ABSTRACT

Before I write down the problem of how Allah really is and in what form, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how Allah really is and in what form, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that serve as tools for revealing God's secrets about how Allah really is and in what form, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"Verily your Lord is Allah Who created the heavens and the earth in six days, then He resided above the Throne. He closed the night to the day which followed quickly, and the sun, moon and stars submit to His command. Remember, creating and ruling is only Allah's right. Glory be to Allah, Lord of the worlds. (Al A'raaf: 7: 54)

"And Mary, the daughter of Imran, who kept her honor, so We breathed into her some of Our spirits, and she confirmed the words of her Lord and His Books, and she was one of the obedient ones. (At Tahrim: 66:12)

"And when Moses came for an appointed time and the Lord had spoken to him, Moses said: "O my Lord, show me so that I can see You." The Lord said: "You will never be able to see Me, but look at the hill, then if it stays where it is you will surely see me." When his Lord appeared to the mountain, he made the mountain crumble and Moses fell unconscious. So when Moses came back to his senses, he said: "Glory be to him. You, I repent to You and I am the first to believe." (Al A'raaf: 7:143)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to unmask Allah's secret about how Allah really is and in what form, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis to see Allah's form through "... my spirit...(Shaad: 38: 72) , viewed from the point of view of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

HOW HUMANS CAN REALLY SEE THE FORM OF ALLAH

Now, we are still concentrating on unraveling the secrets contained behind the verse: *"...Allah says: "You can never see Me, but look at that hill, so if it stays where it is, you can see it. -My." When his Lord appeared to the mountain, he made the mountain crumble..." (Al A'raaf: 7: 143)*

Here Allah has described to humans, that humans can see the form of Allah through *"...my spirit... (Shaad: 38: 72) ?*

Why can Allah's form be seen through *"...my spirit...(Shaad: 38: 72) ?*

The answer is,

Hidden in the secret behind the verse: *"...When his Lord appeared to the mountain, he made the mountain crumble..." (Al A'raaf: 7: 143)*

Well, it turns out that Allah's form is seen through *"...the mountain is crushed..." (Al A'raaf: 7: 143)*

What is behind *"...the mountain was crushed..." (Al A'raaf: 7:143)*

What appears on *"...the mountain is crushed..." (Al A'raaf: 7: 143)* is dust, where this dust contains carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

Well, here it is clearly illustrated that Allah's form is shown in the form of *"... my spirit ... (Shaad: 38: 72)* meaning that Allah's form is described in the form of carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms which it is a building of *"... my spirit... (Shaad: 38: 72).*

HUMAN EYES VIEW IS LIMITED, CANNOT SEE ALLAH'S FORM WHAT IS DESCRIBED THROUGH MY SPIRIT

Now *"...look at that hill, so if it stays where it is you will surely see Me..."(Al A'raaf: 7: 143)*

Now, with the limited view of the human eye, we cannot see the form of Allah. Because Allah's form can only be seen through *"...the mountain is crushed..." (Al A'raaf: 7: 143)*

With *"...the mountain was crushed..." (Al A'raaf: 7: 143)* then the form of Allah can be seen. Where the form of Allah is seen through *"... My spirit... (Shaad: 38: 72)* by looking at the dust that came out when *"...the mountain was crushed..." (Al A'raaf: 7: 143)*

Where this dust contains carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms which are the building blocks of *"... my spirit... (Shaad: 38: 72)*

So, now, it has been revealed, what is hidden in the secret behind the verse: *"...Allah said: "You will never be able to see Me, but look at that hill, so if it stays where it is, you will be able to see- My." When his Lord appeared to the mountain, he made the mountain crumble..." (Al A'raaf: 7: 143)*

That is, humans can see the form of Allah through *"...my spirit...(Shaad: 38:72)* which is made up of carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: *"...Allah says: "You can never see Me, but look at that hill, so if it stays where it is, you can see it. -My." "*

When his Lord appeared to the mountain, he made the mountain crumble..." (Al A'raaf: 7: 143)

Here Allah has described to humans, that humans can see the form of Allah through ***"...my spirit... (Shaad: 38: 72) ?***

Why can Allah's form be seen through ***"...my spirit...(Shaad: 38: 72) ?***

The answer is,

Hidden in the secret behind the verse: ***"...When his Lord appeared to the mountain, he made the mountain crumble..." (Al A'raaf: 7: 143)***

Well, it turns out that Allah's form is seen through ***"...the mountain is crushed..." (Al A'raaf: 7: 143)***

What is behind ***"...the mountain was crushed..." (Al A'raaf: 7:143)***

What appears on ***"...the mountain is crushed..." (Al A'raaf: 7: 143)*** is dust, where this dust contains carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.

Well, here it is clearly illustrated that Allah's form is shown in the form of ***"... my spirit ... (Shaad: 38: 72)*** meaning that Allah's form is described in the form of carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms which it is a building of ***"... my spirit... (Shaad: 38: 72).***

Now ***"...look at that hill, so if it stays where it is you will surely see Me."...(Al A'raaf: 7: 143)***

Now, with the limited view of the human eye, we cannot see the form of Allah. Because Allah's form can only be seen through ***"...the mountain is crushed..." (Al A'raaf: 7: 143)***

With ***"...the mountain was crushed..." (Al A'raaf: 7: 143)*** then the form of Allah can be seen. Where the form of Allah is seen through ***"... My spirit... (Shaad: 38: 72)*** by looking at the dust that came out when ***"...the mountain was crushed..." (Al A'raaf: 7: 143)***

Where this dust contains carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms which are the building blocks of ***"... my spirit... (Shaad: 38: 72)***

So, now, it has been revealed, what is hidden in the secret behind the verse: ***"...Allah said: "You will never be able to see Me, but look at that hill, so if it stays where it is, you will be able to see- My." When his Lord appeared to the mountain, he made the mountain crumble..." (Al A'raaf: 7: 143)***

That is, humans can see the form of Allah through ***"...my spirit...(Shaad: 38:72)*** which is made up of carbon atoms, hydrogen atoms, nitrogen atoms and oxygen atoms.
