ABSTRACT

Before the author writes the problem, the angel asks the dead in the grave, while there is already a recording of the dead person's life, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of how actually, angels ask the dead in the grave, while there is already a recording of the life of the dead, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how actually, angels ask the dead in the grave, while there is already a recording of the dead person's life, namely the following verses:

"When I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourselves (Al Hijr: 15:29)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"... We made the apostle an angel... a man... (Al An'aam: 6: 9)

"Say: "The angel of death entrusted to you will kill you, then only to your Lord you will be returned." (As Sajdah: 32:11)

"What if the angels took their lives while beating their faces and their backs? (Muhammad: 47: 27)

"By the one who plucks out loudly (An Naazi'aat: 79:1)

"and who plucks gently (An Naazi'aat: 79: 2)

"When your Lord reveals to the angels: "Indeed I am with you, then strengthen those who have believed." Later I will strike fear into the hearts of the disbelievers, then cut off their heads and cut off every tip of their finger. (Al Anfaal: 8:12)

"That is because indeed they oppose Allah and His Messenger; and whoever opposes Allah and His Messenger, then indeed Allah is severe in torment. (Al-Anfaal: 8:13)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are the signs of Allah's power for a people who think (Az Zumar : 39: 42)

"And if We wish, We have indeed made in your place on earth angels that have been passed down from generation to generation. (Az Zukhruf: 43:60)

"and who descends from the sky quickly (An Naazi'aat: 79:3)

"And everything they have done is recorded in the books of records (Al Qamar: 54: 52)

"Read your book, it is enough for yourself at this time as a remembrance against you." (Al Israa': 17: 14)

"When two angels record their deeds, one sits on the right and the other sits on the left. (Qaaf: 50:17)

"When you say to the believers: "Is it not enough for you Allah to help you with three thousand angels who have been sent down?" (Ali 'Imran: 3:124)

"Then who is more unjust than one who invents a lie against Allah or denies His verses? Such people will have their share set apart in the Book; until when Our messengers come to them to take their life, Our messenger asked: "Where do you usually worship besides Allah?" The were disbelievers. (Al A'raaf: 7:37)

"Indeed, those who were killed by the angels in a state of persecuting themselves, the angels asked: "What state are you in?" They replied: "We are the oppressed in the land." The angels said: "Isn't Allah's earth? wide, so that you can emigrate in that earth?" For those people the place of Hell is Hell, and Hell is the worst place to return to, (An Nisaa': 4: 97)

In an effort to open the veil about how it really is, angels ask the dead in the grave, while there is already a recording of the life of the dead, the author bases it on photons, quarks and deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis because there is already a recording of the dead person's life, then the angels no longer need to ask the dead in the grave, based on photons, quarks and Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T). Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons

BECAUSE HUMANS DURING LIFE, FROM BIRTH TO DEATH THERE IS A RECORD OF LIFE, THEN ANGELS DON'T NEED TO ASK, ENOUGH BY GIVING A RECORD OF THE HUMAN'S LIFE

Now, we are still trying to focus our minds to reveal the secrets that are hidden behind the verse: *"... everything they have done is recorded in notebooks (Al Qamar: 54: 52) "Read your book, it is enough for yourself to this time as a reckoning against you." (Al Israa ': 17:14)*

Apparently, Allah has declared that the history of human life from birth to death is recorded *"...everything they have done is recorded in notebooks (Al Qamar: 54: 52)*

Now, Allah, by using Allah's particles and Allah's energy, has recorded everything that humans do from the time they are born until they die. Where the recording is stored in sky 2 to sky 7.

As for Allah stated with *"...two angels record their deeds, one sitting on the right and the other sitting on the left. (Qaaf: 50:17)* refers to the particles of Allah and the energy of Allah that records all human actions, where the results the recording is in the form of *"... a notebook (Al Qamar: 54: 52)* stored in sky 2 - sky 7"

Well, with the recording of human life history from birth to death in the form of *"... a notebook (Al Qamar: 54: 52)* which is stored in sky 2 - sky 7, then actually, angels no longer need to ask humans the dead one. Angels only need to read what is in the recording in the form of *"... a notebook" (Al Qamar: 54: 52)*

Now, why did Allah declare *"...Our messenger came to them to take his life, Our messenger asked: "Where do you usually worship besides Allah?" The polytheists replied: "The idols have all disappeared from us," (Al A'raaf: 7: 37)*

Well, Allah's declaration states that humans are still alive, and come *"...Our spirit... incarnated... a perfect human. (Maryam: 19:17)* asked the human who wanted to die.

So, after *"...Our spirit...(Maryam: 19:17)* or *"...Allah's spirit...(Maryam: 19:17)* or *"...angel's spirit... (Maryam: 19 : 17)"...incarnated...a perfect human (Maryam: 19:17)* came to the man who was about to die and asked about what he worshiped.

HOW ANGELS ASK HUMANS WHO DIE IN THE GRAVES

Now, because after 30 days the dead person is in the grave, *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)* from the body of the dead person, then the angel who has transformed into a human cannot ask *"...my spirit...(Al Hijr: 15: 29)* or *"...Allah's spirit...(Al Hijr: 15: 29)*, unless *"...Our spirit...(Maryam: 19:17)* or *"...Allah's spirit...(Maryam: 19:17)* or *"...angel's spirit ... (Maryam: 19:17)* not *"...incarnated...a perfect human (Maryam: 19:17)* directly talking to *"...my spirit... (Al Hijr: 15:29)* who has come out of the body of the dead that, through sound vibrations with a certain frequency, which can be understood by angels and by *"... my spirit... (Al Hijr: 15: 29)*

CONCLUSION

Based on the description above, we can conclude that the secrets that are hidden behind the verse: *"... everything they have done is recorded in notebooks (Al Qamar: 54: 52) "Read your book, it is enough for yourself to this time as a reckoning against you." (Al Israa ': 17:14)*
