ABSTRACT

Before I write down the problem of how humans know that Allah speaks directly to humans, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how humans know Allah speaks directly to humans, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how humans know that Allah speaks directly to humans, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

Allah said: "O Moses, verily I chose you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31:28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about Allah speaking directly to every human being through my spirit, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that Allah through my spirit speaks directly to every human being, from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

HOW HUMANS KNOW ALLAH SPEAK DIRECTLY WITH HIMSELF

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"...it is impossible for a human being...Allah to speak with him except...behind the veil...(Asy Syuura: 42: 51)* *"... "O Musa...I choose you...to speak directly with Me..." (Al A'raaf: 7: 144)*

Apparently, here Allah has declared that Allah *"...speaks directly..." (Al A'raaf: 7: 144)* with humans *"...behind the veil...(Asy Syuura: 42: 51)*

What is it called *"...behind the veil...(Asy Syuura: 42: 51)?*

The answer is

Hidden in the secret behind the verse: *"...before them a wall and behind them a wall...they cannot see."* (*Yaasiin: 36:9*)

Well, it turns out, Allah has made a veil between Allah and man, where the view of the human eye is very limited. The human eye can only see sunlight whose light is in the area of the electromagnetic spectrum between 430 and 740 nanometers.

Because, indeed, there is already a veil between Allah and humans, so every second Allah can talk directly to humans.

How can Allah speak directly to humans?

The answer is

Hidden in the secret behind the verse: *"...I am near...(Al Baqarah: 2: 186) "Allah holds the soul when it dies and the soul that has not died in its sleep... (Az Zumar: 39: 42) " ...We... know what his heart whispers... We are closer to him than his jugular vein."* (*Qaf: 50:16*)

Well, this is where there is a very wide freedom between Allah and humans, where anytime and anywhere Allah can talk directly to humans, as well as humans can talk directly to Allah.

Now, how does man know that Allah is speaking directly to him?

The answer is,

Hidden in the secret behind the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

Now, humans know that Allah speaks directly to himself through *"...my spirit...(Shaad: 38: 72)*

How do humans know that in him there is *"...my spirit...(Shaad: 38: 72) ?*

The answer is,

It is hidden in the secret behind the verse: *"Allah holds the soul when it dies and the soul that has not died when it sleeps... that is the sign of Allah's power for a people who think (Az Zumar: 39: 42)*

HUMAN THINKING, DRAWING IN HIMSELF THERE IS MY SPIRIT

Well, with humans *"..thinking (Az Zumar: 39: 42)* describes that in humans there is *"... My spirit... (Shaad: 38: 72)* because *"... My spirit... (Shaad :38:72)* is made up of oxygen atoms, hydrogen atoms, carbon atoms and nitrogen atoms. Where these atoms are the source for the life of the universe and all its contents, including humans.

So, with humans *"..thinking (Az Zumar: 39: 42)* about Allah, then humans directly through *"... My spirit... (Shaad: 38: 72)* are talking directly to Allah. *"...My spirit...(Shaad: 38:72)* is what interprets the symbols conveyed by Allah to humans.

The deeper man thinks through *"...my spirit...(Shaad: 38:72)* about Allah, the closer Allah is to him and Allah directly talks to him through symbols interpreted by *"...my spirit...(Shaad: 38:72)* so that people understand what is conveyed by Allah.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: *"...it is impossible for a human being...Allah to speak with him except...behind the veil...(Asy Syuura: 42: 51) "...O Musa...I choose you...to speak directly with Me..." (Al A'raaf: 7: 144)*

Apparently, here Allah has declared that Allah *"...speaks directly..." (Al A'raaf: 7: 144)* with humans *"...behind the veil...(Asy Syuura: 42: 51)*

What is it called *"...behind the veil...(Asy Syuura: 42: 51)?*

The answer is

Hidden in the secret behind the verse: *"...before them a wall and behind them a wall...they cannot see." (Yaasiin: 36:9)*

Well, it turns out, Allah has made a veil between Allah and man, where the view of the human eye is very limited. The human eye can only see sunlight whose light is in the area of the electromagnetic spectrum between 430 and 740 nanometers.

Because, indeed, there is already a veil between Allah and humans, so every second Allah can talk directly to humans.

How can Allah speak directly to humans?

The answer is

Hidden in the secret behind the verse: *"...I am near...(Al Baqarah: 2: 186) "Allah holds the soul when it dies and the soul that has not died in its sleep... (Az Zumar: 39: 42) "...We... know what his heart whispers... We are closer to him than his jugular vein." (Qaf: 50:16)*

Well, this is where there is a very wide freedom between Allah and humans, where anytime and anywhere Allah can talk directly to humans, as well as humans can talk directly to Allah.

Now, how does man know that Allah is speaking directly to him?

The answer is,

Hidden in the secret behind the verse: *"...I breathed into him my spirit...(Shaad: 38: 72)*

Now, humans know that Allah speaks directly to himself through *"...my spirit...(Shaad: 38: 72)*

How do humans know that in him there is *"...my spirit...(Shaad: 38: 72) ?*

The answer is,

It is hidden in the secret behind the verse: *"Allah holds the soul when it dies and the soul that has not died when it sleeps... that is the sign of Allah's power for a people who think (Az Zumar: 39: 42)*

Well, with humans *"..thinking (Az Zumar: 39: 42)* describes that in humans there is *"... My spirit... (Shaad: 38: 72)* because *"... My spirit...
