ABSTRACT

First by asking for forgiveness from Allah SWT here the author tries to unlock the greatness of Allah SWT regarding because paradise and hell are on this earth, then when the sun is rolled, paradise and hell must be moved to another planet in the Milky Way Galaxy, based on Photon , Quark and molecular structure of nucleic acids or deoxyribonucleic acid (DNA)

In the Koran found several verses that are the key to opening secrets regarding because paradise and hell are on this earth, then when the sun is rolled, paradise and hell must be transferred to another planet in the Milky Way galaxy, namely the verses:

"Allah Light of skys and Earth Light above light ... (An Nuur: 24: 35)

"Angels and souls rise to God in a day whose levels are fifty thousand years. (Al Ma'aarij: 70: 4)

"O human, in fact we created you from a man and a woman and made you a nation and had a tribe so that you know each other. Indeed, the most noble person among you on the side of God is the most piety among you. Indeed, Allah knows the All -Knowing. (Al Hujuraat: 49: 13)

"So if I have perfected the incident and infrastruated to him my spirit; then you should fall down by prostrating to him. "(Shaad: 38: 72)

"If the sun is rolled, (at takwiir: 81: 1)

"And if the stars fall, (At Takwiir: 81: 2)

"And if the spirit is met (at takwiir: 81: 7)

"And if the sky is eliminated, (at takwiir: 81: 11)

"They ask you about the apocalypse:" When it happened? " No one can explain his arrival time besides him. Doomsday is very heavy in heaven and on earth. The end of the world will not come to you but suddenly. "They asked you as if you really knew it. Say:" Indeed, knowledge about the apocalypse is in the sight of Allah, but most humans do not know. "(Al A ' Raaf: 7: 187)

"On the day the earth was replaced with another earth and the sky, and all of them gathered to face the presence of God Almighty Again Mighty. (Ibrahim: 14: 48)

"And the brightness of the earth with the light of his Lord; and a book was given and brought in the prophets and witnesses and was given a decision between them fairly, while they were not disadvantaged. (Az Zumar: 39: 69)

"In that place, each self feels retaliation from what he has done before and they are returned to their true protectors and disappears from them what they exist. (Jonah: 10: 30)

"We leave them on that day mixed with one another, then blown again, then we collect them all,

(Al Kahfi: 18: 99)

"And you immediately to forgiveness from your Lord and to heaven which is wide as wide as skys and earth provided for people who are pious, (Ali 'Imran: 3: 133)

"God promises to the believers, men and women, heaven underneath flows rivers, their eternal in it, there are good places in heaven 'adn. And God's pleasure is greater; it is a big luck. (At Taubah: 9: 72)

"And we showed the disbelievers to the infidels clearly, (Al Kahfi: 18: 100)

"Allah said:" You go into hell with the people of jinn and humans who were before before you. Every people entered, he cursed his friend; So that if they come in everything, the people who come in and then among them to the previous entered: "O our Lord, they have missed us, because it brought them to the multiple torture from hell." God said: "Each of each gets a double multiple, but you don't know." (Al A'raaf: 7: 38)

"And they do not glorify God with the proper duty even though the earth is entirely in His grasp on the Day of Judgment and Heaven rolled up with His right hand. The Holy God and the Most High of him from what they are associated. (Az Zumar: 39: 67)

In an effort to open a veil about because heaven and hell are on this earth, then when the sun is rolled up, paradise and hell must be moved to another planet in the Milky Way galaxy, the author is based on photons, quarks and deoxyribonucleic acid or deoksiribonucleic acid or the molecular structure of the nucleic acid.

HYPOTHESIS

Here the author submits a hypothesis because heaven and hell are on this earth, so when the sun is rolled up, heaven and hell must be moved to another planet in the Milky Way galaxy, due to running out of hydrogen atoms, carbon atoms and oxygen atoms, based on photons, quarks and deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a storage area for genetic information that has a double structure that forms a double helix and which contains macromolecules of polynucleotides that are arranged repeatedly from the nucleotide polymer. This nucleotide is consisting of folate, 5 carbon sugar and one of the nitrogen bases. Nitrogen bases are guanine (g), adenin (A), cytocine (C) and thymine (T).

Guanine (g) is consisting of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenin (A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Timine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photon is an elementary particle of the boson type and carrier of electromagnetic interactions.

QUARK

If we want to know the quark then we pay attention to one of the hydrogen atoms which is an

element of the building of the human body, animals, growing plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two quarks above and one lower quark. Where these three quarks are combined with gluon.

BECAUSE PARADISE AND HELL ARE ON THIS EARTH, THEN WHEN THE SUN IS ROLLED, PARADISE AND HELL MUST BE MOVED TO ANOTHER PLANET IN THE MILKY WAY GALAXY

Now, we are still trying to expose the secret hidden behind the verse: *"If the sun is rolled up, (at takwiir: 81: 1)" ... If the sky is eliminated, (at takwiir: 81: 11) "... the earth is replaced with other earth and skys ... (Ibrahim: 14: 48) "... Paradise which is wide as wide as sky and earth ... (Ali 'Imran: 3: 133)" Allah said: "Enter you all into hell together with the people of Jin and Humans who were previously before you ... (Al A'raaf: 7: 38)*

It turns out, here Allah has declared *"if the sun is rolled up, (at takwiir: 81: 1)" ... if the sky is eliminated, (at takwiir: 81: 11) "... the earth is replaced with another earth and skys ... (Ibrahim: 14: 48)*

Now the question arises,

Why will the earth and sky be replaced?

The answer is

Stored in the secret behind the verse: *"If the sun is rolled, (at takwiir: 81: 1)" ... if the stars fall, (at takwiir: 81: 2) "... If the sky is eliminated, (at takwiir: 81 : 11)*

Well, Allah has opened the secret of paradise and hell will be moved from earth to other earth.

Why will paradise and they will be moved to another earth?

The answer is stored in the secret behind the verse *"... the sun rolled, (at takwiir: 81: 1)*

Well, the sun is rolled up because the sun runs out of fuel hydrogen atoms and helium atoms. Where helium atoms are created because two hydrogen atoms collide and become new atoms, namely helium atoms.

Well, because it runs out of hydrogen atoms as the sun's fuel, the sun dies, or in other words *"... the sun rolled, (at takwiir: 81: 1)*

When the sun dies, the earth and other planets surrounding the sun also died.

Well, because the sun dies, the earth and other planets that surround the sun also die, the sky or stretch of the room above has the sun, the earth and the planets, disappear.

Why is the sky or expanse of the room above the sun, earth and planets, disappearing?

Because the sun, earth and other planets that surround the sun, die.

Now, what about paradise and hell on earth that is dead?

The answer is in the secret behind the verse: *"... the earth is replaced with another earth and skys ... (Ibrahim: 14: 48)*

Why is paradise and hell on earth?

The answer is in the secret behind the verse: "... *paradise which is wide as wide as skys and earth ...* (Ali 'Imran: 3: 133)

Well, that means, paradise is on earth. Where is sky or expanse of the room on which there is the earth. So, there is expanse of the room or skys, there is an earth, and there are paradise and hell.

So, because paradise and hell are on earth, when the sun, earth and other planets that surround the sun, die, then paradise and hell on earth that have died must be moved to other earth and other sky.

Now, when the question is when "... *the sun rolled (at takwiir: 81: 1)?*

Well, according to human calculations, the sun will run out of fuel hydrogen atoms, when the hydrogen atom fuel runs out, the sun will die. Hydrogen atomic fuels will run out of **4600000000** years. If calculated according to the calculation of Allah, the fuel of hydrogen atoms will run out **4600000000: 18262980 = 251.8** years, based on "... *a day that is fifty thousand years. (Al ma'aarij: 70: 4)* means **1** day according to Allah = **18262980** days according to humans .

So, actually the Day of Judgment will occur when "... *the sun is rolled (at takwiir: 81: 1)* which is **4600000000** years to come.

Now, the sun, earth and other planets that surround the sun, will die **4600000000** years, but paradise and hell in which there are "... *my spirit ... (Shaad: 38: 72)* or "... *Allah's spirit... (Shaad: 38: 72)* which is built from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, will live up to the age of **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years.

So, this is the secret of Allah, why paradise and hell will be moved to another earth and also to other skys.

In the Milky Way galaxy, where the sun is located, there are still stars surrounded by planets containing hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Well, to one of the stars surrounded by planets containing hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, paradise and hell will be moved by Allah.

Now it has been revealed, why paradise and hell on this earth will be moved to "... *another earth and (another) skys... (Ibrahim: 14: 48)*

CONCLUSION

Based on the description above we can draw the conclusion that the secret hidden behind the verse: "*If the sun is rolled up, (at takwiir: 81: 1)*" ... *If the sky is eliminated, (at takwiir: 81: 11)*" ... *the earth is replaced with other earth and skys ... (Ibrahim: 14: 48)*" ... *Paradise which is wide as wide as sky and earth ... (Ali 'Imran: 3: 133)*" Allah said: "*Enter you all into hell together with the people of Jin and Humans who were previously before you ... (Al A'raaf: 7: 38)*

It turns out, here Allah has declared "*if the sun is rolled up, (at takwiir: 81: 1)*" ... *if the sky is eliminated, (at takwiir: 81: 11)*" ... *the earth is replaced with another earth and skys ... (Ibrahim: 14: 48)*

Now the question arises,

Why will the earth and sky be replaced?

The answer is

Stored in the secret behind the verse: *"If the sun is rolled, (at takwiir: 81: 1)" ... if the stars fall, (at takwiir: 81: 2) "... If the sky is eliminated, (at takwiir: 81 : 11)*
