirit or "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit exists in the human body and brain, animal body, plant, fungus, bacteria, amoeba, archae, even in every objects in the seven heavens.

Now another question arises,

Why do most people in the world not believe in God?

The answer is because they don't understand themselves. They don't understand that whatever is inside their body is the building of **7000000000 000000000 000000000** carbon atoms, nitrogen atoms, oxygen atoms, hydrogen atoms and other atoms. Where these atoms are God's spirit or "...Allah's spirit ... (Shaad: 38: 72) or Jahve's spirit
