ABSTRACT

Before the author writes about how Allah speaks, see and hear, most of the Muslims in the world still do not understand, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of how Allah speaks, see and hear, most of the Muslims in the world still do not understand, based on deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secrets about how Allah speaks, see and hear, most of the Muslims in the world still do not understand, namely the following verses:

"So when I have perfected the creation of Adam and I breathed into Adam My Spirit, then you will fall down prostrate to him. (Shaad: 38: 72).

"And it is not possible for a human, Allah speaks to a human except by means of revelation or behind a veil or by sending a messenger and revealing to him by His permission what He wills. Indeed, He is Most High, Most Wise. (Asy Syuura: 42: 51).

"And when My servants ask you about Me, I am near. I grant the requests of those who pray when they ask Me, then they will fulfill and they will believe in Me, so that they will always be in the truth. (Al Baqarah: 2: 186).

"And We made a wall before them and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36: 9).

"That is because indeed Allah puts night into day and day into night and that Allah is All-Hearing, All-Seeing. (Al Hajj: 22: 612).

"And the messengers about whom We have truly told you about before, and the messengers about whom We have not told you about. And Allah spoke to Moses directly (An Nisaa': 4: 164).

"And indeed We have created human and know what his heart whispers, and We are closer to human than his jugular vein.(Qaf: 50:16).

In an effort to reveal the secret of Allah about how Allah speaks, see and hear, most of the Muslims in the world still do not understand, the author uses the basis of Deoxyribonucleic acid (DNA).

HYPOTHESIS

Here the author proposes hypothesis how Allah speaks, see and hear, most of the Muslims in the world still do not understand, base on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human deoxyribonucleic acid (DNA), it consists of 32.20% carbon atoms, 25.43% nitrogen atoms, 6.78% oxygen atoms, and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are abundant around us and in the atmosphere.

HOW ALLAH SPEAKS, SEE AND HEAR, MOST OF THE MUSLIMS IN THE WORLD STILL DON'T UNDERSTAND

Now, we are still focusing our minds on uncovering the secret behind the verse: *"...And Allah spoke to Moses directly (An Nisaa ': 4: 164).*

Now the question arises,

How did Allah speak directly to Prophet Musa?

The answer is

Hidden in the secret behind the verses: *"...it is not possible for a human, Allah speaks to a human except...behind a veil...(Asy Shuura: 42: 51) "...I am near.. (Al Baqarah: 2:186) "...We are closer to him than his jugular vein.(Qaf: 50:16) "...I breathed into Adam my spirit...(Shaad: 38:72).*

Well, it turns out that here Allah has declared that it is impossible for Allah to speak directly to humans except *"...behind the veil...(Asy Syuura: 42: 51)* and *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* is in the human body as well as Allah *"...closer to human than his jugular vein (Qaf: 50:16).*

Actually Allah spoke directly with Prophet Musa *"...behind the veil...(Asy Syuura: 42: 51)* because between Allah and Prophet Moses there was already *"...a veil...(Asy Syuura: 42: 51)* this because *"... We made a wall before them and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36:9).*

So, the human eye's vision is limited, it can only see light in the electromagnetic spectrum region

between 430 and 740 nanometers. If there are light rays in the electromagnetic spectrum area below 430 nanometers and light in the electromagnetic spectrum region above 740 nanometers, then human vision cannot see the light.

Therefore, between Allah and the Prophet Musa there was already a *"...veil... (Asy Syuura: 42: 51)*.

Now, how did Allah speak directly to Prophet Musa?

The answer is

Hidden in the secret behind the verse: *"...I breathed into Adam my spirit...(Shaad: 38: 72)*.

That is, here Allah spoke directly to Prophet Musa not with Allah's mouth, but through *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* which was in the body of Prophet Musa. Where *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* interprets the symbols conveyed by Allah, then the results of the interpretation was conveyed to the mind of Prophet Musa, so that Prophet Musa understands.

Likewise, when Prophet Musa spoke directly with Allah, what was said by Prophet Musa was interpreted by *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* then after being interpreted it was conveyed directly by *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* to Allah.

Likewise when Allah see and hear, not with eyes and ears, but see and hear through *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)*.

Because *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* is in the human body, and in the universe and all that is in it, so if Allah wants to see and hear through *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* existing in the human body, and in the universe and all that is in it.

So, Allah anywhere, anytime, can immediately see and hear, because *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* which is in the human body, and in the universe and all that is in it.

Now it has been revealed that the secret that is hidden behind the verses: *"... Allah has spoken to Moses directly (An Nisaa': 4: 164)* *"...Allah is All-Hearing, All-Seeing. (Al Hajj: 22: 612)*.

That is, Allah speaks, see and hear directly with humans through *"...my spirit... (Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* which is in the human body.

CONCLUSION

From what has been explained above, it can now be concluded that the secret behind the verse: *"...And Allah spoke to Moses directly (An Nisaa ': 4: 164)*.

Now the question arises,

How did Allah speak directly to Prophet Musa?

The answer is

Hidden in the secret behind the verses: *"...it is not possible for a human, Allah speaks to a human except...behind a veil...(Asy Shuura: 42: 51)* *"...I am near.. (Al Baqarah: 2:186)* *"...We are closer to him*

than his jugular vein.(Qaf: 50:16) "...I breathed into Adam my spirit...(Shaad: 38:72).

Well, it turns out that here Allah has declared that it is impossible for Allah to speak directly to humans except *"...behind the veil...(Asy Syuura: 42: 51)* and *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* is in the human body as well as Allah *"...closer to human than his jugular vein (Qaf: 50:16).*

Actually Allah spoke directly with Prophet Musa *"...behind the veil...(Asy Syuura: 42: 51)* because between Allah and Prophet Moses there was already *"...a veil...(Asy Syuura: 42: 51)* this because *"...We made a wall before them and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36:9).*

So, the human eye's vision is limited, it can only see light in the electromagnetic spectrum region between 430 and 740 nanometers. If there are light rays in the electromagnetic spectrum area below 430 nanometers and light in the electromagnetic spectrum region above 740 nanometers, then human vision cannot see the light.

Therefore, between Allah and the Prophet Musa there was already a *"...veil... (Asy Syuura: 42: 51).*

Now, how did Allah speak directly to Prophet Musa?

The answer is

Hidden in the secret behind the verse: *"...I breathed into Adam my spirit...(Shaad: 38: 72).*

That is, here Allah spoke directly to Prophet Musa not with Allah's mouth, but through *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* which was in the body of Prophet Musa. Where *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* interprets the symbols conveyed by Allah, then the results of the interpretation was conveyed to the mind of Prophet Musa, so that Prophet Musa understands.

Likewise, when Prophet Musa spoke directly with Allah, what was said by Prophet Musa was interpreted by *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* then after being interpreted it was conveyed directly by *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* to Allah.

Likewise when Allah see and hear, not with eyes and ears, but see and hear through *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72).*

Because *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* is in the human body, and in the universe and all that is in it, so if Allah wants to see and hear through *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* existing in the human body, and in the universe and all that is in it.

So, Allah anywhere, anytime, can immediately see and hear, because *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* which is in the human body, and in the universe and all that is in it.

Now it has been revealed that the secret that is hidden behind the verses: *"... Allah has spoken to Moses directly (An Nisaa': 4: 164) "...Allah is All-Hearing, All-Seeing. (Al Hajj: 22: 612).*

That is, Allah speaks, see and hears directly with humans through *"...my spirit...(Shaad: 38: 72)* or *"...Allah's spirit...(Shaad: 38:72)* which is in the human body.
