ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of the greatness of Allah SWT about how my spirit actually married nymph in paradise, from the point of view of photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA).

Signs of the greatness of Allah SWT regarding how actually, my spirit married nymph in paradise, found in several verses, namely:

"Being in Jannah of pleasures (Al Waaqi'ah: 56:12)

"They reclined on couches in a row and We married them to beautiful nymphs with sharp eyes. (Ath Thuur: 52:20)

"In paradise there are good and beautiful nymphs. (Ar Rahmaan: 55: 70)

"In paradise there are fair nymphs who lower their eyes politely, never touched by humans before them and not by jinn. (Ar Rahmaan: 55: 56)

"They have never been touched by humans before them nor by jinn. (Ar Rahmaan: 55: 74)

"They are on a cot enthroned with gold and gems, (Al Waaqi'ah: 56:15)

"Indeed We created them directly (Al Waaqi'ah: 56: 35)

"By bringing glasses, kettles and drinks taken from running water (Al Waaqi'ah: 56: 18)

"And the fruits of what they choose (Al Waaqi'ah: 56:20)

"and the meat of birds of what they desire. (Al Waaqi'ah: 56: 21)

"and banana trees stacked up (Al Waaqi'ah: 56: 29)

"He is the First and the Last, the Outward and the Inward, and He is All-Knower of all things. (Al Hadid: 57:3)

"The angels and Gabriel ascended to God in a day the measure of which was fifty thousand years (Al Ma'aarij: 70:4)

"And give good tidings to those who believe and do good, that for them are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourselves (Al Hijr: 15: 29)

"So when I have perfected the scene and I breathed into it My spirit; then let you fall down prostrating to it (Shaad: 38:72)

"Allah promises the believers, male and female, Paradise under which rivers flow, they will abide therein, there are good places in Paradise 'Adn. And Allah's pleasure is greater; that is great fortune. (At Taubah: 9:72)

"Indeed Allah will admit those who believe and do righteous deeds into Paradises beneath which rivers flow. In Paradise they will be adorned with gold and pearl bracelets, and their clothes will be silk. (Al Hajj) :22:23)

"And We put before them a wall and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36:9)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has provided for them paradises in which rivers flow. forever. They stay in it. That's a big win. (At Taubah: 9: 100)

"And We remove all kinds of hatred that is in their chests; rivers flow under them and they say: "Praise be to Allah who has shown us to this. And we will never be guided if Allah does not guide us. Verily, the messengers of our Lord have come, bringing the truth." And it was called out to them: "This is Paradise which has been bequeathed to you, because of what you used to do." (Al-A'raaf: 7:43)

"And when you look there (heaven), surely you will see various kinds of pleasures and a great kingdom. (Al Insaan: 76: 20)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

In an effort to unmask the greatness of Allah SWT about how my spirit actually married nymph in paaradise, I used the basics of photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here I propose a hypothesis in paradise *"...my spirit...(Shaad : 38: 72)* married nymph whose body is built with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms, seen from photons, quarks and the molecular structure of acids. nucleic acid or deoxyribonucleic acid (DNA)?

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The

THE PICTURE OF MARRIAGE IN PARADISE BETWEEN INHABITANS OF PARADISE AND NYMPHS IS A SYMBOL THAT REFERS TO THE UNION OF THE ATOM OF MY SPIRIT AND THE ATOMS OF THE NYMPH

Now, Allah has declared *"they reclined on couches in a row and We married them to nymphs...(Ath Thuur: 52:20)*

Well, it is a symbol of how hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms are present in the body *"...my spirit...(Shaad : 38: 72)* combines with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms that is in the body of *"...nymph...(Ath Thuur: 52:20)* so that the atoms will remain in paradise.

Now, it has been revealed, the secret hidden behind the verse: *"they lay down on the couches in a row and We married them to beautiful nymphs with jelly eyes. (Ath Thuur: 52: 20)* namely the joining of hydrogen atoms, carbon atoms, atoms oxygen and nitrogen atoms present in the body *"...my spirit...(Shaad : 38: 72)* with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms in the body *"...nymph...(Ath Thuur: 52:20)* so that hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms remain in paradise, because hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms are indispensable in paradise for survival *"...my spirit ...(Shaad : 38:72)*

CONCLUSION

From what has been described above we can now conclude that the secret that is hidden behind the verse: *"they reclined on couches in a row and We married them to beautiful nymphs with sharp eyes. (Ath Thuur: 52: 20)* *"... We created them directly (Al Waaqi'ah: 56: 35)*

It turns out that Allah has given a clear picture to humans that *"...my spirit...(Shaad: 38:72)* was married to *"...with nymph...beautiful...(Ath Thuur: 52:20)* Where *"...nymph...(Ath Thuur: 52:20)* is created directly.

Now the question arises

Why did Allah create angels directly in paradise?

The answer is

Hidden in the secret behind the verse: *"...they will abide in it. (Al Baqarah: 2:25)*, meaning they live 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years. Because life is *"...eternal...(Al Baqarah: 2:25)* in paradise, then the nymphs must be created directly with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

Well, because in paradise there is only *"...my spirit...(Shaad: 38:72)* whose body is built with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms, so when Allah created the nymphs, Allah created them *"...directly (Al Waaqi'ah: 56: 35)* with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms, just like the atoms that make up the body *"... my spirit...(Shaad : 38: 72)*

Now, what is described by Allah with the picture *"...We married them to beautiful nymphs with sharp eyes. (Ath Thuur: 52:20)* is a picture of the marriage between atoms. That is, the hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms that are in paradise do not come out of paradise.

Because hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms are indispensable for the

survival of "... *my spirit...*(*Shaad : 38: 72*) and "...*nymph...*(*Ath Thuur: 52: 20*) in paradise for a period of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years.

Now, Allah has declared "*they reclined on couches in a row and We married them to nymphs...*(*Ath Thuur: 52:20*)

Well, it is a symbol of how hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms are present in the body "...*my spirit...*(*Shaad : 38: 72*) combines with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms that is in the body of "...*nymph...*(*Ath Thuur: 52:20*) so that the atoms will remain in paradise.

Now, it has been revealed, the secret hidden behind the verse: "*they lay down on the couches in a row and We married them to beautiful nymphs with jelly eyes. (Ath Thuur: 52: 20)* namely the joining of hydrogen atoms, carbon atoms, atoms oxygen and nitrogen atoms present in the body "...*my spirit...*(*Shaad : 38: 72*) with hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms in the body "...*nymph...*(*Ath Thuur: 52:20*) so that hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms remain in paradise, because hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms are indispensable in paradise for survival "...*my spirit ...*(*Shaad : 38:72*)
