ABSTRACT

Before I write down the problem of how Allah actually gives guidance to humans, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how Allah actually gives guidance to humans, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how Allah actually gives guidance to humans, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And Mary, the daughter of Imran, who kept her honor, so We breathed into her some of Our spirits, and she confirmed the words of her Lord and His Books, and she was one of the obedient ones. (At Tahrir: 66:12)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)

"Show us the straight path, (Al-Faatihah: 1:6)

"Allah calls to Darussalam, and guides whom He wills to the straight path (Yunus: 10:25)

"Indeed those who do not believe in the signs of Allah, Allah will not guide them and for them a painful torment. (An Nahl: 16:104)

"Whoever acts in accordance with guidance, then indeed he is doing it for himself; and whoever goes astray then indeed he has gone astray for himself. And a sinner cannot bear the sins of another, and We will not punish until We send an apostle.(Al Israa': 17:15)

"But it is God Who made me; for verily He will guide me." (Az Zukhruf: 43:27)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they

could not see." (Yaasiin: 36:9)

"And it is not possible for any human being that Allah can speak to him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Indeed, He is Most High, Most Wise. (Ash Syuura: 42:51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about how Allah actually gives guidance to humans, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis of the way Allah gives guidance to humans through *"... my spirit... (Al Hijr: 15: 29)*, seen from the point of view of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

HOW ALLAH GIVES HIDAYA TO HUMANS

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"Allah...shows whom He wills to the straight path (Yunus: 10:25)*

Now the question arises,

How does Allah give hidayah to humans?

Well, the answer is hidden in the secret behind the verse: *"...He will guide me." (Az Zukhruf: 43: 27)*
"Show us the straight path, (Al Faatihah: 1: 6)

Apparently, hidayah is given by Allah, when humans ask Allah *"Show us the straight path, (Al Faatihah: 1: 6)*

Well, Allah gives guidance to the right path or gives hidayah to humans through *"... my spirit... (Al Hijr: 15: 29)*

Why does Allah give hidayah to humans through *"... my spirit... (Al Hijr: 15: 29)* ?

The answer is

Because *"...my spirit...(Al Hijr: 15: 29)* which Allah *"...has blown into...(Al Hijr: 15: 29)* the human body, which will interpret the symbols conveyed by Allah to man.

Why can Allah directly convey symbols to humans?

The answer is

Hidden in the secret behind the verse: *"...We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

Why does Allah close the eyes of humans?

Because if Allah wants to speak and see humans directly, then *"...it is impossible for a human being that Allah can speak to him except behind a veil... (Asy Shuura: 42: 51)*

Now, with Allah closing the eyes of humans, it means that it is the same as *"...behind the veil... (Asy Syuura: 42: 51)*

This means that humans can only see light in the region of the electromagnetic spectrum between 430 and 740 nanometers. If there is light in the electromagnetic spectrum below 430 nanometers and light in the electromagnetic spectrum above 740 nanometers, the human eye cannot see the light.

Or in other words, this limited view of the human eye is what is called *"...behind the veil... (Asy Syuura: 42: 51)*

Now, with the existence of *"...veil...(Asy Syuura: 42:51)* this is where Allah can directly talk to humans and see humans.

HUMANS GIVEN HIDAYAH THROUGH MY SPIRIT

Now, with *"...veil...(Asy Syuura: 42:51)* between Allah and humans, then if Allah shows humans to the right path through these symbols and symbols, what is interpreted by *"... My spirit... (Al Hijr: 15: 29)* so that people may understand.

Guidance will also be directly given by Allah to humans, when humans ask Allah *"Show us the straight path, (Al Faatihah: 1: 6)*

That is, asking Allah to be shown to the right and straight path is the same as asking for guidance from Allah.

ALLAH DIRECTLY GIVES HIDAYAH TO HUMANS AND HUMANS ASK FOR HIDAYAH OF ALLAH

Well, there are two ways to get hidayah from Allah.

First, Allah immediately gives hidayah to humans through "... *My Spirit...* (Al Hijr: 15: 29) , for example "*Allah... shows whom He wills to the straight path (Yunus: 10: 25)*

Second, humans ask for direct hidayah from Allah, for example when praying "*Show us the straight path, (Al Faatihah: 1: 6)*

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: "*Allah...shows whom He wills to the straight path (Yunus: 10:25)*

Now the question arises,

How does Allah give hidayah to humans?

Well, the answer is hidden in the secret behind the verse: "...*He will guide me.*" (Az Zukhruf: 43: 27) "*Show us the straight path, (Al Faatihah: 1: 6)*

Apparently, hidayah is given by Allah, when humans ask Allah "*Show us the straight path, (Al Faatihah: 1: 6)*

Well, Allah gives guidance to the right path or gives hidayah to humans through "... *my spirit...* (Al Hijr: 15: 29)

Why does Allah give hidayah to humans through "... *my spirit...* (Al Hijr: 15: 29) ?

The answer is

Because "...*my spirit...*(Al Hijr: 15: 29) which Allah "...*has blown into...*(Al Hijr: 15: 29) the human body, which will interpret the symbols conveyed by Allah to man.

Why can Allah directly convey symbols to humans?

The answer is

Hidden in the secret behind the verse: "...*We made a wall before them and behind them a wall, and We covered them so that they could not see.*" (Yaasiin: 36:9)

Why does Allah close the eyes of humans?

Because if Allah wants to speak and see humans directly, then "...*it is impossible for a human being that Allah can speak to him except behind a veil...* (Asy Shuura: 42: 51)

Now, with Allah closing the eyes of humans, it means that it is the same as "...*behind the veil...* (Asy Syuura: 42: 51)

This means that humans can only see light in the region of the electromagnetic spectrum between 430 and 740 nanometers. If there is light in the electromagnetic spectrum below 430 nanometers

and light in the electromagnetic spectrum above 740 nanometers, the human eye cannot see the light.

Or in other words, this limited view of the human eye is what is called "*...behind the veil... (Asy Syuura: 42: 51)*

Now, with the existence of "*...veil...(Asy Syuura: 42:51)*" this is where Allah can directly talk to humans and see humans.

Now, with "*...veil...(Asy Syuura: 42:51)*" between Allah and humans, then if Allah shows humans to the right path through these symbols and symbols, what is interpreted by "*... My spirit... (Al Hijr: 15: 29)*" so that people may understand.

Guidance will also be directly given by Allah to humans, when humans ask Allah "*Show us the straight path, (Al Faatihah: 1: 6)*

That is, asking Allah to be shown to the right and straight path is the same as asking for guidance from Allah.

Well, there are two ways to get hidayah from Allah.

First, Allah immediately gives hidayah to humans through "*... My Spirit... (Al Hijr: 15: 29)*", for example "*Allah... shows whom He wills to the straight path (Yunus: 10: 25)*

Second, humans ask for direct hidayah from Allah, for example when praying "*Show us the straight path, (Al Faatihah: 1: 6)*
