**ABSTRACT**

Before the author writes down the problem of whether Allah created His creatures by using Allah's spirit repeatedly until the seven skys disappear, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret about whether Allah created His creatures by using Allah's spirit repeatedly until the seven skys disappear, based on Deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about whether Allah really created His creatures by using Allah's spirit repeatedly until the seven skys disappeared, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

*"Indeed, We have adorned the heavens near the stars, and We have made the stars casters of the devil, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)*

*"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa': 21:16)*

*"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)*

*"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)*

*"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)*

*"Allah created theskys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)*

*"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to open the veil of Allah's secret about whether Allah created His creatures by using Allah's spirit repeatedly until the seven skys disappear, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes the hypothesis that Allah created His creatures by using Allah's spirit repeatedly until the seven skys disappeared, because *"...Allah's spirit...(Shaad: 38: 72)*

which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, lost to Allah's energy, based on Deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## **MOST OF HUMANS STILL DON'T UNDERSTAND, ALLAH CREATED HIS CREATURES USING THE SAME SPIRIT OF ALLAH REPEATEDLY UNTIL THE SEVEN SKYS DISAPPEARS**

Well now, we are still concentrating on uncovering the secrets contained behind the verses: *"...He made the seven sskys in two periods...(Fushshilat: 41:12)" Allah created the skys and the earth with the right... (Al 'Ankabuut: 29: 44)"...Our spirit... incarnated... human...(Maryam: 19:17)"...I breathed on him my spirit...(Shaad: 38:72 )*

Apparently, here Allah has declared, that Allah created humans the same as creating *"...seven skys... (Fushshilat: 41:12)* by using *"...Allah's spirit...(Shaad: 38: 72)*

Well, it turns out that after examining the roots, *"...the spirit of Allah... (Shaad: 38: 72)* is an atom.

So, whatever, that is in the seven skys and all that is in them are atoms. Like a human being is made up of **70 00000000 00000000 00000000** atoms.

Well, this atom, which can live to the age of **10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000** years

So, actually, Allah created His creatures, over and over again using the same atoms. Or in other words, Allah created His creatures with the same “...*the spirit of Allah...*(*Shaad: 38: 72*).

**THE SPIRIT OF ALLAH THAT REPRESENTS DEAD HUMANS CONSIST OF SMALL HYDROGEN ATOMS, CARBON ATOMS, NITROGEN ATOMS AND OXYGEN ATOMS, WHILE MOST OF THESE ATOMS WERE USED BY ALLAH TO CREATE A NEW ALLAH CREATURE**

Well, now the secret of Allah is revealed, where Allah creates His creatures over and over again using the same “...*Allah's spirit...*(*Shaad: 38: 72*)

## CONCLUSION

From what is described above, it can be concluded that the secrets contained behind the verses: “...*He made the seven sskys in two periods...*(*Fushshilat: 41:12*)” *Allah created the skys and the earth with the right... (Al 'Ankabuut: 29: 44)*”...*Our spirit... incarnated... human...*(*Maryam: 19:17*)”...*I breathed on him my spirit...*(*Shaad: 38: 72*)

Apparently, here Allah has declared, that Allah created humans the same as creating “...*seven skys...*(*Fushshilat: 41:12*) by using “...*Allah's spirit...*(*Shaad: 38: 72*)

Well, it turns out that after examining the roots, “...*the spirit of Allah...*(*Shaad: 38: 72*) is an atom.

So, whatever, that is in the seven skys and all that is in them are atoms. Like a human being is made up of 70 000000000 000000000 000000000 atoms.

Well, this atom, which can live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years

So, actually, Allah created His creatures, over and over again using the same atoms. Or in other words, Allah created His creatures with the same “...*the spirit of Allah...*(*Shaad: 38: 72*).

Well, now the secret of Allah is revealed, where Allah creates His creatures over and over again using the same “...*Allah's spirit...*(*Shaad: 38: 72*)
