ABSTRACT

Before I write down the problem of how Allah actually talks to humans behind the veil, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how Allah actually talks to humans behind the veil, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how Allah actually talks to humans behind the veil, namely the following verse:

"And it is not possible for a human being with Allah to speak to him except by revelation or behind a veil or by sending an apostle, then it is revealed to him with His permission what He wills. Verily He is Most High, Most Wise. (Ash Shuura: 42:51)

Allah said: "O Moses, verily I have chosen you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"When I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"So when I have perfected the show and breathed into it my skirt; then you must prostrate to him." (Shaad: 38:72)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight, and heart; you are very little grateful." (As Sajdah: 32: 9)

"And We put before them a wall and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36: 9)

In an effort to open the veil of Allah's secret about how Allah actually talks to humans behind the veil, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that Allah speaks to humans behind the veil using symbols with a certain frequency which is translated by "... my spirit... (Al Hijr: 15: 29) continues to be inserted into

the mind and memory or the hippocampus in the human brain, seen from Deoxyribonucleic acid (DNA) point of view

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ALLAH CANNOT BE COMBINED WITH ALL OF HIS CREATION IN THE UNIVERSE

Now, we are still trying to squeeze our minds to reveal the secret behind the verse: "*Allah said: "O Moses, indeed I chose you and other humans to bring My message and to talk directly to Me..." (Al A'raaf : 7:144)*

It turns out that Allah has "*...choose you...and to speak directly with Me..." (Al A'raaf: 7: 144)*

So, now the question arises,

How did Allah speak directly to Prophet Musa?

The answer is,

Hidden in the secret behind the verse: "*...it is impossible for a human being that Allah can speak with him except... behind a veil... (Asy Shuura: 42: 51)*

So, God can talk to humans when "*...behind the veil... (Asy Shuura: 42: 51)*

Now, because humans have been blindfolded from the front, from behind, so that they cannot see "*And We put before them a wall and behind them a wall, and We closed them so that they could not see. (Yaasiin: 36: 9) then in fact, humans are already "..."behind the veil... (Asy Syuura: 42: 51)*

So, actually between Allah and humans there is already a "*...veil...(Asy Syuura : 42:51)* This means that our eyes can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. If there is light in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers, our eyes cannot see the light.

Now, between Allah and man there is already a veil,

The question arises,

How does Allah speak directly to humans?

The answer is,

Hidden in the secret behind the verse: *"...I...speak directly to Me..." (Al A'raaf: 7: 144)*

So, Allah spoke directly with Moses, but Allah did not use spoken language.

Why didn't Allah use spoken language when he spoke to Moses?

The answer is

Hidden in the secret in the verse: *"...We are closer to him than his jugular vein." (Qaf: 50:16)*

So, Allah speaks using an interpreter, namely *"... my spirit..." (Al Hijr: 15: 29)*

So, *"... my spirit..." (Al Hijr: 15: 29)* which is in the body of the Prophet Moses, who is the interpreter, all the symbols conveyed by Allah to *"... my spirit..."(Al Hijr: 15:29)* to say to Moses.

Because of Allah, it is impossible to speak with spoken language, or in any language, or with any sign language, because Allah is not the same as all His creatures. Allah is Allah.

The one who knows Allah is *"... my spirit..." (Al Hijr : 15: 29)* So, through the interpreter *"... My spirit..." (Al Hijr : 15: 29)*, Allah spoke directly with Prophet Musa.

Likewise, when the Prophet Moses spoke with Allah, *"... my spirit..." (Al Hijr: 15: 29)* which translates and conveys to Allah.

Well, now the secret hidden behind the verse has been revealed: *"Allah said: "O Moses, I actually chose you and other humans to carry My message and to talk directly to Me..." (Al A'raaf: 7 : 144)*

That is, the conversation is through the interpreter *"... my spirit..." (Al Hijr: 15: 29)*

Without the translator *"... my spirit..." (Al Hijr: 15: 29)* it would not be possible to have direct conversation between Allah and Prophet Musa.

CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *" Allah said: "O Moses, indeed I chose you and other humans to bring My message and to talk directly to Me..." (Al A'raaf : 7:144)*

It turns out that Allah has *"...choose you...and to speak directly with Me..." (Al A'raaf: 7: 144)*

So, now the question arises,

How did Allah speak directly to Prophet Musa?

The answer is,

Hidden in the secret behind the verse: *"...it is impossible for a human being that Allah can speak with him except... behind a veil... (Asy Shuura: 42: 51)*

So, God can talk to humans when *"...behind the veil... (Asy Shuura: 42: 51)*

Now, because humans have been blindfolded from the front, from behind, so that they cannot see *"And We put before them a wall and behind them a wall, and We closed them so that they could not see.*

(Yaasiin: 36: 9) then in fact, humans are already "...behind the veil... (Asy Syuura: 42: 51)

So, actually between Allah and humans there is already a "...veil...(Asy Syuura : 42:51) This means that our eyes can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. If there is light in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers, our eyes cannot see the light.

Now, between Allah and man there is already a veil,

The question arises,

How does Allah speak directly to humans?

The answer is,

Hidden in the secret behind the verse: *"...I...speak directly to Me..." (Al A'raaf: 7: 144)*

So, Allah spoke directly with Moses, but Allah did not use spoken language.

Why didn't Allah use spoken language when he spoke to Moses?

The answer is

Hidden in the secret in the verse: *"...We are closer to him than his jugular vein." (Qaf: 50:16)*

So, Allah speaks using an interpreter, namely *"... my spirit... (Al Hijr: 15: 29)*

So, *"... my spirit... (Al Hijr: 15: 29)* which is in the body of the Prophet Moses, who is the interpreter, all the symbols conveyed by Allah to *"... my spirit...(Al Hijr: 15:29)* to say to Moses.

Because of Allah, it is impossible to speak with spoken language, or in any language, or with any sign language, because Allah is not the same as all His creatures. Allah is Allah.
