**ABSTRACT**

Before I write down the problem because every sky has received revelation to regulate its affairs, then angels are no longer needed to regulate what is in the sky, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about because every sky has received a revelation to regulate its affairs, then angels are no longer needed to regulate what is in the sky, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about because every sky has received revelation to regulate its affairs, then angels are no longer needed to regulate what is in the sky, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"But Allah acknowledges the Qur'an which He has revealed to you. Allah has sent it down with His knowledge; and the angels are witnesses. It is enough for Allah to acknowledge it. (An Nisaa ': 4: 166)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me,*

*that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"It is He who has made the earth a bed for you and the sky a roof, and He sends down water from the sky, then He produces with it all the fruit as a sustenance for you; therefore do not establish partners with Allah, while you know. Al Baqarah : 2:22)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"So He made it seven heavens in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)*

*"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar: 39:42)*

*"By the one who plucks out loudly (An Naazi'aat: 79:1)*

*"and who plucks gently (An Naazi'aat: 79:2)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to open the veil of Allah's secret about because every sky has received revelation to regulate its affairs, then angels are no longer needed to regulate what is in the sky, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose a hypothesis that every sky has received revelation to regulate its affairs, whatever happens in the sky, the sky itself regulates its affairs, angels do not need to regulate the affairs of the sky, from the point of view of Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## EVERY SKY HAS RECEIVED REVELATION FROM ALLAH TO REGULATE HIS OWN AFFAIRS, ANGELS ARE NO LONGER NEEDED TO REGULATE SKY AFFAIRS

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"Who has created the seven skys in layers...(Al Mulk: 67:3) "...He reveals in each sky his affairs. ...(Fushshilat: 41:12)" "...angels and spirits with the permission of their Lord...manage all affairs (Al Qadr: 97:4)" "...a day whose content is fifty thousand years (Al Ma aarij : 70:4)*

Apparently, here Allah has declared that Allah *"...has created the seven skys in layers...(Al Mulk: 67:3)" "...revealed in each sky his affairs... (Fushshilat: 41:12 )*

Now, with what Allah has declared, it is clear that after Allah *"...created the seven skys...(Al Mulk: 67:3) then Allah "...revealed his affairs in each sky...( Fushshilat : 41:12)* then, actually, it is enough that each sky regulates what happens in that sky. If you count all the seven skys there are about **100 000 000 000** galaxies. In each galaxy there are about **150 100 000** stars. So in all the seven skys there are approx. **15 010 000 000 000 000 000** stars

Where every star has received a revelation from Allah to manage its affairs. If in the Milky Way galaxy there are sun, earth, planets and moon, where the sun, earth, planets and moon have received revelations from Allah, to regulate their respective affairs.

## ANGELS ARE NO LONGER NEEDED TO TAKE CARE OF THE SKY, INSIDE THE GALAXY, STARS, PLANET AND THE MOON

Well, because Allah *"...reveals in each sky its affairs... (Fushshilat: 41:12)* then, in fact, each sky regulates its own affairs.

Or in other words, each star, earth, planet and moon, manages its own affairs.

As on earth, the earth itself regulates the affairs of the earth, such as rain, rotates on its axis, revolves around the sun, blocks the ultraviolet rays coming from the sun, regulates magnetism, gravity, regulates temperature, regulates weather, regulates water in the earth,

So, actually, the earth itself has managed its own affairs, there is no need for angels to govern the affairs of the earth. Because indeed angels are a kind of human *"...angel...a man...(Al An'aam: 6:9)* Angels cannot regulate rain, because rain itself has become the affairs of the earth with Allah's law or the law of the earth. natural.

## **WHY ALLAH TOLD ANGELS TO MANAGE EVERYTHING**

Well, here Allah, gives a picture to humans that the angels *"...manage all affairs (Al Qadr: 97:4)* is a symbol that angels have a job on earth, even though the earth itself manages its own affairs.

Because angels are a kind of human, angels do not have the knowledge to regulate rain, regulate air temperature, regulate weather, regulate water in the earth, regulate gravity, regulate magnetic power.

Meanwhile, angels take human souls *"... those who pull hard (An Naazi'aat: 79:1) "... those who pull out gently (An Naazi'aat: 79:2)* are due to the presence of Allah's particles in the body man.

Through Allah's particles in the human body, it can be used as a means of controlling the human respiratory tract, so that by controlling the entrance of oxygen atoms into the lungs, humans can die.

Actually, it is Allah who takes human life. *"Allah holds the soul when it dies... in its sleep... He holds the soul which He has decreed for its death... (Az Zumar: 39: 42)* because Allah's particles belong to Allah.

The angels taking human lives are a symbol of the power that Allah has given to angels in controlling Allah's particles through frequency waves with the speed of light 5 475 103 664 604.84 km per second. With the angel's ability to control the frequency waves of Allah's particles which have the speed of light 5 475 103 664 604.84 km per second, it can be used as a tool to control Allah's particles in the human body, for example to take human lives, by controlling oxygen atoms through the human body. human respiratory tract.

Now it's been revealed, the secret that is in the verses: *"...He reveals to every sky his affairs... (Fushshilat: 41:12)"...angels and spirits with the permission of their Lord...regulate all affairs (Al Qadr: 97: 4)*

That is, because Allah *"...reveals in each sky its affairs... (Fushshilat: 41:12)* then, in fact, each sky regulates its own affairs. Each star, earth, planet and moon, governs its own affairs.

Like on earth, because the earth itself regulates the affairs of the earth, such as rain, rotates on its axis, revolves around the sun, resists ultraviolet rays coming from the sun, regulates magnetism, gravity, regulates temperature, regulates weather, regulates water in the earth, then there is no need for angels to govern the affairs of the earth.

Because indeed angels are a kind of human *"...angel...a man...(Al An'aam: 6:9)* Angels cannot regulate rain, because rain itself has become the affairs of the earth with Allah's law or the law of the earth. natural.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"Who has created the seven skys in layers...(Al Mulk: 67:3) "...He reveals in each sky his affairs. ...(Fushshilat: 41:12)" "...angels and spirits with the permission of their Lord...manage all affairs (Al Qadr: 97:4)" "...a day whose content is fifty thousand years (Al Ma aarij : 70:4)*
