## ABSTRACT

First of all, by asking forgiveness from Allah SWT here I try to reveal the signs of Allah SWT about how Allah proves, the dead can come back to life, at the question of Prophet Ibrahim, based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA). )

In the Qur'an there is a verse that is the key to unlocking the secret of how Allah proves, the dead can come back to life, at the question of Prophet Ibrahim, namely the verses:

*And when Ibrahim said: "O my Lord, show me how You bring the dead to life." Allah said: "Are you not sure yet?" Ibrahim replied: "I have convinced him, but so that my heart remains steady Allah said: "Take four (Allah says): "Then put on each hill one part of it, then call them, surely they will come to you quickly." And know that Allah is Mighty, All-Mighty. Wise.(Al Baqarah: 2:260)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"O mankind, if you are in doubt about the resurrection, then verily We have created you from clay, then from a drop of semen, then from a clot of blood, then from a lump of flesh which is perfect and imperfect, so that We may explain it to you and determine in the womb, what We will until a predetermined time, then We bring you out as babies, then you come to maturity, and some of you are passed away and some of you have extended their life to senility, so that he will no longer know anything that is wrong. he knew before. And you see the earth is dry, then when We send down water on it, the earth lives and is fertile and grows all kinds of beautiful plants. (Al Hajj: 22: 5)*

*"Then do you think that We created you in a playful manner, and that you will not be returned to Us? (Al Mu'minun: 23:115)*

*"And We did not create the heavens and the earth and everything between them by playing around. (Al Anbiyaa ': 21:16)*

*"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And in this way you will be brought out (Ar Ruum: 30: 19)*

*"And Mary, who kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign (of Allah's power) for the worlds. (Al Anbiyaa ': 21: 91)*

In an attempt to unmask how Allah proves, the dead can come back to life, to Prophet Ibrahim's question, based on photons, quarks and deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose the hypothesis that Allah brings the dead to life by releasing oxygen atoms, hydrogen atoms, nitrogen atoms, carbon atoms from the body based on photons, quarks and

Deoxyribonucleic acid (DNA).

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

As for if we want to know quarks, then we look at one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **ALLAH'S LAW IS A NATURAL LAW THAT APPLIES IN THE SKY AND ON EARTH**

Now, we are still concentrating on uncovering the secret behind the verse: *"And We did not create the skys and the earth and everything between them by playing around. (Al Anbiyaa ': 21:16)*

It turns out, whatever happens in the heavens and on earth, is based on the law of Allah, which is the law of nature.

Likewise Allah's law that applies to the human body, *"Then do you think that We created you in a playful way... (Al Mu'minuun: 23: 115)*

So, whatever concerns humans and what is in the heavens and the earth, everything follows the law of Allah, or the law of nature.

## **AS LONG AS HUMANS ARE ON EARTH FOLLOWING ALLAH'S LAW THAT BECOME NATURAL LAW**

Now, then, we will unveil the secret behind the verse: *"O mankind... verily We have created you from clay, then from a drop of semen, then from a clot of blood, then from a lump of flesh which is perfect and imperfect, so that We may explain it to you. you and We ordained in the womb what We willed until the appointed time, then We brought you out as babies... (Al Hajj: 22: 5)*

Apparently, in the creation of man, Allah has determined the law, namely man was created from the ground, a drop of semen, a clot of blood, is placed in the womb and then expelled as a corpse.

Well, this is the creation of man, following the path of God's law or also called natural law.

## **HOW ALLAH PROVIDED EVIDENCE REGARDING THE LIFE OF THE DEAD, TO THE PROPHET IBRAHIM'S QUESTION**

Well, now we continue to unravel the secret behind the verse: *"And when Ibrahim said: "O my Lord, show me how You bring the dead to life." (Al Baqarah: 2: 260)*

It turns out that here Prophet Ibrahim wanted to know, whether Allah's law which became natural law applies to *"...to bring the dead to life."... (Al Baqarah: 2: 260)*

Of course Allah gave evidence by ordering Prophet Ibrahim *"... Allah said: "Take four birds, then chop them all by you." Then place on each hill one part of the parts, then call them, surely they come to you immediately... (Al Baqarah: 2:260)*

Well, the question now is

Why did Allah order four birds to be chopped, then the birds that had been chopped were placed on each hill?

The answer is

It is hidden in the secret behind the verse: *"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And that is how you will be brought out (Ar Ruum: 30: 19)*

Apparently, Allah's process of removing the living from the dead, and removing the dead from the living, all of which follow Allah's laws or natural laws.

Why follow Allah's law or natural law?

The answer is

It is hidden in the secret behind the verse: *"...Indeed We have created you from clay, then from a drop of semen, then from a clot of blood, then from a lump of flesh which is perfect and imperfect...then We brought you out as babies.. (Al Hajj : 22: 5)*

Well, the process of human events, starting from a drop of semen that meets an egg, is stored in the womb, enlarges, then is born into the world as a baby.

That is, Allah has brought out the living from the dead, from a drop of semen that has not yet formed a fetus, is still not alive, then meets an egg, and is stored in the womb, then becomes a fetus and lives.

This is the law of Allah, bringing life from the dead.

Now, what about the birds that have been chopped up and placed on each hill?

The answer is

Hidden in the secret behind the verse: *"... I... have blown into it my spirit... (Al Hijr: 15: 29)*

It means, *"... my spirit... (Al Hijr: 15: 29)* which Allah has blown into the birds, which comes out of

the chopped birds. The bird's body contains hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms, which are the building blocks of *"...my spirit...(Al Hjr: 15: 29)*

Why *"...my spirit... (Al Hjr : 15: 29)* which is the evidence to bring the dead to life?

The answer is

Hidden in the secret behind the verse: *"...do you think that We created you in a play... (Al Mu'minuun: 23: 115)*

So, because humans, animals and all living things on earth follow Allah's law, through the path, birth, namely through a drop of sperm that meets an egg, then the process of bringing life from the dead without going through the birth path, is the process of the release of *"...my spirit. ..(Al Hjr : 15: 29)* from a dead body.

In this case, *"... my spirit... Al Hjr: 15: 29)* that comes out of the chopped birds.

So, Allah does not violate Allah's law.

Because according to Allah's law that applies in the heavens and on earth, brings life from the dead through the birth path, namely through a drop of sperm that meets an egg.

Now, the secret that is hidden behind the verse has been revealed: *"... Allah says: "Take four birds, then chop them all up by you." Then put on each hill one part of the parts, then call them, surely they will come to you soon...(Al Baqarah: 2:260)*

So, the bird that came to Prophet Ibrahim was *"... my spirit... Al Hjr: 15: 29)* that came out of the chopped birds.

## CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *"And We did not create the skys and the earth and everything between them by playing around. (Al Anbiyaa ': 21:16)*

It turns out, whatever happens in the heavens and on earth, is based on the law of Allah, which is the law of nature.
