## ABSTRACT

Before I write about the problems of birds, animals, trees, moon, earth, sun, stars prostrating to Allah, the writer first asks forgiveness from Allah SWT. Here I try to open the veil that covers the secrets about birds, animals, trees, moon, earth, sun, stars prostrating to Allah from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become God's secret unlocking tools about birds, animals, trees, moon, earth, sun, stars prostrating to God, namely the following verses:

*"Allah is the light of the heavens and the earth....Light upon light...(An Nuur: 24: 35)*

*"... the sun, the moon and the stars submit to His command... (Al A'raaf: 7: 54)*

*"When his Lord said to him: "bow down obey!" Ibrahim replied: "I bow down obey to the Lord of the worlds". (Al Baqarah: 2:131)*

*"Do you not know that to Allah prostrates whatever is in the heavens, on the earth, the sun, the moon, the stars, the mountains, the trees, the creeping animal and most of the people? And many of the people whose punishment has been decreed. And whoever despises Allah, no one will glorify him. Verily Allah does what He wills. (Al Hajj: 22: 18)*

*"Do you not know that Allah is the glory of what is in the heavens and the earth and the birds with their wings spread out. Each one knows his prayer and tasbih, and Allah is Knowing of what they do. (An Nuur: 24:41)*

*"And Sulaiman had inherited Daud, and he said: "O Man, we have been given the understanding of the sound of the birds and we have been given everything. Surely this is a real gift." (An Naml: 27:16)*

In an effort to open the veil of Allah's secret about birds, animals, trees, moon, earth, sun, stars prostrating to Allah I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I propose the hypothesis that birds, animals, trees, moon, earth, sun, stars prostrate to Allah through gravity seen from the basic point of Deoxyribonucleic acid (DNA).

## DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen

atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **HOW BIRDS AND ANIMALS ESTABLISH THE PRAYER AND TASBIH BEFORE ALLAH**

Now, we are still trying to focus our minds to uncover the secrets hidden behind the verse: *"...to Him glorifies what is in the sky and on earth and the birds by spreading their wings...Each one has known his prayer and tasbih. ... (An Nuur: 24:41)*

It turns out that now the secret hidden behind the verse: *"... the bird... has known the prayer and the tasbih... (An Nuur: 24: 41)*

How did the bird establish prayer and tasbih?

The answer is

Hidden behind the verse: *"And Sulaiman has inherited Daud, and he said: "O Man, we have been given understanding about the sound of birds... (An Naml: 27:16)* and the verse: *"Allah is the light of the heavens and the earth.... Light upon light...(An Nuur : 24: 35)*

That is, the bird has known when it is time to pray and tasbih before Allah and in what way the bird tasbih, namely the bird tasbih through *"...the sound of the bird... (An Naml: 27:16)* and the bird determines when the bird performs prayer through *"... the light of the sky and the earth....(An Nuur: 24: 35)*

So, birds perform prayers between sunrise and sunset with tasbih through the sound of their voices.

Likewise *"... to Allah prostrate... the creeping animal... (Al Hajj: 22: 18)*

Now, it has been revealed, birds and animals tasbih through sound and perform prayers with the time between sunrise and sunset.

## **HOW THE TREE, MOUNTAIN, MOON, EARTH, SUN AND STARS BOW DOWN OBEY TO ALLAH**

Now we uncover the secret behind the verse: *"... to Allah prostrate whatever is in the sky, on the earth, the sun, the moon, the stars, the mountains... (Al Hajj: 22: 18)*

Well, it turns out that here is clearly illustrated, the secret behind the verse (Al Hajj: 22: 18) is gravity, which is one of the four fundamental forces of the universe.

That is, if we are on earth, there is gravity on the earth, meaning the attraction of the earth. Without Earth's gravity, we cannot stand, cannot sit, most hover. The mountains will not stand.

Well, with the earth's gravity or the attraction of the earth, our earth can be inhabited and everything stays in its place.

Well, if we look at the trees, their branches and leaves bow to the earth, when performing prayers and tasbih, because of gravity, or the attraction of the earth.

Also the trees, branches and leaves perform their prayers when Allah's light through the sun rises in the east and sets in the west.

When the leaves pray facing the sun, the light of Allah.

## **EARTH, MOON, SUN AND STARS BOW DOWN OBEY TO ALLAH THROUGH GRAVITY**

Well, if we reveal the secret of how the moon, earth, sun, stars prostrate to Allah behind the verse: *"...to Allah prostrate what is in the sky, on earth, sun, moon, stars, mountains... (Al Hajj: 22:18)*

It was revealed that the moon, earth, sun, stars prostrate to Allah through gravity.

With this gravity the moon, earth, sun, stars stay in place, do not collide with each other, and are not lost in the universe.

Or in other words, the moon, the earth, the sun, the stars prostrate to Allah *"... His Lord said...: "bow down obey!"... (Al Baqarah: 2:131)*

## **CONCLUSION**

Based on the description above, we can conclude that the secrets hidden behind the verse: *"...to Him glorifies what is in the sky and on earth and the birds by spreading their wings... Each one has known his prayer and tasbih. ... (An Nuur: 24:41)*

It turns out that now the secret hidden behind the verse: *"... the bird... has known the prayer and the tasbih... (An Nuur: 24: 41)*

How did the bird establish prayer and tasbih?

The answer is

Hidden behind the verse: *"And Sulaiman has inherited Daud, and he said: "O Man, we have been given understanding about the sound of birds... (An Naml: 27:16)* and the verse: *"Allah is the light of the heavens and the earth.... Light upon light... (An Nuur : 24: 35)*

That is, the bird has known when it is time to pray and tasbih before Allah and in what way the bird tasbih, namely the bird tasbih through *"...the sound of the bird... (An Naml: 27:16)* and the bird determines when the bird performs prayer through *"... the light of the sky and the earth.... (An Nuur: 24: 35)*

So, birds perform prayers between sunrise and sunset with tasbih through the sound of their voices.

Likewise *"... to Allah prostrate... the creeping animal... (Al Hajj: 22: 18)*

Now, it has been revealed, birds and animals tasbih through sound and perform prayers with the time between sunrise and sunset.

Now we uncover the secret behind the verse: *"... to Allah prostrate whatever is in the sky, on the earth, the sun, the moon, the stars, the mountains... (Al Hajj: 22: 18)*

Well, it turns out that here is clearly illustrated, the secret behind the verse (Al Hajj: 22: 18) is

gravity, which is one of the four fundamental forces of the universe.

That is, if we are on earth, there is gravity on the earth, meaning the attraction of the earth. Without Earth's gravity, we cannot stand, cannot sit, most hover. The mountains will not stand.

Well, with the earth's gravity or the attraction of the earth, our earth can be inhabited and everything stays in its place.

Well, if we look at the trees, their branches and leaves bow to the earth, when performing prayers and tasbih, because of gravity, or the attraction of the earth.

Also the trees, branches and leaves perform their prayers when Allah's light through the sun rises in the east and sets in the west.

When the leaves pray facing the sun, the light of Allah.

Well, if we reveal the secret of how the moon, earth, sun, stars prostrate to Allah behind the verse:  
*"...to Allah prostrate what is in the sky, on earth, sun, moon, stars, mountains... (Al Hajj: 22:18)*

It was revealed that the moon, earth, sun, stars prostrate to Allah through gravity.

With this gravity the moon, earth, sun, stars stay in place, do not collide with each other, and are not lost in the universe.

Or in other words, the moon, the earth, the sun, the stars prostrate to Allah *"... His Lord said...: "bow down obey!"...(Al Baqarah: 2:131)*
