ABSTRACT

Before the author writes about empirical evidence, darut tauhid (monotheism), where it is real, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of empirical evidence, darut tauhid (monotheism), where it is real, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secret about empirical evidence, darut tauhid (monotheism), where it is real, namely the following verses:

"Then when I have perfected the body and I have breathed on him my spirit, then you should fall down prostrating to him." (Shaad: 38: 72)

"So Maryam made a veil from them; then We sent Our spirit to her, so Our spirit incarnated before Maryam, the perfect human. (Maryam: 19: 17)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Surely Allah is All-Wise, All-Knowing. (Al Baqarah: 2: 115)

In an effort to uncover Allah's secret veil about empirical evidence, darut tauhid (monotheism), where it is real, the author uses deoxyribonucleic acid as a basis.

HYPOTHESIS

Here the author proposes hypothesis empirical evidence, where darut tauhid (monotheism) is, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interaction.

QUARK

If we want to know about quarks, then we have to look at one of the hydrogen atoms, which is the building element of the human body, animals, plants and fruits, as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. So if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

DEOXYRIBONUCLATED ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and

contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 atom of phosphorus, 4 atoms of oxygen and 2 atoms of hydrogen. A 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human Deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in the atmosphere.

EMPIRICAL EVIDENCE, DARUT TAUHID, WHERE IT IS REAL

So now, we are still concentrating on dismantling the secrets contained behind the verses: "*... I breathed on him my spirit... (Shaad : 38: 72)*"... *wherever you turn, there is the face of Allah.. (Al Baqarah : 2: 115)*

Here, Allah or Jahve or Adonai has revealed the secret about "*...the face of Allah...(Al Baqarah: 2: 115)*

Now, the question arises,

What is the relationship between "*...the face of Allah...(Al Baqarah: 2: 115)*" and the darut of monotheism?

The answer is in the secret behind the verse: "*...seven skys...balanced (Al Mulk : 67: 3)*

Well, it turns out that before being created "*...seven skys...balanced (Al Mulk: 67: 3)*", there needs to be "*...the face of Allah...(Al Baqarah: 2: 115)*

It means "*...the face of Allah...(Al Baqarah: 2: 115)*" is built with Allah's energy and Allah's particles.

Now, the energy of Allah and Allah, united, cannot be separated.

That is, speaking Allah's energy is the same as speaking of Allah. So speaking Allah is the same as speaking Allah's energy.

So, **Allah – Allah's energy**, united, inseparable.

Well, **Allah – Allah's energy**, united, inseparable, pre-existing, created "*...seven skys...balanced (Al Mulk : 67: 3)*.

So, at the time before "*...seven skys...balanced (Al Mulk : 67: 3)*", were created, there was already **Allah – Allah's energy**, united, inseparable.

Well, with **Allah – Allah's energy** is born Allah's particles in the form of quarks.

Thus, quarks were formed through Allah's particles, the first matter, before the universe or "*...seven skys...balanced (Al Mulk : 67: 3)*", was created.

Through these quarks, hydrogen atoms and other atoms are born, which will become the building blocks of the universe or *"...seven skys...balanced (Al Mulk: 67: 3)*

Well, at the time before the creation of the universe or *"...seven skys...balanced (Al Mulk: 67: 3)*, at that time, there was darut tauhid.

That is, in times, situations and circumstances, **Allah – Allah's energy**, united, cannot be separated.

Allah – Allah's energy, united, inseparable, is monotheism.

So, mathematically, it can be written, **Allah – Allah's energy – monotheism – Allah**.

Or in other words, darut tauhid, existed, before the universe or *"...seven skys...balanced (Al Mulk: 67: 3)*, was created.

This is empirical evidence, where in fact, darut monotheism exists.

CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verses: *"... I breathed on him my spirit... (Shaad : 38: 72)"... wherever you turn, there is the face of Allah.. (Al Baqarah : 2: 115)*

Here, Allah or Jahve or Adonai has revealed the secret about *"...the face of Allah...(Al Baqarah: 2: 115)*

Now, the question arises,

What is the relationship between *"...the face of Allah...(Al Baqarah: 2: 115)* and the darut of monotheism?

The answer is in the secret behind the verse: *"...seven skys...balanced (Al Mulk : 67: 3)*

Well, it turns out that before being created *"...seven skys...balanced (Al Mulk: 67: 3)*, there needs to be *"...the face of Allah...(Al Baqarah: 2: 115)*

It means *"...the face of Allah...(Al Baqarah: 2: 115)* is built with Allah's energy and Allah's particles.

Now, the energy of Allah and Allah, united, cannot be separated.

That is, speaking Allah's energy is the same as speaking of Allah. So speaking Allah is the same as speaking Allah's energy.

So, **Allah – Allah's energy**, united, inseparable.

Well, **Allah – Allah's energy**, united, inseparable, pre-existing, created *"...seven skys...balanced (Al Mulk : 67: 3)*.

So, at the time before *"...seven skys...balanced (Al Mulk : 67: 3)*, were created, there was already **Allah – Allah's energy**, united, inseparable.

Well, with **Allah – Allah's energy** is born Allah's particles in the form of quarks.

Thus, quarks were formed through Allah's particles, the first matter, before the universe or "...seven skys...balanced (*Al Mulk : 67: 3*), was created.

Through these quarks, hydrogen atoms and other atoms are born, which will become the building blocks of the universe or "...seven skys...balanced (*Al Mulk: 67: 3*)

Well, at the time before the creation of the universe or "...seven skys...balanced (*Al Mulk: 67: 3*), at that time, there was darut tauhid.

That is, in times, situations and circumstances, **Allah – Allah's energy**, united, cannot be separated.

Allah – Allah's energy, united, inseparable, is monotheism.

So, mathematically, it can be written, **Allah – Allah's energy – monotheism – Allah**.

Or in other words, darut tauhid, existed, before the universe or "...seven skys...balanced (*Al Mulk: 67: 3*), was created.

This is empirical evidence, where in fact, darut monotheism exists.
