ABSTRACT

Before I write down the problem of how Allah, from the Milky Way galaxy, controls the other skys, I first ask forgiveness from Allah SWT. Here I try to unmask the hidden secrets of how Allah, from the Milky Way galaxy, controls the rest of the skys, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how Allah, from the Milky Way galaxy, controls the other heavens, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"But Allah acknowledges the Qur'an which He has revealed to you. Allah has sent it down with His knowledge; and the angels are witnesses. It is enough for Allah to acknowledge it. (An Nisaa ': 4: 166)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"It is He who has made the earth a bed for you and the sky a roof, and He sends down water from the sky, then He produces with it all the fruit as a sustenance for you; therefore do not establish partners with Allah, while you know. Al Baqarah : 2:22)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"So He made it seven heavens in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to unmask Allah's secret about how Allah, from the Milky Way galaxy, actually controls the rest of the skys, I use the base of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that Allah, from the Milky Way galaxy, controls the rest of the skys, using Allah's particles which have the speed of light of 5 475103 664 604.84 km per second, and the revelation given to each sky, seen from the perspective of Deoxyribonucleic acid. (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body

of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

HOW DOES ALLAH CONTROL AND MANAGE THE BILLION BILLION BILLION GALAXIES THAT EXIST IN THE SEVEN SKYS

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"Who has created the seven heavens in layers...(Al Mulk: 67:3) "...He reveals in each sky his affairs. ...(Fushshilat: 41:12)"...angels and spirits with the permission of their Lord...manage all affairs (Al Qadr: 97:4)"...a day whose content is fifty thousand years (Al Ma aarij : 70:4)*

Apparently, here Allah has explained to humans, that after Allah *"...created the seven skys...(Al Mulk: 67:3)* Then Allah *"...revealed in each sky his affairs...(Fushshilat: 41 : 12)*

So, actually for every sky, there are seven skys in all, which in every sky, in it there are billions of billions of billions of galaxies, in every galaxy there are billions of billions of stars, planets and moons, Allah has revealed to every sky to govern everything that exists. in every galaxy.

Now, because Allah has revealed to every sky to regulate all matters concerning what happens in each galaxy, then in fact Allah is sufficient to regulate the Milky Way galaxy where the sun and planets and the earth and moon are in it today.

ALLAH RULES AND CONTROLS EVERY GALAXY IN EVERY SKY USING ALLAH'S PARTICLES WITH THE SPEED OF LIGHT 5 475103 664 604.84 KM PER SECOND

Now, because each sky has received a revelation from Allah to manage all the affairs of each in each galaxy, then Allah easily regulates and controls each galaxy from the center of the Milky Way galaxy where the sun and earth where humans live today.

So, Allah in making contact relationships to control other galaxies that number billions of billions uses Allah's particles that have the speed of light 5 475103 664 604.84 km per second

Now, it has been revealed, the secret that is stored in the verse: *"...He reveals to every sky his affairs...*

(Fushshilat: 41:12)

That is, Allah governs and controls every galaxy in every sky, through Allah's particles. Besides that, every sky already knows how to solve all the affairs in every galaxy, because Allah has *"...revealed in every sky its affairs... (Fushshilat: 41:12)*

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"Who has created the seven heavens in layers...(Al Mulk: 67:3) "...He reveals in each sky his affairs. ... (Fushshilat: 41:12)"...angels and spirits with the permission of their Lord...manage all affairs (Al Qadr: 97:4)"...a day whose content is fifty thousand years (Al Ma aarij : 70:4)*

Apparently, here Allah has explained to humans, that after Allah *"...created the seven skys...(Al Mulk: 67:3)* Then Allah *"...revealed in each sky his affairs...(Fushshilat: 41 : 12)*

So, actually for every sky, there are seven skys in all, which in every sky, in it there are billions of billions of billions of galaxies, in every galaxy there are billions of billions of stars, planets and moons, Allah has revealed to every sky to govern everything that exists. in every galaxy.

Now, because Allah has revealed to every sky to regulate all matters concerning what happens in each galaxy, then in fact Allah is sufficient to regulate the Milky Way galaxy where the sun and planets and the earth and moon are in it today.

Now, because each sky has received a revelation from Allah to manage all the affairs of each in each galaxy, then Allah easily regulates and controls each galaxy from the center of the Milky Way galaxy where the sun and earth where humans live today.

So, Allah in making contact relationships to control other galaxies that number billions of billions uses Allah's particles that have the speed of light 5 475103 664 604.84 km per second

Now, it has been revealed, the secret that is stored in the verse: *"...He reveals to every sky his affairs... (Fushshilat: 41:12)*

That is, Allah governs and controls every galaxy in every sky, through Allah's particles. Besides that, every sky already knows how to solve all the affairs in every galaxy, because Allah has *"...revealed in every sky its affairs... (Fushshilat: 41:12)*
