ABSTRACT

Before the author writes the problem of how Allah actually speaks directly to humans, whether Allah is in front of humans or Allah is in humans, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of how Allah actually speaks directly to humans, whether Allah is before humans or Allah is within humans, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how Allah actually speaks directly to humans, whether Allah is before humans or Allah is in humans, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the heavens to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"And there is no power of the devil over them, but only that We may distinguish those who believe in the existence of the Hereafter from those who doubt about it. And your Lord is the Preserver of all things. (Saba': 34:21)

"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)

Allah said: "O Moses, indeed I chose you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)

"And when Moses came for an appointed time and the Lord had spoken to him, Moses said: "O my Lord, show me so that I can see You." The Lord said: "You will never be able to see Me, but look at the mountain, then if it stays where it is you will surely see me." When his Lord appeared to the mountain, he made the mountain crumble and Moses fell unconscious. So when Moses regained consciousness, he said: "Glory be to him. You, I repent to You and I am the first to believe." (Al A'raaf: 7:143)

"And Mary, the daughter of Imran, who kept her honor, so We breathed into her some of Our spirits, and she confirmed the words of her Lord and His Books, and she was one of the obedient ones. (At Tahrin: 66:12)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about how Allah actually speaks directly to humans, whether Allah is before humans or Allah is within humans, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes the hypothesis that Allah speaks directly to humans from within humans, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

MOST PEOPLE STILL THINK WHEN ALLAH SPEAKS, ALLAH IS ABOVE THE SKY AND HUMANS ON EARTH, BUT ACTUALLY ALLAH SPEAKS DIRECTLY WITH HUMANS FROM WITHIN HUMANS

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"Allah said: "O Moses, I have chosen you...to talk directly to Me..." (Al A'raaf: 7 : 144)"...Moses said: "O my Lord, show me so that I can see You" God said: "...look at the mountain...(Al A'raaf: 7:143)*

Apparently, here Allah has spoken directly and dialogued with young Musa before Musa was appointed as a Prophet *"O Musa...I chose you...to speak directly with Me..." (Al A'raaf: 7: 144)" ...said Moses: "O my Lord, show me so that I can see You" God said: "...look at the mountain...(Al A'raaf: 7:143)*

Now the question arises,

How did Allah actually speak directly to the young Musa?

The answer is

Hidden in the secret behind the verse: *"...I am near.. (Al Baqarah: 2: 186)*

Now, Allah is near according to Allah's measure, meaning that Allah is 18262980 times closer than the size determined by humans.

So actually, when Allah spoke to the young man Musa, Allah spoke directly from within the young man Musa, not from above the sky or in front of young Musa.

Why did Allah speak directly to the young Musa from within the body of the young Musa?

The answer is

There is a secret behind the verse: *"... I... have breathed into it my spirit... (Al Hizr: 15: 29)*

Well, because in the human body there is *"...my spirit...(Al Hizr: 15: 29)* or *"...Allah's spirit...(Al Hizr: 15: 29)*, Allah's energy and Allah's particles, then Allah's form is in the human body.

So, if Allah wanted to speak directly to the young Musa, then Allah would speak directly from within the young Musa' body.

Likewise, when Allah speaks to humans, Allah directly speaks to humans from within the human body.

So, actually, when Allah speaks directly to man it is like man talking to himself.

Or in other words, Allah speaks directly to humans, through *"...my spirit...(Al Hizr: 15: 29)* or *"...Allah's spirit...(Al Hizr: 15: 29)* which is inside human body.

This is the secret of Allah, how Allah speaks directly to humans, which most humans do not understand and do not know.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"Allah said: "O Moses, I have chosen you...to talk directly to Me..." (Al A'raaf: 7 : 144)"...Moses said: "O my Lord, show me so that I can see You" God said: "...look at the mountain...(Al A'raaf: 7:143)*

Apparently, here Allah has spoken directly and dialogued with young Musa before Musa was appointed as a Prophet *"O Musa...I chose you...to speak directly with Me..." (Al A'raaf: 7: 144)" ...said Moses: "O my Lord, show me so that I can see You" God said: "...look at the mountain...(Al A'raaf: 7:143)*

Now the question arises,

How did Allah actually speak directly to the young Musa?

The answer is

Hidden in the secret behind the verse: *"...I am near.. (Al Baqarah: 2: 186)*

Now, Allah is near according to Allah's measure, meaning that Allah is 18262980 times closer than the size determined by humans.

So actually, when Allah spoke to the young man Musa, Allah spoke directly from within the young man Musa, not from above the sky or in front of young Musa.

Why did Allah speak directly to the young Musa from within the body of the young Musa?

The answer is

There is a secret behind the verse: *"... I... have breathed into it my spirit... (Al Hizr: 15: 29)*

Well, because in the human body there is "*...my spirit...(Al Hijr: 15: 29)* or "*...Allah's spirit...(Al Hijr: 15: 29)*, Allah's energy and Allah's particles, then Allah's form is in the human body.

So, if Allah wanted to speak directly to the young Musa, then Allah would speak directly from within the young Musa' body.

Likewise, when Allah speaks to humans, Allah directly speaks to humans from within the human body.

So, actually, when Allah speaks directly to man it is like man talking to himself.

Or in other words, Allah speaks directly to humans, through "*...my spirit...(Al Hijr: 15: 29)* or "*...Allah's spirit...(Al Hijr: 15: 29)* which is inside human body.

This is the secret of Allah, how Allah speaks directly to humans, which most humans do not understand and do not know.
