ABSTRACT

Before I write down the problem of how it actually happened, Allah is everywhere, even though Allah is only one in the universe, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how it actually happened, Allah is everywhere, even though Allah is only one in the universe, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tools about how this actually happened, Allah is everywhere, even though Allah is only one in the universe, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

*"Angels and spirits ascend to God in a day the measure of which is fifty thousand years (Al Ma'aarij: 70: 4)*

*And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise and All-Knowing. (Al Baqarah: 2: 115)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

In an effort to open the veil of Allah's secret about how it actually happened, Allah is everywhere, even though Allah is only one in the universe, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here the author proposes the hypothesis that Allah is everywhere, even though Allah is only one in the universe because Allah's calculation of 1 day is the same as 50000 years according to human calculations, seen from the point of view of Deoxyribonucleic acid (DNA).

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **THE SPEED OF LIGHT ACCORDING TO HUMANS IS 299792,458 KM PER SECOND, WHILE THE SPEED OF ALLAH'S LIGHT ACCORDING TO ALLAH IS 18 262 980 KM PER SECOND, OR 60.92 TIMES FASTER THAN THE SPEED OF LIGHT ACCORDING TO HUMAN CALCULATIONS**

Now, we are still focusing our minds on uncovering the secrets contained behind the verse: *"Angels and spirits ascend to God in a day whose levels are fifty thousand years (Al Ma'aarij: 70: 4)*

It turns out that here Allah has declared that speed is calculated by *"... a day whose levels are fifty thousand years (Al Ma'aarij: 70: 4)*

The meaning here illustrates that the calculation of time according to Allah, 1 day according to Allah's calculation is equal to 18 262 980 days according to human calculations.

Or in other words, the calculation of a distance of 1 km according to Allah's calculation is the same as 18 262 980 km according to human calculations.

The speed of light according to human calculations is 299792.458 km per second, while "*Allah... light... (An Nuur: 24: 35)*" according to Allah's calculation is 18 262980 km per second, or 60.92 times faster than the speed of light according to human calculations.

## **WHY IS ALLAH'S FACE EVERYWHERE WHEN THERE IS ONLY ONE ALLAH IN THE UNIVERSE**

Now let's unpack the secrets that are hidden behind the verse: "*... to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*"

Questions arise

Why is Allah's face everywhere, even though Allah is One in this universe?

The answer is hidden in the secret behind the verse: "*Angels and spirits ascend to God in a day whose measure is fifty thousand years (Al Ma'aarij: 70: 4)*"

It turns out that according to Allah's reckoning 1 second according to Allah's reckoning is equal to 18 262 980 seconds according to human reckoning. Or 1 second according to Allah's reckoning is equal to 35 years according to human reckoning.

Now, the speed of light according to human calculations is 299792.458 km per second. Meanwhile, according to Allah's calculations the speed of "*Allah... light... (An Nuur: 24: 35)*" is 18 262980 km per second. Or 60.92 times faster than the speed of light according to human calculations.

## **WITH THE SPEED OF ALLAH'S LIGHT 18 262980 KM PER SECOND ACCORDING TO ALLAH'S CALCULATIONS COMPARED TO THE SPEED OF LIGHT 299792,458 KM PER SECOND ACCORDING TO HUMAN CALCULATIONS**

Well, with the speed of Allah's light according to Allah's calculation is 60.92 times faster than the speed of light according to humans, then wherever the direction of the human eye is directed, the face of Allah has moved quickly to the place intended by the human eye.

So, wherever the direction of the human eye is directed, then quickly the face of Allah moves from place to place, to the place where the human eye is aiming.

So, because the speed of Allah's face moving from place to place is 60.92 times the speed of light according to human calculations, then humans think that Allah's face is everywhere, even though Allah's face is only one, but because the speed of Allah's light according to Allah's calculation is 60.92 times the speed of light according to human calculations.

Now, it has been revealed, the secret that is hidden behind the verse: "*...to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*"

That is, because the speed of Allah's light according to Allah's calculation is 60.92 times the speed of light according to human calculations, then humans think that Allah's face is everywhere, even

though Allah's face is only one.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: *"Angels and spirits ascend to God in a day whose levels are fifty thousand years (Al Ma'aarij: 70: 4)*

It turns out that here Allah has declared that speed is calculated by *"... a day whose levels are fifty thousand years (Al Ma'aarij: 70: 4)*

The meaning here illustrates that the calculation of time according to Allah, 1 day according to Allah's calculation is equal to 18 262 980 days according to human calculations.

Or in other words, the calculation of a distance of 1 km according to Allah's calculation is the same as 18 262 980 km according to human calculations.

The speed of light according to human calculations is 299792.458 km per second, while *"Allah... light... (An Nuur: 24: 35)* according to Allah's calculation is 18 262980 km per second, or 60.92 times faster than the speed of light according to human calculations.

Now let's unpack the secrets that are hidden behind the verse: *"... to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*

Questions arise

Why is Allah's face everywhere, even though Allah is One in this universe?

The answer is hidden in the secret behind the verse: *"Angels and spirits ascend to God in a day whose measure is fifty thousand years (Al Ma'aarij: 70: 4)*

It turns out that according to Allah's reckoning 1 second according to Allah's reckoning is equal to 18 262 980 seconds according to human reckoning. Or 1 second according to Allah's reckoning is equal to 35 years according to human reckoning.

Now, the speed of light according to human calculations is 299792.458 km per second. Meanwhile, according to Allah's calculations the speed of *"Allah... light... (An Nuur: 24: 35)* is 18 262980 km per second. Or 60.92 times faster than the speed of light according to human calculations.

Well, with the speed of Allah's light according to Allah's calculation is 60.92 times faster than the speed of light according to humans, then wherever the direction of the human eye is directed, the face of Allah has moved quickly to the place intended by the human eye.

So, wherever the direction of the human eye is directed, then quickly the face of Allah moves from place to place, to the place where the human eye is aiming.

So, because the speed of Allah's face moving from place to place is 60.92 times the speed of light according to human calculations, then humans think that Allah's face is everywhere, even though Allah's face is only one, but because the speed of Allah's light according to Allah's calculation is 60.92 times the speed of light according to human calculations.

Now, it has been revealed, the secret that is hidden behind the verse: *"...to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2: 115)*

That is, because the speed of Allah's light according to Allah's calculation is 60.92 times the speed of light according to human calculations, then humans think that Allah's face is everywhere, even though Allah's face is only one.
