ABSTRACT

Before I write the problem because until this moment in the realm of the seven skys, which have balance with Allah in thinking, are humans, so to understand Allah, you must go through human thoughts, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about because until this moment in nature the seven skys that have a balance with Allah in thinking are human, so to understand Allah must go through human thought, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA). .

There are several verses that are used to reveal Allah's secrets about the fact that until this moment in the realm of the seven skys, those who have a balance with Allah in thinking are human, so to understand Allah, one must go through human thought, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a male and, of course, We would have doubted about them what they doubted about themselves." (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)

"And indeed We know that they say: "Indeed the Qur'an was taught to him by a human." Yet the language of the people they accuse him of learning to speak 'Ajam, while the Qur'an is in clear Arabic. (An Nahl: 16: 103)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has provided for them paradises where rivers flow in them. forever. They will abide in it. That is a great victory. (At Taubah : 9: 100)

"When his Lord said to him: "Submit obediently!" Ibrahim replied: "I submit obediently to the Lord of the worlds". (Al Baqarah: 2:131)

"And He taught Adam all the names, then presented them to the angels and said: "Name me the names of these things if you are true, those who are true!" (Al Baqarah: 2:31)

Allah said: "O Adam, tell them the names of these things." So after he told them the names of these objects, Allah said: "Have I not told you that I know the secrets of the heavens and the earth and know what they are. what you give birth to and what do you hide?" (Al Baqarah: 2:33)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about the fact that until this moment in the realm of the seven skys who have balance with Allah in thinking is human, then to understand Allah must go through human thought, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis in the realm of the seven skys which has a balance with Allah in thinking is human, to understand Allah must go through human thought, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

UNTIL THIS SECOND, IN THE SEVEN SKY NATURE, THE ONLY ONE WHO HAVE BALANCE IN THINKING WITH ALLAH ARE HUMANS

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"... the seven skys are layered... balanced... (Al Mulq: 67: 3)"... He taught Adam the names of all ... (Al Baqarah: 2: 31) "Allah said: "O Adam, tell them the names of these things." So... he told them the names of the objects... (Al Baqarah: 2: 33)*

It turns out, since the first time humans were created, Allah has declared that humans, in this case Adam, have got a high position among Allah's other creatures, angels, jinn, satans and devils.

What makes humans high?

The answer is

Hidden in the secret behind the verse: *"... He taught Adam all the names... (Al Baqarah: 2: 31)*

Now, with Allah teaching directly to Adam, meaning to humans, then this proves that humans have been given one tool to use to think, namely the brain, which consists of 65 000 000 000 nerve cells, to be used to think and *"...think about the creation of the skys and the earth...(Ali 'Imran: 3:191)*

This is, the only creature of Allah, who is called human, in the entire realm of the seven skys and all that is in them, has obtained the status of the highest position, among other creatures of Allah.

Because of this high status, Allah has declared that Allah is balanced in thinking with humans, as the seven skys are "... *balanced...* (Al Mulk: 67: 3)

TO UNDERSTAND THE REAL ALLAH, LEARN THROUGH HUMAN THOUGHTS

Well, now it's been revealed, the secret hidden behind the verses: "... *He taught Adam all the names...* (Al Baqarah: 2: 31)" Allah said: "*O Adam, tell them the names of Allah. the name of this thing.*" So... *he told them the names of the objects...* (Al Baqarah: 2: 33)

That is, here Allah has raised humans when balanced in terms of thinking between Allah and humans. Where Allah gives a lesson "... *about the creation of the skys and the earth...* (Ali 'Imran: 3: 191) then humans reflect Allah's thoughts about "... *the creation of the skys and the earth...* (Ali 'Imran: 3: 191 "Allah said: "*O Adam, tell them the names of these things.*" So... *he told them the names of these objects...* (Al Baqarah: 2: 33)

Allah and man "...*balance...*(Al Mulk: 67: 3) in thinking.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "... *the seven skys are layered... balanced...* (Al Mulk: 67: 3)" "... *He taught Adam the names of all ...* (Al Baqarah: 2: 31) "Allah said: "*O Adam, tell them the names of these things.*" So... *he told them the names of the objects...* (Al Baqarah: 2: 33)

It turns out, since the first time humans were created, Allah has declared that humans, in this case Adam, have got a high position among Allah's other creatures, angels, jinn, satans and devils.

What makes humans high?

The answer is

Hidden in the secret behind the verse: "... *He taught Adam all the names...* (Al Baqarah: 2: 31)

Now, with Allah teaching directly to Adam, meaning to humans, then this proves that humans have been given one tool to use to think, namely the brain, which consists of 65 000 000 000 nerve cells, to be used to think and "...*think about the creation of the skys and the earth...*(Ali 'Imran: 3:191)

This is, the only creature of Allah, who is called human, in the entire realm of the seven skys and all that is in them, has obtained the status of the highest position, among other creatures of Allah.

Because of this high status, Allah has declared that Allah is balanced in thinking with humans, as the seven skys are "... *balanced...* (Al Mulk: 67: 3)

Well, now it's been revealed, the secret hidden behind the verses: "... *He taught Adam all the names...* (Al Baqarah: 2: 31)" Allah said: "*O Adam, tell them the names of Allah. the name of this thing.*" So... *he told them the names of the objects...* (Al Baqarah: 2: 33)

That is, here Allah has raised humans when balanced in terms of thinking between Allah and humans. Where Allah gives a lesson "... *about the creation of the skys and the earth...* (Ali 'Imran: 3: 191) then humans reflect Allah's thoughts about "... *the creation of the skys and the earth...* (Ali 'Imran: 3: 191 "Allah said: "*O Adam, tell them the names of these things.*" So... *he told them the names of these objects...* (Al Baqarah: 2: 33)

Allah and man"...*balance*...(Al Mulk: 67: 3) in thinking.
