ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of Allah SWT's greatness regarding Allah's secret about how the Prophet Muhammad saw actually Mi'raj to Sidratil Muntaha, viewed from the point of view of photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid. acid (DNA)

The signs of Allah's greatness regarding Allah's secret about how according to Allah, the Prophet Muhammad saw mi'raj to Sidratil Muntaha, namely in the verses:

"He is Allah, Who created all that is on earth for you and He willed (created) the skys, then He made the seven skys. And He is Knower of all things." (Al Baqarah: 2:29)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat : 41:12)

"And indeed Muhammad saw Gabriel at another time, (An Najm: 53:13) in Sidratil Muntaha (An Najm: 53:14)

"Nearby there is a paradise to live in, (An Najm: 53:15)

"when Sidratil Muntaha was overwhelmed by something that encompassed him. (An Najm: 53:16)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"Allah is the light of the skys and the earth...Light upon light...(An Nuur: 24: 35)

"... We made the apostle an angel... We made him a man... (Al An'aam: 6: 9)

And hasten to forgiveness from your Lord and to Paradise, whose breadth is as wide as the heavens and the earth, which is prepared for the pious (Ali 'Imran: 3: 133)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"His sight did not turn away from that which he saw and did not go beyond it. (An Najm: 53:17)

In an effort to unveil the greatness of Allah SWT regarding Allah's secret about what Allah actually thinks, Prophet Muhammad saw mi'raj to Sidratil Muntaha, I use the basis of photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here I propose the hypothesis of the Prophet Muhammad saw mi'raj to Sidratil Muntaha with the body and *"...my spirit... (Al Hijr: 15: 29)* seen from photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PROPHET MUHAMMAD SAW PERFORMED MI'RAJ TO SIDRATIL MUNTAHA BETWEEN SKY AND EARTH

Now, we continue to focus our minds on uncovering the secret behind the verse: *"... in fact Muhammad saw Jibril at another time, (An Najm: 53:13) in Sidratil Muntaha (An Najm: 53:14) Nearby is paradise a place to live, (An Najm: 53:15)*

Now, the question arises, where exactly is Sidratil Muntaha?

The answer is hidden in the secret behind the verse: *"... the paradise are as wide as the skys and the earth... (Ali 'Imran: 3: 133)*

It turns out that *"...paradise whose breadth is as wide as the skys and the earth...(Ali 'Imran: 3: 133)* is located on our earth today.

Why is paradise located on our earth today?

Because our earth is above a stretch of space called the sky. So, actually when humans talk about where the earth is, it is the same as the earth being above a stretch of space called the sky. So, there the earth, there the sky.

Or in other words *"... in Sidratil Muntaha (An Najm: 53:14) Nearby there is a paradise where people live (An Najm: 53:15)* is located on our earth today.

BETWEEN THE PROPHET MUHAMMAD SAW AND SIDRATIL MUNTAHA THERE IS A VEIL

One night on the 27th of Rajab in the 11th year of the prophetic year, which coincided with the 8th of March 620 AD, the Prophet Muhammad saw performed a mi'raj to Sidratil Muntaha.

Now, is there a veil between the Prophet Muhammad and Sidratil Muntaha?

The answer is

Hidden in the secret behind the verse: *"...We made a wall before them and behind them a wall, and We covered them so that they could not see."* (Yaasiin: 36:9)

Here, Allah has put *"...a veil...(Asy Syuura: 42: 51)* between the Prophet Muhammad saw and Sidratil Muntaha. Because the human eye's view is limited, where humans can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. Beyond that, the human eye cannot see light. Sidratil Muntaha lies outside the electromagnetic spectrum between 430 and 740 nanometers. So, Sidratil Muntaha is unseen.

That is, because the eyes of the Prophet Muhammad saw could not see light outside the electromagnetic spectrum region between 430 and 740 nanometers, then when the Prophet Muhammad entered Sidratil Muntaha, the Prophet Muhammad could not see the situation in Sidratil Muntaha, because Sidratil Muntaha was unseen.

PROPHET MUHAMMAD SAW SEE JIBRIL IN SIDRATIL MUNTAHA

In Sidratil Muntaha Prophet Muhammad saw Jibril *"...Muhammad has seen Jibril...(An Najm : 53:13) in Sidratil Muntaha (An Najm : 53:14)*

Why did Prophet Muhammad see Jibril in Sidratil Muntaha?

The answer is

Hidden in the secret behind the verse: *"... We made the apostle an angel, ... he was a man ... (Al An'aam: 6: 9).*

So, because Gabriel was a man, a kind of human being, the Prophet Muhammad saw clearly Jibril.

Now, finally it was revealed how the Prophet Muhammad saw performed mi'raj and met Jibril at *"Sidratil Muntaha (An Najm: 53:14) who "Nearby there is a paradise to live in, (An Najm: 53:15) , because indeed between Prophet Muhammad saw and Sidratil Muntaha already exist "... the veil... (Asy Syuura: 42: 51)*

How did the Prophet Muhammad saw know that the place was Sidratil Muntaha?

The answer is,

Hidden in the secret behind the verse: Prophet Muhammad *"...has seen some of the greatest signs of his Lord". (An Najm: 53:13-18)*

SIDRATIL MUNTAHA IS NEAR AL AQSHA MASJIDIL

Well, when the Prophet Muhammad was at Al Masjidil Aqsa, Allah had shown *"...signs...the greatest". (An Najm: 53:13-18)* i.e. like Adam when he was in heaven.

When the Prophet Muhammad saw was already at Al Masjidil Aqsa, then that was where Allah showed the Prophet Muhammad *"Sidratil Muntaha (An Najm: 53: 14) which "Nearby is a paradise to live in, (An Najm: 53: 15)*

Also, when the Prophet Muhammad saw saw *Jibril...(An Najm : 53:13) , it showed that Gabriel was there "... in Sidratil Muntaha (An Najm : 53:14)*

THE PROPHET MUHAMMAD SAW DONE MI'RAJ, WALKED INTO SIDRATIL MUNTAHA AND SEE JIBRIL

Well, because between "...*Sidratil Muntaha (An Najm: 53:14)* and the Prophet Muhammad saw already exists "...*a veil...(Asy Syuura: 42:51)*, then Prophet Muhammad saw easily walked, went straight to "...*the Sidratil Muntaha (An Najm: 53:14)* who "*Nearby is a paradise to live in, (An Najm: 53:15)* and the Prophet "...*Muhammad has seen Jibril...(An Najm: 53:13)* in Sidratil Muntaha (An Najm: 53:14)

CONCLUSION

From what has been described above we can now conclude that the secret behind the verse: "... *in fact Muhammad saw Jibril at another time, (An Najm: 53:13) in Sidratil Muntaha (An Najm: 53:14) Nearby is paradise a place to live, (An Najm: 53:15)*

Now, the question arises, where exactly is Sidratil Muntaha?

The answer is hidden in the secret behind the verse: "... *the paradise are as wide as the skys and the earth...(Ali 'Imran: 3: 133)*

It turns out that "...*paradise whose breadth is as wide as the skys and the earth...(Ali 'Imran: 3: 133)* is located on our earth today.

Why is paradise located on our earth today?

Because our earth is above a stretch of space called the sky. So, actually when humans talk about where the earth is, it is the same as the earth being above a stretch of space called the sky. So, there the earth, there the sky.

Or in other words "... *in Sidratil Muntaha (An Najm: 53:14) Nearby there is a paradise where people live (An Najm: 53:15)* is located on our earth today.

One night on the 27th of Rajab in the 11th year of the prophetic year, which coincided with the 8th of March 620 AD, the Prophet Muhammad saw performed a mi'raj to Sidratil Muntaha.

Now, is there a veil between the Prophet Muhammad and Sidratil Muntaha?

The answer is

Hidden in the secret behind the verse: "... *We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

Here, Allah has put "...*a veil...(Asy Syuura: 42: 51)* between the Prophet Muhammad saw and Sidratil Muntaha. Because the human eye's view is limited, where humans can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. Beyond that, the human eye cannot see light. Sidratil Muntaha lies outside the electromagnetic spectrum between 430 and 740 nanometers. So, Sidratil Muntaha is unseen.

That is, because the eyes of the Prophet Muhammad saw could not see light outside the electromagnetic spectrum region between 430 and 740 nanometers, then when the Prophet Muhammad entered Sidratil Muntaha, the Prophet Muhammad could not see the situation in Sidratil Muntaha, because Sidratil Munataha was unseen.

In Sidratil Muntaha Prophet Muhammad saw Jibril "...*Muhammad has seen Jibril...(An Najm : 53:13)*

in Sidratil Muntaha (An Najm : 53:14)

Why did Prophet Muhammad see Jibril in Sidratil Muntaha?

The answer is

Hidden in the secret behind the verse: *"... We made the apostle an angel, ... he was a man ... (Al An'aam: 6: 9).*

So, because Gabriel was a man, a kind of human being, the Prophet Muhammad saw clearly Jibril.

Now, finally it was revealed how the Prophet Muhammad saw performed mi'raj and met Jibril at *"Sidratil Muntaha (An Najm: 53:14)* who *"Nearby there is a paradise to live in, (An Najm: 53:15)* , because indeed between Prophet Muhammad saw and Sidratil Muntaha already exist *"... the veil... (Asy Syuura: 42: 51)*

How did the Prophet Muhammad saw know that the place was Sidratil Muntaha?

The answer is,

Hidden in the secret behind the verse: Prophet Muhammad *"...has seen some of the greatest signs of his Lord". (An Najm: 53:13-18)*

Well, when the Prophet Muhammad was at Al Masjidil Aqsa, Allah had shown *"...signs...the greatest". (An Najm: 53:13-18)* i.e. like Adam when he was in heaven.

When the Prophet Muhammad saw was already at Al Masjidil Aqsa, then that was where Allah showed the Prophet Muhammad *"Sidratil Muntaha (An Najm: 53: 14)* which *"Nearby is a paradise to live in, (An Najm: 53: 15)*

Also, when the Prophet Muhammad saw saw *Jibril...(An Najm : 53:13)* , it showed that Gabriel was there *"... in Sidratil Muntaha (An Najm : 53:14)*

Well, because between *"...Sidratil Muntaha (An Najm: 53:14)* and the Prophet Muhammad saw already exists *"...a veil...(Asy Syuura: 42:51)*, then Prophet Muhammad saw easily walked, went straight to *"...the Sidratil Muntaha (An Najm: 53:14)* who *"Nearby is a paradise to live in, (An Najm: 53:15)* and the Prophet *"...Muhammad has seen Jibril...(An Najm: 53:13)* in Sidratil Muntaha (An Najm: 53:14)
