ABSTRACT

First of all, by asking for forgiveness from Allah SWT, here I try to reveal the signs of the greatness of Allah SWT regarding the secret about, is it true that people who have sinned feel safe, if in the end paradise and hell disappear, from the point of view of photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid? acid (DNA)

Signs of the greatness of Allah SWT regarding whether people who sin feel safe, if in the end paradise and hell disappear, are found in several verses, namely:

"And give good tidings to those who believe and do good, that for them are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Allah promises the believers, male and female, Paradise under which rivers flow, they will abide therein, there are good places in Paradise 'Adn. And Allah's pleasure is greater; that is great fortune. (At Taubah: 9:72)

Allah said: "Enter all of you into hell with the jinn and humans who went before you. Every time a people enter, he curses his friend; so that when they all enter say those who enter later among them say to those who entered earlier: "Our Lord, they have led us astray, so bring upon them a double torment from hell." Allah said: "Each one gets a double, but you do not know." (Al A'raaf: 7:38)

"The angels and the spirit ascend to God in a day whose levels are fifty thousand years Al Ma'aarij (70:4)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And We created the jinn before from a very hot fire (Al Hijr: 15: 27)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And they do not glorify Allah with proper exaltation when the whole earth is in His hands on the Day of Resurrection and the heavens are rolled up with His right hand. Glory be to God and exalted is He above what they associate. (Az Zumar: 39: 67) Indeed, the Day of Judgment will surely come, there is no doubt about it, but most people do not believe (Al Mu'min: 40: 59)

"So when I have perfected the event and I have breathed into it My spirit; then you should fall down prostrating to it." (Shaad: 38:72)

In an effort to unveil the greatness of Allah SWT regarding whether people who sin are truly safe, if in the end paradise and hell disappear, I use the basis of photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

PEOPLE WHO DO SIN AND ALLAH HAS SEVERED MY SPIRIT FROM THAT PERSON TO ENTER HELL, THEN MY SPIRIT WILL ALIVE IN HELL UNTIL THE SEVEN SKYS GIVE UP BACK TO ALLAH'S ENERGY

Now, if the person who sins feels safe, because hell will disappear, that's an assumption and feeling that is just a mirage. Because if "...my spirit...(Shaad: 38:72) has entered paradise or hell, then "...my spirit...(Shaad: 38:72) will live until the seven paradise are gone, back into Allah's energy.

Now, it's been revealed, the secret behind the verses: "... for them heavens are provided... they will live in it forever (Al Baqarah: 2: 25)" Allah says: "Enter you all into hell together the jinn and humans who have gone before you... (Al A'raaf: 7: 38)

"...my spirit...(Shaad: 38:72) who enter paradise and into hell, they will live to the age of 10 **billion billion billion billion billion billion billion billion billion billion** years from now, until nuclear power holds the quarks in the atom are missing

CONCLUSION

From what has been described above we can now conclude that the secret hidden behind the verse: "... for them provided paradises flowing rivers in them... they will abide in them forever (Al Baqarah: 2: 25)" Allah said: "Enter all of you into hell with the jinn and humans who went before you... (Al A'raaf: 7: 38)

It turns out, whether in paradise or in hell, it is not eternal, because what is called "...they are eternal in it (Al Baqarah: 2:25) is according to human calculations, while according to Allah's reckoning it is not eternal, what is eternal is only Allah with Allah's energy, Allah's particles, photons and quarks. Because in paradise and in hell the inhabitants are "... my spirit... (Shaad: 38: 72)

Well, "...my spirit...(Shaad: 38:72) is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms. Where the atoms are impermanent, after reaching the age of 10 **000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years from now, the nuclear power that holds the quarks in the atom is lost.

Now, if the person who sins feels safe, because hell will disappear, that's an assumption and feeling that is just a mirage. Because if "...my spirit...(Shaad: 38:72) has entered paradise or hell, then "...my spirit...(Shaad: 38:72) will live until the seven paradise are gone, back into Allah's energy.

Now, it's been revealed, the secret behind the verses: "... for them heavens are provided... they will live in it forever (Al Baqarah: 2: 25)" Allah says: "Enter you all into hell together the jinn and humans who have gone before you... (Al A'raaf: 7: 38)

"...my spirit...(Shaad: 38:72) who enter paradise and into hell, they will live to the age of 10 **billion billion billion billion billion billion billion billion billion billion** years from now, until nuclear power holds the quarks in the atom are missing
