ABSTRACT

Before I write down the problem of how it actually is, people who visit the grave and pray for the dead, even though my spirit is no longer in the grave, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how it really is, people who visit the grave and pray for the dead, even though my spirit is no longer in the grave, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how it really is, people who visit the grave and pray for the dead, even though my spirit is no longer in the grave, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, then when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead. Verily, He has power over all things. (Fussilat: 41:39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"He is Allah, Who created all that is on earth for you and He willed the skys, then He made the seven skys. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"Do they not know that Allah knows their secrets and their whispers, and that Allah is well aware of all that is unseen. (At Taubah: 9: 78)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose level is a thousand years according to your reckoning (As Sajdah: 32: 5)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about how it really is, people who visit the grave and pray for the dead, even though my spirit is no longer in the grave, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis of people who visit the grave and pray for the dead, even though my spirit is no longer in the grave, is a prayer that is sent through "...my spirit... (Shaad: 38: 72) which is in the grave. the body of the sender of the prayer is conveyed to "...my spirit... (Shaad : 38:72) dead people, with a frequency wave traveling at 365 259.6 km per second, based on the point of view of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

AFTER 30 DAYS MY SPIRIT COMES FROM THE BODY OF PEOPLE WHO DIE IN THE GRAVES

Now, we are still focusing our minds on uncovering the secret behind the verse: *"... Allah knows their secret... (At Taubah: 9: 78)*

Now the question arises,

How does Allah *"...know the secrets...(At Taubah: 9: 78)* that is in man?

The answer is

Hidden in the secret behind the verse: *"...I breathed into him my spirit..." (Shaad: 38: 72)*

Well, it turns out that *"... my spirit ..." (Shaad: 38: 72)* which Allah has breathed into every creature and to all objects in the universe, which conveys what happens in His creatures and in the universe. every object in the universe.

The relationship between Allah and *"...my spirit..." (Shaad: 38: 72)* of the living.

The relationship between Allah and *"...my spirit..." (Shaad: 38: 72)* of the dead.

The relationship between *"...my spirit..." (Shaad: 38:72)* of the living with *"...My spirit..." (Shaad: 38:72)* of the dead.

Where *"... my spirit..." (Shaad: 38: 72)* conveys to Allah, all the secrets of His creatures through frequency waves with a speed of 365 259.6 km per second *"... one day... levels. ...a thousand years..." (As Sajdah : 32: 5)*

MOST OF PEOPLE WHO VISIT THE GRAVES DO NOT UNDERSTAND THAT MY SPIRIT FROM THE DEAD, HAS COMING OUT OF THE BODY OF THE BURIED PERSON

Now, when someone who visit the grave and prays for the dead, even though *"...my spirit..." (Shaad: 38:72)* from the dead person has come out of the person's body and out of the grave.

Well, actually the prayer sent by people who visit the grave who prays for the dead, that prayer will be delivered by *"...my spirit..." (Shaad: 38: 72)* from the living to *"...My spirit ..." (Shaad: 38: 72)*

from the dead through the frequency waves with a speed of 365 259.6 km per second

The relationship between "... *my spirit...*" (*Shaad : 38: 72*) from a living person with "... *My spirit ...*" (*Shaad : 38: 72*) from a dead person through frequency waves with speed of 365 259.6 km per second.

So, the prayer will reach "...*my spirit...*" (*Shaad: 38:72*) from the dead.

THROUGH MY SPIRIT, HUMANS HAVE DIRECT RELATIONSHIPS WITH ALLAH, AND THROUGH MY SPIRIT HUMANS HAVE RELATIONSHIPS WITH DEATH PEOPLE

Well, now we explore the secret hidden behind the verse: "...*I am near...*(*Al Baqarah: 2: 186*) "...*We are closer to him than his jugular vein.*" (*Qaf: 50:16*)

It turns out, indeed Allah through "... *my spirit ...*" (*Shaad: 38: 72*) became very close, even though Allah is everywhere. Because "... *my spirit ...*" (*Shaad: 38: 72*) keep in touch with Allah using frequency waves with a speed of 365 259.6 km per second.

Likewise through "... *my spirit...*" (*Shaad: 38: 72*) if humans want to send prayers to people who are dead. That is, prayers from people who are still alive are delivered by "... *my spirit...*" (*Shaad: 38:72*) to "...*my spirit...*" (*Shaad: 38:72*) from the dead.

CONCLUSION

From what has been explained above, it can now be concluded that the secret behind the verse: "... *Allah knows their secret...*" (*At Taubah: 9: 78*)

Now the question arises,
