ABSTRACT

Before the author writes the problem because Allah's form is built with Allah's energy, Allah's particles, Allah's spirit, then whatever is in the seven skys and all of its contents, including the human body, is Allah's form, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about because Allah's form is built with Allah's energy, Allah's particles, Allah's spirit, then whatever is in the seven skys and all of its contents, including the human body, is Allah's form, based on Deoxyribonucleic acid (DNA).)

There are several verses that reveal Allah's secrets about because Allah's form is built with Allah's energy, Allah's particles, Allah's spirit, then whatever is in the seven skys and all of its contents, including the human body, is Allah's form, namely the following verses:

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the heavens to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise, All-Knowing. (Al Baqarah: 2:115)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"Indeed, We have adorned the skys near the stars, and We have made them instruments of throwing the devil, and We have prepared for them the torment of a blazing hell. (Al Mulk: 67: 5)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa ': 21:16)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)

"And when Moses came for an appointed time and the Lord had spoken to him, Moses said, "My Lord, show me that I may see You." The Lord said: "You will never be able to see Me, but look at the mountain, then if it stays where it is you will surely see me." When his Lord appeared to the mountain, he made the mountain crumble and Moses fell unconscious. So when Moses regained consciousness, he said: "Glory be to him. You, I repent to You and I am the first to believe (Al A'raaf: 7:143)

"Allah created the skys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about because Allah's form is built with Allah's energy, Allah's particles, Allah's spirit, then whatever is in the seven skys and all of its contents, including the human body, is Allah's form, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or nucleic acid molecular structure.

HYPOTHESIS

Here the author proposes the hypothesis that Allah's form is built with Allah's energy, Allah's particles, Allah's spirit, whatever is in the seven skys and all of its contents, including the human body, is Allah's form, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of

the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

BECAUSE ALLAH'S FORM IS ESTABLISHED WITH ALLAH'S ENERGY, ALLAH'S PARTICLES, ALLAH'S SPIRIT, THEN EVERYTHING IN THE SEVEN SKYS AND ALL ITS CONTENTS INCLUDED IN THE HUMAN BODY IS ALLAH'S FORM

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"... when God appeared to the mountain, he made the mountain crumble... (Al A'raaf: 7: 143)"...wherever you turn there is the face of Allah...(Al Baqarah: 2: 115)"...look at the mountain...(Al A'raaf: 7:143)"...Our spirits... incarnated... human...(Maryam : 19:17)*

Here Allah declares *"...the mountain crumble... (Al A'raaf: 7:143)"...wherever you face there is the face of Allah...(Al Baqarah: 2: 115)".. .look at the mountain...(Al A'raaf : 7:143)"...Our spirits...incarnate... humans...(Maryam: 19:17)*

It turns out that Allah has opened the secret of Allah to all humans in this world, with Allah's declaration *"...look at the mountain... (Al A'raaf: 7: 143)"... the mountain crumble... (Al A'raaf: 7: 143) "... wherever you face there is the face of Allah... (Al Baqarah: 2: 115)*

So, with Allah having revealed the secret of Allah to all humans in the world, then humans will easily understand the real Allah. Allah does not need to be sought, because Allah's form is everywhere, Allah's particles are everywhere *"... wherever you face there is the face of God ... (Al Baqarah: 2: 115)*. Allah's energy is everywhere *"...the mountain crumble...(Al A'raaf: 7: 143)*. *"...my spirit...(Shaad: 38:72)* or *"...Allah's spirit...(Shaad: 38:72)* is everywhere *"...look at the mountain...(Al A'raaf: 7:143) "...Our spirits...incarnate...humans...(Maryam: 19:17)*

Now the question arises,

Why are some people still looking for Allah, to meet Allah?

Well, the answer is in the secret behind the verse: *"...said Moses: "O my Lord, show me so that I can see You... (Al A'raaf: 7: 143)*

Apparently, Allah gave an answer to Moses with Allah's secret in the form of "...mountains...(Al A'raaf: 7:143)"...the mountain crumble...(Al A'raaf: 7:143)" ...wherever you turn there is the face of Allah...(Al Baqarah: 2:115)

Well, it turns out, Allah has revealed the true Allah's form to Moses, where Allah's form is in the form of "...mountains...(Al A'raaf: 7:143) meaning in the form of "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms. Allah's form in the form of "...the mountain crumble...(Al A'raaf: 7:143) means Allah's form in the form of Allah's energy which is 18 262 980 times the energy made by humans. Allah's form in the form of "...wherever you face there is the face of Allah... (Al Baqarah: 2: 115) means that Allah's form is in the form of Allah's particles which have the speed of light 5 475 103 664 604.84 km per second.

Well, now, because whatever is in the seven skys and everything in it is included in the human body, it is built with "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72), then in fact, Allah's form is in the seven skys and all that is in them is included in the human body.

Now this is the secret of Allah, which until now most people still do not understand. Where the actual Allah's form is in the human body, but humans do not understand.

Most people are still looking for Allah to meet, even though Allah is in the human body, it is enough to direct your eyes to your own body, then in that body there is Allah's form "...wherever you face there is the face of Allah...(Al Baqarah : 2:115)

CONCLUSION

From what is described above, it can be concluded that the secrets contained behind the verses: "... when God appeared to the mountain, he made the mountain crumble... (Al A'raaf: 7: 143)"...wherever you turn there is the face of Allah...(Al Baqarah: 2: 115)"...look at the mountain...(Al A'raaf: 7:143)"...Our spirits... incarnated... human...(Maryam : 19:17)

Here Allah declares "...the mountain crumble... (Al A'raaf: 7:143)"...wherever you face there is the face of Allah...(Al Baqarah: 2: 115)".. .look at the mountain...(Al A'raaf : 7:143)"...Our spirits...incarnate... humans...(Maryam: 19:17)

It turns out that Allah has opened the secret of Allah to all humans in this world, with Allah's declaration "...look at the mountain... (Al A'raaf: 7: 143)"... the mountain crumble... (Al A'raaf: 7: 143) "... wherever you face there is the face of Allah... (Al Baqarah: 2: 115)

So, with Allah having revealed the secret of Allah to all humans in the world, then humans will easily understand the real Allah. Allah does not need to be sought, because Allah's form is everywhere, Allah's particles are everywhere "... wherever you face there is the face of God ... (Al Baqarah: 2: 115). Allah's energy is everywhere "...the mountain crumble...(Al A'raaf: 7: 143). "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) is everywhere "...look at the mountain...(Al A'raaf : 7:143) "...Our spirits...incarnate...humans...(Maryam: 19:17)

Now the question arises,

Why are some people still looking for Allah, to meet Allah?

Well, the answer is in the secret behind the verse: "...said Moses: "O my Lord, show me so that I can see You... (Al A'raaf: 7: 143)

Apparently, Allah gave an answer to Moses with Allah's secret in the form of "*...mountains...(Al A'raaf: 7:143)*" "*...the mountain crumble...(Al A'raaf: 7:143)*" "*...wherever you turn there is the face of Allah...(Al Baqarah: 2:115)*

Well, it turns out, Allah has revealed the true Allah's form to Moses, where Allah's form is in the form of "*...mountains...(Al A'raaf: 7:143)*" meaning in the form of "*...my spirit...(Shaad: 38:72)*" or "*...Allah's spirit...(Shaad: 38:72)*" which is built with hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms. Allah's form in the form of "*...the mountain crumble...(Al A'raaf: 7:143)*" means Allah's form in the form of Allah's energy which is **18 262 980** times the energy made by humans. Allah's form in the form of "*...wherever you face there is the face of Allah... (Al Baqarah: 2: 115)*" means that Allah's form is in the form of Allah's particles which have the speed of light **5 475 103 664 604.84** km per second.

Well, now, because whatever is in the seven skys and everything in it is included in the human body, it is built with "*...my spirit...(Shaad: 38:72)*" or "*...Allah's spirit...(Shaad: 38:72)*", then in fact, Allah's form is in the seven skys and all that is in them is included in the human body.

Now this is the secret of Allah, which until now most people still do not understand. Where the actual Allah's form is in the human body, but humans do not understand.

Most people are still looking for Allah to meet, even though Allah is in the human body, it is enough to direct your eyes to your own body, then in that body there is Allah's form "*...wherever you face there is the face of Allah...(Al Baqarah : 2:115)*
