ABSTRACT

Before I write down the problem of how Allah and the angels actually manage 100 000 000 000 galaxies in the seven skys, while Allah's particles are very slow, I first ask forgiveness from Allah SWT. Here I try to unmask the secret of how Allah and the angels actually manage 100 000 000 000 galaxies in the seven skys, while Allah's particles are extremely slow, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that are Allah's secret unlocking tool about how Allah and the angels actually manage 100 000 000 000 galaxies in the seven skys, while Allah's particles are very slow, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)

"Allah created the skys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"Allah is the Creator of the skys and the earth, and when He wills something, He simply says to it: "Be!" Then it is done. (Al Baqarah: 2:117)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa': 21:16)

"He is Allah, Who made all that is on earth for you and He willed the heavens, then He made the seven skys. And He is All-Knowing of all things (Al Baqarah: 2:29)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to unmask Allah's secret about how Allah and the angels actually manage 100 000 000 000 galaxies in the seven skys, while Allah's particles are extremely slow, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I put forward the hypothesis that Allah and the angels manage 100 000 000 000 galaxies in the seven skys, by revealing to each sky its own business, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks

of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

ALLAH USE THE BEST SOLUTION TO TAKE CARE OF EVERY SKY AND ALL ITS CONTENTS, IE BY REVELATION TO EVERY SKY TO TAKE CARE OF EVERY SKY

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"Who created the seven skys in layers... (Al Mulk: 67: 3)"... We did not create the heavens and the earth and everything else. that is between the two by playing around (Al Anbiyaa ': 21: 16) "God created the heavens and the earth with the right ... (Al 'Ankabuut: 29: 44)" ... He reveals in every sky his business ... (Fushshilat : 41:12)*

Apparently, here Allah has declared that in order to regulate the seven skys, it is not necessary for Allah to directly intervene, returning between galaxies, but in the simplest but fastest way, namely Allah *"...reveals in each sky its affairs...(Fushshilat : 41:12)*

How great is Allah in thinking, by *"...revealing to each sky his affairs... (Fushshilat: 41:12)*

Why is this great thing that has been ordained by Allah?

The answer is

Hidden in the secret behind the verse: *"... a day whose levels are fifty thousand years (Al Ma'aarij: 70:4)*

So, that means, if Allah uses the speed of light through Allah's particles with the speed of light at 5 475 103 664 604.84 km per second, then the speed of light from these Allah particles, if used for contact between galaxies, is very slow.

For contact with the Andromeda galaxy which is 2,900 000 light years away from Earth, it takes 58 days the speed of light of Allah's particles.

Likewise, contact with the Abel 2218 cluster galaxy, which is 2 000 000 000 light years away from

Earth, takes 109.6 light-speed Allah's particles.

Where one light year is 9 460 730 472 580 800 m or 9 460 730 472 580.8 km

THE SPEED OF ALLAH'S PARTICLE LIGHT 5 475 103 664 604.84 KM PER SECOND IS VERY SLOW FOR CONTACT WITH OTHER GALAXY

Well, it turns out that Allah has a very great way out, namely *"...revealing in each sky its affairs... (Fushshilat: 41:12)* let, every sky that has tens of billions of galaxies with billions of billions of stars and planets, take care of their own business.

Otherwise, it would be impossible for Allah to use Allah's particles which have the very slow speed of light to contact every galaxy.

Allah's particles, can only be used on earth and in our Milky Way galaxy. Outside the Milky Way galaxy, the speed of Allah's particles is very slow.

ALLAH REVEALS TO EVERY SKY TO MANAGE HIS OWN AFFAIRS, SAME AS ALLAH GIVES FREEDOM TO EVERY HUMAN ON EARTH TO TAKE CARE OF HIS OWN AFFAIRS, JUST GIVE INSTRUCTIONS IN THE QUR'AN

So, actually, to regulate the seven skys is very easy for Allah, it is enough to *"...revealing to each sky its affairs... (Fushshilat: 41:12)*

Where Allah does not need to intervene and command the angels to manage affairs in every sky. Angels cannot possibly be ordered to govern 100 000 000 000 galaxies in the seven skys.

Now revealed, the secret behind the verse: *"...He made the seven skys in two times. He reveals in every sky his affairs ... (Fushshilat: 41:12)*

That is, how Allah solves a way out to regulate 100 000 000 000 galaxies in the seven skys, by *"...revealing in each sky its affairs... (Fushshilat: 41:12)*

One very simple but very powerful way.

Just as Allah revealed to the Prophet Muhammad saw through the Qur'an to be used as a guide and rule by about 2 000 000 000 humans living in the world.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"Who created the seven skys in layers... (Al Mulk: 67: 3)"... We did not create the heavens and the earth and everything else. that is between the two by playing around (Al Anbiyaa ': 21: 16) "God created the heavens and the earth with the right ... (Al 'Ankabuut: 29: 44)" ... He reveals in every sky his business ... (Fushshilat : 41:12)*

Apparently, here Allah has declared that in order to regulate the seven skys, it is not necessary for Allah to directly intervene, returning between galaxies, but in the simplest but fastest way, namely Allah *"...reveals in each sky its affairs... (Fushshilat : 41:12)*

How great is Allah in thinking, by *"...revealing to each sky his affairs... (Fushshilat: 41:12)*

Why is this great thing that has been ordained by Allah?

The answer is

Hidden in the secret behind the verse: *"... a day whose levels are fifty thousand years (Al Ma'aarij: 70:4)*

So, that means, if Allah uses the speed of light through Allah's particles with the speed of light at 5 475 103 664 604.84 km per second, then the speed of light from these Allah particles, if used for contact between galaxies, is very slow.

For contact with the Andromeda galaxy which is 2,900 000 light years away from Earth, it takes 58 days the speed of light of Allah's particles.

Likewise, contact with the Abel 2218 cluster galaxy, which is 2 000 000 000 light years away from Earth, takes 109.6 light-speed Allah's particles.

Where one light year is 9 460 730 472 580 800 m or 9 460 730 472 580.8 km

Well, it turns out that Allah has a very great way out, namely *"...revealing in each sky its affairs... (Fushshilat: 41:12)* let, every sky that has tens of billions of galaxies with billions of billions of stars and planets, take care of their own business.

Otherwise, it would be impossible for Allah to use Allah's particles which have the very slow speed of light to contact every galaxy.

Allah's particles, can only be used on earth and in our Milky Way galaxy. Outside the Milky Way galaxy, the speed of Allah's particles is very slow.

So, actually, to regulate the seven skys is very easy for Allah, it is enough to *"...revealing to each sky its affairs... (Fushshilat: 41:12)*

Where Allah does not need to intervene and command the angels to manage affairs in every sky. Angels cannot possibly be ordered to govern 100 000 000 000 galaxies in the seven skys.

Now revealed, the secret behind the verse: *"...He made the seven skys in two times. He reveals in every sky his affairs ... (Fushshilat: 41:12)*

That is, how Allah solves a way out to regulate 100 000 000 000 galaxies in the seven skys, by *"...revealing in each sky its affairs... (Fushshilat: 41:12)*

One very simple but very powerful way.

Just as Allah revealed to the Prophet Muhammad saw through the Qur'an to be used as a guide and rule by about 2 000 000 000 humans living in the world.
