ABSTRACT

Before I write down the problem of how humans know that within themselves there is "...my spirit... (Shaad: 38:72), what is the difference between "...my spirit...(Shaad: 38:72) with thoughts and First of all, I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how humans know that within him there is "...My spirit...(Shaad: 38:72), what is the difference between "...my spirit...(Shaad: 38 :72) with the mind and consciousness, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how humans know that in him there is "...my spirit...(Shaad: 38:72), what is the difference between "...my spirit...(Shaad: 38 : 72) with mind and awareness, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things.*

*(Al Hadid: 57:3)*

*"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)*

*"He arranges affairs from the heavens to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

*"It is He Who shows you His signs and sends down for you sustenance from the sky. And there is no lesson except those who return (Al Mu'min: 40:13)*

*"He is Allah, Who made all that is on earth for you and He willed the skys, then He made the seven skys. And He is All-Knowing of all things (Al Baqarah: 2:29)*

*"Allah, there is no god but He Who Lives eternally and continually takes care of; neither sleeps nor sleeps. To Him belongs what is in the skys and the earth. No one can intercede with Allah without His permission? Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the heavens and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)*

*"So turn your face straight to the religion of Allah; it is the nature of Allah who created man according to that nature. There is no change in the nature of Allah. The religion is straight; but most people do not know (Ar Ruum: 30: 30)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to open the veil of Allah's secret about how humans know that within him there is *"...my spirit...(Shaad: 38:72)*, what is the difference between *"...my spirit...(Shaad: 38:72)* With thought and awareness, I use the base of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose a hypothesis *"... my spirit...(Shaad : 38: 72)* is a collection of hydrogen atoms, carbon

atoms, nitrogen atoms and oxygen atoms that make up cells throughout the body and become the building blocks of Deoxyribonucleic acid (DNA) and building blocks of nerve cells in the brain, seen from the point of view of Deoxyribonucleic acid (DNA)

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## MY SPIRIT THAT IS A HYDROGEN ATOM, CARBON ATOM, NITROGEN ATOM AND OXYGEN ATOM BECOME THE BUILDING OF NERVE CELLS TOTALLY 65 00000000 CELLS

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: "... *He... breathed into it His spirit and He made for you hearing, sight and heart.. (As Sajdah: 32: 9)*"...*I am near...(Al Baqarah: 2:186)*

It turns out that **70 00000000 00000000 00000000** atoms that exist in the human body, become the basis for building the entire human body. Or in other words, "... *my spirit...(Shaad : 38: 72)* which is a hydrogen atom, carbon atom, nitrogen atom and oxygen atom is the source of human life. Without "...*my spirit...(Shaad: 38:72)* there would be no human and no other living beings in these seven skys.

65 00000000 nerve cells in the human head, built by "...*my spirit...(Shaad : 38: 72)* via deoxyribonucleic acid (DNA)

## **MY SPIRIT WHICH IS A HYDROGEN ATOM, CARBON ATOM, NITROGEN ATOM AND OXYGEN ATOM BUILD A NETWORK OF 65 000000000 NERVE CELLS IN THE BRAIN USED FOR HUMAN THINKING AND HUMANS HAVE AWARENESS**

Now, the question arises,

How does "...my spirit...(Shaad: 38:72) think, what's the difference "...my spirit...(Shaad: 38:72) thinks and humans think?

The answer is,

It is hidden in the secret behind the verse: "... *fitrah of Allah who has created humans according to that fitrah. There is no change in Allah's fitrah...*(Ar Ruum: 30:30)

Well, "...my spirit...(Shaad: 38:72) is based on "...*fitrah of Allah...*(Ar Ruum: 30:30)

That is, hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms which are the building blocks of "...my spirit...(Shaad: 38:72) which is formed by Allah's energy which comes from Allah.

So, "...*fitrah of Allah...*(Ar Ruum : 30:30) is the basis of "...my spirit...(Shaad: 38:72) which is the source of life for all the seven skies and their contents.

## **MY SPIRIT THINKS BEYOND THE CONTROL OF THE HUMAN MIND AND OUTSIDE THE CONTROL OF THE HUMAN CONSCIOUSNESS**

Now, when humans think shows that humans are in a conscious state.

Well, when "...my spirit...(Shaad : 38:72) thinks, human consciousness and thoughts do not affect it.

That is, the mind "... my spirit... (Shaad: 38: 72) is above the human mind and consciousness.

So, what is thought by "...my spirit...(Shaad: 38:72) is not known by the human mind and is not realized by humans.

On the other hand, the mind "...my spirit...(Shaad: 38:72) can know in advance what people are thinking and realizing.

## **HUMANS WILL REALIZE THAT THERE IS MY SPIRIT WITHIN HIMSELF, WHEN HUMANS IN THE SECONDS ARE FACING A DANGEROUS**

When, humans suddenly face a danger, which the human brain does not have time to think anymore, and human consciousness can no longer control the situation and circumstances, at that second, the thought "... my spirit...( Shaad: 38: 72) provide a way out, so that humans are safe from the dangers that can harm their lives. This has happened several times in my life.

## **BECAUSE MY SPIRIT IS A FITRAH OF ALLAH, THEN WHEN PEOPLE DIE, MY SPIRIT IS ALIVE**

Well, "... my spirit...(Shaad : 38: 72) which is hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms which are the building blocks of the human body, when the functions of the human body are no longer functioning, and humans die, then "...my spirit...(Shaad: 38:72) does not die.

Because the hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms that make up the building of "...my spirit...(Shaad : 38: 72) still live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years

Or in other words, "... my spirit... (Shaad : 38: 72) is "... fitrah of Allah... (Ar Ruum : 30: 30)

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "... He... breathed into it His spirit and He made for you hearing, sight and heart... (As Sajdah: 32: 9)"...I am near...(Al Baqarah: 2:186)

It turns out that 70 000000000 000000000 000000000 atoms that exist in the human body, become the basis for building the entire human body. Or in other words, "... my spirit...(Shaad : 38: 72) which is a hydrogen atom, carbon atom, nitrogen atom and oxygen atom is the source of human life. Without "...my spirit...(Shaad: 38:72) there would be no human and no other living beings in these seven skys.

65 000000000 nerve cells in the human head, built by "...my spirit...(Shaad : 38: 72) via deoxyribonucleic acid (DNA)

Now, the question arises,

How does "...my spirit...(Shaad: 38:72) think, what's the difference "...my spirit...(Shaad: 38:72) thinks and humans think?

The answer is,

It is hidden in the secret behind the verse: "... fitrah of Allah who has created humans according to that fitrah. There is no change in Allah's fitrah...(Ar Ruum: 30:30)

Well, "...my spirit...(Shaad: 38:72) is based on "...fitrah of Allah...(Ar Ruum: 30:30)

That is, hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms which are the building blocks of "...my spirit...(Shaad: 38:72) which is formed by Allah's energy which comes from Allah.

So, "...fitrah of Allah...(Ar Ruum : 30:30) is the basis of "...my spirit...(Shaad: 38:72) which is the source of life for all the seven skys and their contents.

Now, when humans think shows that humans are in a conscious state.

Well, when "...my spirit...(Shaad : 38:72) thinks, human consciousness and thoughts do not affect it.

That is, the mind "... my spirit... (Shaad: 38: 72) is above the human mind and consciousness.

So, what is thought by "...my spirit...(Shaad: 38:72) is not known by the human mind and is not realized by humans.

On the other hand, the mind "...my spirit...(Shaad: 38:72) can know in advance what people are thinking and realizing.

When, humans suddenly face a danger, which the human brain does not have time to think anymore, and human consciousness can no longer control the situation and circumstances, at that

second, the thought "... *my spirit...*( *Shaad: 38: 72*) provide a way out, so that humans are safe from the dangers that can harm their lives. This has happened several times in my life.

Well, "... *my spirit...*(*Shaad : 38: 72*) which is hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms which are the building blocks of the human body, when the functions of the human body are no longer functioning, and humans die, then "...*my spirit...*(*Shaad: 38:72*) does not die.

Because the hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms that make up the building of "...*my spirit...*(*Shaad : 38: 72*) still live to the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years

Or in other words, "... *my spirit...* (*Shaad : 38: 72*) is "... *fitrah of Allah...* (*Ar Ruum : 30: 30*)
