ABSTRACT

Before I write down the problem because Allah's particles, my spirit and Allah's energy are in the human body, so when humans want to see, meet and talk to Allah, imagine it is like talking to yourself, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about because Allah's particles, my spirit and Allah's energy are in the human body, so when humans want to see, meet and talk with Allah, imagine talking to yourself, from the point of view of the molecular structure of nucleic acids. or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tools about because Allah's particles, my spirit and Allah's energy are in the human body, so when people want to see, meet and talk to Allah, imagine it like talking to yourself, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"Praise be to Allah, the Creator of the heavens and the earth, Who made the angels as messengers with wings, two, three and four respectively. Allah adds to His creation what He wills. Verily, Allah has power over all things. (Faathir: 35:1)

"But Allah acknowledges the Qur'an which He has revealed to you. Allah has sent it down with His knowledge; and the angels are witnesses. It is enough for Allah to acknowledge it. (An Nisaa ': 4: 166)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"It is He who has made the earth a bed for you and the sky a roof, and He sends down water from the sky, then He produces with it all the fruit as a sustenance for you; therefore do not establish partners with Allah, while you know. Al Baqarah : 2:22)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Allah, there is no god but He Who Lives eternally and continually takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about Allah's particles, my spirit and Allah's energy is in the human body, so when people want to see, meet and talk to Allah, imagine talking to themselves, I use the base of deoxyribonucleic acid or deoxyribonucleic acid or other structures. nucleic acid molecules.

HYPOTHESIS

Here I put forward the hypothesis that Allah's particles, my spirit and Allah's energy are in the human body, when humans want to see, meet and talk to Allah, imagine talking to yourself, seen from the perspective of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks

of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

PARTICLES OF ALLAH, MY SPIRIT AND ALLAH'S ENERGY IS IN THE HUMAN BODY, WHEN HUMANS WANT TO SEE, MEET AND TALK TO ALLAH, TALKING TO ALLAH IS LIKE TALKING TO YOURSELF

Now, we are still focusing our minds on uncovering the secrets contained behind the verse:
"...wherever you turn there is the face of Allah... (Al Baqarah: 2: 115) "...I am near...(Al Baqarah: 2:115) Baqarah: 2:186)

Apparently, here Allah has declared wherever humans look, then *"...that is the face of Allah...(Al Baqarah: 2: 115) "...I am near... (Al Baqarah: 2: 186)*

Well, the meaning here is, if humans look into themselves, then there is *"...the face of Allah... (Al Baqarah: 2: 115) Allah is "...near... (Al Baqarah: 2: 186))* in the human body itself.

Here, the real secret of Allah, is that even though Allah is far away, but because in the human body there are particles of Allah, *"... my spirit...(Shaad: 38: 72)* and Allah's energy, then actually Allah's form is in the body. human body, so that Allah declares *"...wherever you turn there is the face of Allah...(Al Baqarah: 2:115)*

HOW HUMANS SEE, MEET AND SPEAK DIRECTLY WITH ALLAH THROUGH SELF

Well, here is the real secret, that Allah *"...is near...(Al Baqarah: 2:186) "...closer to him than his jugular vein." (Qaf: 50:16)*

Because Allah is close to being in the human body, humans without having to be *"...behind the veil...(Asy Syuura: 42: 51)* can directly meet, see and talk to Allah.

When, Allah speaks directly to humans, Allah speaks using symbols, now these symbols will be interpreted by *"...my spirit...(Shaad: 38:72)* which is in the human body, then the results of the

interpretation are passed on to the human body. human mind, so that humans understand what Allah is saying.

The meaning here is, when humans talk directly to Allah, just as humans talk to themselves.

Likewise, when humans want to see Allah, then direct their eyes to themselves, then what is seen by the human eye is the emanation of Allah's form. Because in the human body there are particles of Allah, there is energy of Allah and there is "*... my spirit... (Shaad: 38: 72)*

Well, now the secret hidden behind the verses has been revealed: "*...to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)* "*...I am close. I grant the supplication of the one who prays when he asks Me...(Al Baqarah: 2: 186)*

That is, if humans want to meet, see and talk directly with Allah, then talk to Allah directly like humans talk to themselves.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: "*...wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)* "*...I am near...(Al Baqarah: 2:115)* *Baqarah: 2:186)*

Apparently, here Allah has declared wherever humans look, then "*...that is the face of Allah...(Al Baqarah: 2: 115)* "*...I am near... (Al Baqarah: 2: 186)*

Well, the meaning here is, if humans look into themselves, then there is "*...the face of Allah... (Al Baqarah: 2: 115)* Allah is "*...near... (Al Baqarah: 2: 186)*) in the human body itself.

Here, the real secret of Allah, is that even though Allah is far away, but because in the human body there are particles of Allah, "*... my spirit... (Shaad: 38: 72)* and Allah's energy, then actually Allah's form is in the body. human body, so that Allah declares "*...wherever you turn there is the face of Allah...(Al Baqarah: 2:115)*

Well, here is the real secret, that Allah "*...is near...(Al Baqarah: 2:186)* "*...closer to him than his jugular vein." (Qaf: 50:16)*

Because Allah is close to being in the human body, humans without having to be "*...behind the veil... (Asy Syuura: 42: 51)* can directly meet, see and talk to Allah.

When, Allah speaks directly to humans, Allah speaks using symbols, now these symbols will be interpreted by "*...my spirit...(Shaad: 38:72)* which is in the human body, then the results of the interpretation are passed on to the human body. human mind, so that humans understand what Allah is saying.

The meaning here is, when humans talk directly to Allah, just as humans talk to themselves.

Likewise, when humans want to see Allah, then direct their eyes to themselves, then what is seen by the human eye is the emanation of Allah's form. Because in the human body there are particles of Allah, there is energy of Allah and there is "*... my spirit... (Shaad: 38: 72)*

Well, now the secret hidden behind the verses has been revealed: "*...to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)* "*...I am close. I grant the supplication of the one who prays when he asks Me...(Al Baqarah: 2: 186)*

That is, if humans want to meet, see and talk directly with Allah, then talk to Allah directly like humans talk to themselves.
