ABSTRACT

Before I write down the problem for what reason, humans know that Allah is eternal, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about for what reason, humans know that Allah is eternal,

There are several verses that become Allah's secret unlocking tool about why humans know that Allah is eternal, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

And We said: "O Adam, dwell in this paradise for you and your wives, and eat from its abundant good food wherever you like, and do not approach this tree, which causes you to be of the wrongdoers." Baqarah : 2:35)

"Then both of them were derailed by the devil from heaven and brought out from their original state and We said: "Come down! some of you are enemies to others, and for you there is a place to live on earth, and the pleasures of living to an appointed time." (Al Baqarah: 2:36)

"The paradise of 'Adn which they enter together with the righteous from their fathers, wives and offspring, while the angels enter their places from all doors; (Ar Ra'd: 13:23)

"And each one came, with him an angel of escort and an angel of witness. (Qaf: 50: 21)

"O you who believe, protect yourselves and your families from a hell fire whose fuel is people and stones; its guardians are angels who are harsh, harsh, and do not disobey Allah in what He commands them and always do what is commanded. (At Tahrir : 66: 6)

"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)

"And give good tidings to those who believe and do good, that for them are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"Allah, there is no god but He Who Lives eternally and continually takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to unmask Allah's secret about for what reason, man knows that Allah is eternal, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that humans know that Allah is eternal, because in Allah's form there are particles of Allah, photons and quarks, seen from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

HUMANS KNOW THAT ALLAH IS ETERNAL LIFE BECAUSE IN ALLAH'S FORM THERE IS ALLAH'S ENERGY, ALLAH'S PARTICLES, PHOTON AND QUARK

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"He is... the Last One... (Al Hadiid: 57: 3)" Allah... The Everlasting One continues to take care of.. (Al Baqarah: 2:255) "...wherever you face there is the face of Allah... (Al Baqarah: 2: 115) "...look at that hill, so if it stays where it is, you can see it. -Ku...(Al A'raaf : 7:143) "...I breathed into him my spirit...(Shaad: 38:72)"...a day whose content is fifty thousand years (Al Ma'aarij: 70 :4)*

Now, how do humans know that Allah *"...The Last...(Al Hadiid: 57:3) "...The Everlasting One...(Al Baqarah: 2:255)*

In Allah's form there are three elements, Allah's energy, Allah's particles and "...my spirit...(Shaad: 38: 72)

Now, it is Allah's energy, Allah's particles and "...my spirit...(Shaad: 38:72) that gives rise to Allah's form.

Which element makes Allah's form "...Eternal life...(Al Baqarah: 2:255) ?

The answer is

Kept in a secret behind the verse "... wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)

Apparently, what makes Allah eternal life is Allah's energy, Allah's particles, photons and quarks.

Photons are elementary particles of the boson type and carriers of electromagnetic interactions. For example, the sunlight that comes out of the sun is carried by photons, until it reaches the earth. So photons are carriers of sunlight.

Then quarks are atomic nuclei, formed by the energy of Allah, before hydrogen atoms and other atoms appeared.

Then the Allah's particle appears through Allah's energy.

Now, the reason Allah lives eternally is because in Allah's form there is Allah's energy, Allah's particles, photons and quarks.

So, without Allah's energy, Allah's particles, photons and quarks, Allah would not live forever.

"...my spirit...(Shaad : 38:72) which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms is impermanent. The atoms live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years

Now it has been revealed, why Allah lives eternally, because in Allah's form there is Allah's energy, Allah's particles, photons and quarks.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "*He is... the Last One... (Al Hadiid: 57: 3)*" Allah... *The Everlasting One continues to take care of.. (Al Baqarah: 2:255)* "...wherever you face there is the face of Allah... (Al Baqarah: 2: 115) "...look at that hill, so if it stays where it is, you can see it. -Ku...(Al A'raaf : 7:143) "...I breathed into him my spirit...(Shaad: 38:72)"...a day whose content is fifty thousand years (Al Ma'aarij: 70 :4)

Now, how do humans know that Allah "...The Last...(Al Hadiid: 57:3) "...The Everlasting One...(Al Baqarah: 2:255)

In Allah's form there are three elements, Allah's energy, Allah's particles and "...my spirit...(Shaad: 38: 72)

Now, it is Allah's energy, Allah's particles and "...my spirit...(Shaad: 38:72) that gives rise to Allah's form.

Which element makes Allah's form "...Eternal life...(Al Baqarah: 2:255) ?

The answer is

Kept in a secret behind the verse "*... wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*

Apparently, what makes Allah eternal life is Allah's energy, Allah's particles, photons and quarks.

Photons are elementary particles of the boson type and carriers of electromagnetic interactions. For example, the sunlight that comes out of the sun is carried by photons, until it reaches the earth. So photons are carriers of sunlight.

Then quarks are atomic nuclei, formed by the energy of Allah, before hydrogen atoms and other atoms appeared.

Then the Allah's particle appears through Allah's energy.

Now, the reason Allah lives eternally is because in Allah's form there is Allah's energy, Allah's particles, photons and quarks.

So, without Allah's energy, Allah's particles, photons and quarks, Allah would not live forever.

"...my spirit...(Shaad : 38:72) which is made up of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms is impermanent. The atoms live to the age of **10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000** years

Now it has been revealed, why Allah lives eternally, because in Allah's form there is Allah's energy, Allah's particles, photons and quarks.
