## ABSTRACT

Before the author writes about the problem of the birth of tauhid or monotheism after humans think and understand the early Allah, think about making dhikr about the creation of the skys and the earth, while trying to stay on the straight path, the writer first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of the birth of tauhid or monotheism after humans thought and understood the early Allah, thought about dhikr about the creation of the skys and the earth, while trying to stay on the straight path, based on the molecular structure of nucleic acids or deoxyribonucleic acid (DNA). .

There are several verses that open Allah's secret about the birth of tauhid or monotheism after humans think and understand the early Allah, think about dhikr about the creation of the skys and the earth, while trying to stay on the straight path, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course, We would have doubted about them what they doubted about themselves." (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*Allah said: "O Moses, verily I have chosen you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill (all My commands) and let them believe in Me. Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31:28)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

*"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

*"It is He Who created the heavens and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"Had it not been for the favor of my Lord, I would have been among those who were dragged away." (Ash Shaaffaat: 37: 57)*

*"Indeed this is truly a great victory. (Ash Shaaffaat: 37:60)*

*"For this kind of victory let those who work (Ash Shaaffaat: 37:61)*

*"Show us the straight path (Al-Faatihah: 1:6)*

*"And We created everything in pairs so that you remember the greatness of Allah (Adz Dzaariyaat: 51: 49)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

In an effort to open the veil of Allah's secret about the birth of tauhid or monotheism after humans thought and understood the early Allah, thought about making dhikr about the creation of the skies and the earth, while trying to stay on the straight path, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes the hypothesis of the birth of tauhid or monotheism after humans thought and understood the early Allah, thought about making dhikr about the creation of the skies and the earth, while trying to stay on the straight path, based on Deoxyribonucleic acid (DNA).

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we look at one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then

we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **TAUHID WAS BORN BECAUSE OF THE EARLY ALLAH, WHO CREATED THE SKYS AND EARTH, WITH ALLAH'S ENERGY, ALLAH'S PARTICLES AND ALLAH'S SPIRIT**

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"He is the First... (Al Hadid: 57: 3)"... people who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth...(Ali 'Imran: 3:191)"...in six times...(Al Hadid: 57:4)"For this kind of victory let those who work ( Ash Shaaffaat: 37:61)*

Apparently, here Allah has declared: Allah *"...The First...(Al Hadiid: 57:3)"...who created the skys and the earth...(Al Hadiid: 57:4)"For this kind of victory let those who work try (Ash Shaaffaat: 37:61)*

Well, Allah *"...The First...(Al Hadiid: 57:3)* who created *"...the skys and the earth...(Al Hadiid: 57:4)*

Since when did Allah create *"...the skys and the earth...(Al Hadid: 57:4)?*

The answer is,

The sky or what is called the universe and everything in it, was created **13 800 000 000** years ago. Where through the energy of Allah first created the core of this universe, called quarks. From quarks are born hydrogen atoms and other atoms. Where these atoms are the building blocks of the universe and all its contents, including the building of the human body.

It turns out, from Allah *"... the First... (Al Hadiid: 57: 3)* who created *"... the skys and the earth... (Al Hadiid: 57: 4)* was born tauhid or monotheism

So monotheism is born because of Allah *"... the early... (Al Hadid: 57: 3)*

## **THINK TO MIND ABOUT THE CREATION OF THE SKYS AND EARTH, WHILE TRYING TO STAY ON THE STRAIGHT PATH**

Well, after tauhid or monotheism is born, humans use their minds to think in order to dhikr *"...about the creation of the skys and the earth...(Ali 'Imran: 3: 191)* to understand the real Allah.

Because to understand Islam as a whole, humans must first think about dhikr *"...about the creation of the skys and the earth...(Ali 'Imran: 3:191)* to understand the real Allah.

So, after humans understand the real Allah, then humans will understand Islam as a whole.

This is the law of Allah and the secret of Allah, to understand Islam in its entirety.

Tauhid is born because of Allah "... *the First...* (*Al Hadiid: 57: 3*) who created "... *the skys and the earth...* (*Al Hadiid: 57: 4*)

To understand the real Allah, man must search with his mind while dhikr how Allah created "... *the skys and the earth...* (*Ali 'Imran: 3: 191*)

Well, after meeting Allah and understanding the real Allah, then humans will understand Islam as a whole.

After humans understand Islam thoroughly, try to stay on the straight path.

Mathematically it can be formulated: Allah "...*The First...*(*Al Hadiid: 57:3*) = think "...*about the creation of the skys and the earth...*(*Ali 'Imran: 3:191*) = dhikr" ...*remembering the greatness of Allah* (*Adz Dzaariyaat: 51: 49*) = strive and "...*try...*(*Ash Shaaffaat: 37: 61*) stay on "...*the straight path* (*Al Faatihah: 1:6*) .

## CONCLUSION

The conclusions that can be drawn from the above explanation are the secrets contained behind the verses: "*He is the First...* (*Al Hadid: 57: 3*)" ... *people who remember Allah while standing or sitting or lying down and they think about the creation of the skys and the earth...*(*Ali 'Imran: 3:191*)"*...in six times...*(*Al Hadid: 57:4*)"*For this kind of victory let those who work* (*Ash Shaaffaat: 37:61*)

Apparently, here Allah has declared: Allah "...*The First...*(*Al Hadiid: 57:3*)" ...*who created the skys and the earth...*(*Al Hadiid: 57:4*)"*For this kind of victory let those who work try* (*Ash Shaaffaat: 37:61*)

Well, Allah "...*The First...*(*Al Hadiid: 57:3*) who created "...*the skys and the earth...*(*Al Hadiid: 57:4*)

Since when did Allah create "...*the skys and the earth...*(*Al Hadid: 57:4*)?

The answer is,

The sky or what is called the universe and everything in it, was created **13 800 000 000** years ago. Where through the energy of Allah first created the core of this universe, called quarks. From quarks are born hydrogen atoms and other atoms. Where these atoms are the building blocks of the universe and all its contents, including the building of the human body.

It turns out, from Allah "... *the First...* (*Al Hadiid: 57: 3*) who created "... *the skys and the earth...* (*Al Hadiid: 57: 4*) was born tauhid or monotheism

So monotheism is born because of Allah "... *the early...* (*Al Hadid: 57: 3*)

Well, after tauhid or monotheism is born, humans use their minds to think in order to dhikr "...*about the creation of the skys and the earth...*(*Ali 'Imran: 3: 191*) to understand the real Allah.

Because to understand Islam as a whole, humans must first think about dhikr "...*about the creation of the skys and the earth...*(*Ali 'Imran: 3:191*) to understand the real Allah.

So, after humans understand the real Allah, then humans will understand Islam as a whole.

This is the law of Allah and the secret of Allah, to understand Islam in its entirety.

Tauhid is born because of Allah "... *the First...* (*Al Hadiid: 57: 3*) who created "... *the skys and the earth...* (*Al Hadiid: 57: 4*)

To understand the real Allah, man must search with his mind while dhikr how Allah created "... *the skys and the earth...* (*Ali 'Imran: 3: 191*)

Well, after meeting Allah and understanding the real Allah, then humans will understand Islam as a whole.

After humans understand Islam thoroughly, try to stay on the straight path.

Mathematically it can be formulated: Allah "...*The First...*(*Al Hadiid: 57:3*) = think"...*about the creation of the skys and the earth...*(*Ali 'Imran: 3:191*) = dhikr" ...*remembering the greatness of Allah* (*Adz Dzaariyaat: 51: 49*) = strive and "...*try...*(*Ash Shaaffaat: 37: 61*) stay on "...*the straight path* (*Al Faatihah: 1:6*) .
