ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of the greatness of Allah SWT regarding the secret of bowing and prostration in prayer, the image of prostration in paradise, prostration of everything in the sky and earth, seen from the point of photons, quarks and structures. molecular nucleic acid or deoxyribonucleic acid (DNA)

The signs of Allah's greatness regarding bowing and prostration in prayer, the image of prostration in paradise, prostration of all that is in the skys and the earth, are stored in the following verses:

"Those who lack understanding among people will say: "What has turned them away from their Qibla (Baitul Maqdis) to which they used to be oriented?" Say: "To Allah belongs the east and the west; He guides whom He wills to a straight path." (Al-Baqarah: 2:142)

"And when We said to the angels: "Prostrate yourselves to Adam," then they prostrate except devil; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

Allah said: "O devil, why are you not with those who prostrate?" (Al Hijr: 15: 32)

And when We said to the angels: "Prostrate all of you to Adam", then they prostrated except the devil. He said: "Shall I prostrate to the one whom You created from clay?" (Al Israa ': 17: 61)

"Only to Allah prostrate all that is in the skys and the earth, either of their own volition or forced by their shadows in the morning and evening. (Ar Ra'd: 13:15)

"When his Lord said to him: "Submit, obey!" Ibrahim replied: "I submit obediently to the Lord of the worlds." (Al Baqarah: 2:131)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Establish prayer from after the sun has slipped until the darkness of the night and dawn. Verily the dawn prayer is witnessed. (Al Israa ': 17: 78)

Allah said: "What prevented you from prostrating when I commanded you?" The devil replied "I am better than him: You created me from fire while You created him from clay." (Al A'raaf: 7:12)

"And when We said to the angels: "Prostrate yourselves to Adam, so bow down to them except devil. He is from the group of jinn, so he disobeys the command of his Lord. Should you take him and his descendants as leaders other than Me, while they are your enemies? It is very bad that the devil is a substitute for the wrongdoers. (Al Kahf: 18: 50)

In an effort to open the veil of the greatness of Allah SWT regarding bowing and prostration in prayer, the image of prostration in paradise, prostration of everything in the skys and earth, I use the basis of photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here the author proposes a hypothesis, bowing and prostration in prayer, the image of prostration in heaven, prostration of all that is in the heavens and earth, is a sign of *"I submit to the Lord of the worlds"*. (*Al Baqarah: 2: 131*), seen from photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms which is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

BOWING AND PROSTRATION ARE SYMBOLS OF SUBMISSION

Now, we are still focused on continuing to unravel the secrets that are hidden behind the verse: *"So when I have perfected the incident, and have breathed into it my spirit, then bow down to it by prostrating yourself (Al Hijr: 15: 29)*

It turns out, here, Allah has declared and at the same time tested the angels, jinn, devils and satans, whether they, who are all creatures of Allah, want to submit to Allah or not. By being ordered to bow and prostrate, *"... to bow... prostrate (Al Hijr: 15: 29)* in front of Adam.

It is proven by the tests given by Allah to angels, jinn, devils and satans, *"...submit yourself to him by prostrating (Al Hijr: 15: 29)*, it turns out that only angels do bowing and prostration, *"... to bow... prostrate (Al Hijr: 15: 29)*

"...Devil. He is from the jinn group ... (Al Kahf: 18: 50) , the jinn and the devil reject Allah's test, openly, at the same time challenging Allah *"Shall I prostrate to the person You created from the ground?" (Al Israa ': 17: 61)*, *"I am better than him: You created me from fire while You created him from clay." (Al A'raaf: 7:12)*

Well, the picture of bowing and prostration, *"... to bow... prostrate (Al Hijr: 15: 29)* is the picture and

symbol of bowing and prostration in prayer.

The symbol of bowing and prostration in prayer, which means *"I submit obediently to the Lord of the worlds"*. (Al Baqarah: 2: 131)

PROSTRATE EVERYTHING IN THE SKY AND EARTH

So onward, we will uncover the secrets that are hidden behind the verse: *"Only to Allah all things in the skys and the earth prostrate, either of their own volition or forced to cast their shadows in the morning and evening.* (Ar Ra'd: 13 : 15)

As it turns out, whatever is in the sky, planets, moons, stars, galaxies, all prostrate, submissively, through the attraction of gravity.

Without the attraction of gravity, then everything in the heavens and the earth, will collide with each other and be destroyed.

Without the gravitational attraction of the earth, everything on earth would collide and be destroyed. Also the earth will collide with other planets.

Now, it has been revealed, the secret hidden behind the verse: *"Only to Allah all things in the skys and on earth, either of their own volition or forced to cast their shadows in the morning and evening.* (Ar Ra'd: 13:15)

That is, all that is in the skys and the earth prostrates to Allah by means of gravitational attraction.

Bowing and prostration in prayer, images of bowing and prostration in paradise, and prostration of everything in the skys and the earth

Well, the secret that is hidden behind the verse: *"Establish prayer from after the sun has slipped until it is dark at night and at dawn ...* (Al Israa ': 17: 78)

It means, *"... to bow... prostrate* (Al Hija: 15: 29) , as carried out by angels, and *"...to Allah prostrate all that is in the heavens and on the earth...(Ar Ra 'd: 13:15) "...I submit to the Lord of the worlds."* (Al Baqarah: 2:131)

CONCLUSION

From what has been described above we can now conclude that the secrets that are hidden behind the verse: *"So when I have perfected the incident, and have breathed into it my spirit, then bow down to it by prostrating yourself* (Al Hija: 15: 29)

It turns out, here, Allah has declared and at the same time tested the angels, jinn, devils and satans, whether they, who are all creatures of Allah, want to submit to Allah or not. By being ordered to bow and prostrate, *"... to bow... prostrate* (Al Hija: 15: 29) in front of Adam.

It is proven by the tests given by Allah to angels, jinn, devils and satans, *"...submit yourself to him by prostrating* (Al Hija: 15: 29), it turns out that only angels do bowing and prostration, *"... to bow... prostrate* (Al Hija: 15: 29)

"...Devil. He is from the jinn group ... (Al Kahf: 18: 50) , the jinn and the devil reject Allah's test, openly, at the same time challenging Allah *"Shall I prostrate to the person You created from the ground?"* (Al Israa ': 17: 61), *"I am better than him: You created me from fire while You created him*

from clay." (Al A'raaf: 7:12)

Well, the picture of bowing and prostration, "... to bow... *prostrate* (Al Hijr: 15: 29) is the picture and symbol of bowing and prostration in prayer.

The symbol of bowing and prostration in prayer, which means "*I submit obediently to the Lord of the worlds*". (Al Baqarah: 2: 131)

So onward, we will uncover the secrets that are hidden behind the verse: "*Only to Allah all things in the skys and the earth prostrate, either of their own volition or forced to cast their shadows in the morning and evening.* (Ar Ra'd: 13 : 15)

As it turns out, whatever is in the sky, planets, moons, stars, galaxies, all prostrate, submissively, through the attraction of gravity.

Without the attraction of gravity, then everything in the heavens and the earth, will collide with each other and be destroyed.

Without the gravitational attraction of the earth, everything on earth would collide and be destroyed. Also the earth will collide with other planets.

Now, it has been revealed, the secret hidden behind the verse: "*Only to Allah all things in the skys and on earth, either of their own volition or forced to cast their shadows in the morning and evening.* (Ar Ra'd: 13:15)

That is, all that is in the skys and the earth prostrates to Allah by means of gravitational attraction.

Bowing and prostration in prayer, images of bowing and prostration in paradise, and prostration of everything in the skys and the earth

Well, the secret that is hidden behind the verse: "*Establish prayer from after the sun has slipped until it is dark at night and at dawn ...* (Al Israa ': 17: 78)

It means, "... to bow... *prostrate* (Al Hijr: 15: 29) , as carried out by angels, and "...to Allah prostrate all that is in the heavens and on the earth...(Ar Ra 'd: 13:15) "...I submit to the Lord of the worlds." (Al Baqarah: 2:131)
