ABSTRACT

Before I write down the problem of how it can happen, the satan is pursuing a balanced life, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how this can happen, satan pursues a balanced life, first of all, I asks forgiveness from Allah SWT, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how it can happen, satan pursues a balanced life, namely the following verses:

*"Allah... the light of the Skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not*

*balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"The paradise of 'Adn which they enter together with the righteous from their fathers, wives and offspring, while the angels enter their places from all doors; (Ar Ra'd: 13:23)*

*"O you who believe, protect yourselves and your families from a hell fire whose fuel is people and stones; its guardians are angels who are harsh, harsh, and do not disobey Allah in what He commands them and always do what is commanded. (At Tahrir : 66: 6)*

*"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)*

*"And give good tidings to those who believe and do good, that for them are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)*

*"And when We said to the angels: "Prostrate yourselves to Adam, then prostrate them except Satan. He is from the group of jinn, so he disobeys the command of his Lord. Should you take him and his descendants as leaders other than Me, while they are your enemies? It is very bad that the devil is a substitute for the wrongdoers. (Al Kahf: 18: 50)*

*"And We have subdued a group of devils who dive for him and do work other than that, and We are taking care of them, (Al Anbiyaa ': 21:82)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to unmask Allah's secret about how it can happen, Satan pursues a balanced life, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose the hypothesis that satan pursues a balanced life, because all of Allah's creations are *"...balanced...(Al Mulk: 67: 3)*. Therefore, satan is no exception, his life is balanced, positive and negative, from the point of view of Deoxyribonucleic acid (DNA) view

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with

gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## **HOW COULD HAPPEN, THE SATAN'S LIFE IS BALANCED, BAD BEHAVIOR AND GOOD BEHAVIOR**

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"... when We said to the angels: "Prostrate to Adam, then bow down to them except devil. He is from the group of jinn, so he disobeys the command of his Lord... (Al Kahf: 18: 50) "... We have subdued a group of satans who dive for him and do work other than that, and We are taking care of them, (Al Anbiyaa ': 21: 82) "... You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything out of balance? (Al Mulk: 67: 3)*

Apparently, here Allah has declared that the satan and the devil who is *"... from the jinn group... (Al Kahf: 18: 50)* submits and obeys Allah's law or natural law. Where anything created by Allah is *"... balanced... (Al Mulk: 67: 3)*

Jin and humans are one type, which has a body and in its body is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

## **NEGATIVE CHARACTER OF SATAN**

Satan and the devil *"... are from the jinn group... (Al Kahf: 18: 50)* When Allah ordered the satan and the devil to prostrate to Adam *"... We said to the angels: "Prostrate yourselves to Adam, then prostrate them except the devil. He is from the jinn group, so he disobeys the command of his Lord... (Al Kahf: 18: 50)*

Well, this is one of the characteristics of the satan and the devil from the jinn group, which is a kind of human, which is negative, is always rebelling and *"... disobeying the orders of his Lord... (Al Kahf: 18: 50)* whatever Allah commands the satan and the devil, the satan and the devil always disobey.

However, satan and the devil are one of Allah's creations, they must submit to Allah's laws or natural laws.

Well, here is the secret that surrounds satan and the devil, that is, even though the satan and the

devil always disobey Allah's commands, the satan and the devil are submissive and obedient to Allah's law or natural law.

## **POSITIVE CHARACTER OF SATAN**

Where when Prophet Sulaiman ordered the satan to work under his orders, the satan was assigned and ordered by Prophet Sulaiman *"... We have subdued a group of satans who dive for him and do work other than that ... (Al Anbiyaa ': 21:82)*

Well, it turns out, after all, the satan is the number one dissident to Allah, but he must submit to Allah's law or natural law, namely the satan submits to human orders, in this case the command of Prophet Solomon, who ordered the satan to work under the orders of Prophet Solomon.

Satan carries out the orders of Prophet Sulaiman to *"... dive... and do work other than that... (Al Anbiyaa ': 21: 82)*

Well, the work of satan diving and doing other jobs under the orders of Prophet Solomon describes the positive character of satan.

Why is it called the positive character of Satan?

Because the satan is submissive and obedient to the law of Allah or the laws of nature that apply in these seven skys. Whatever Allah has created is subject to Allah's law or natural law, all of them are *"... balanced... (Al Mulk: 67: 3)*

## **NEGATIVE AND POSITIVE CHARACTER OF SATAN**

So, actually, in satan there are positive character such as *"...diving...and doing work other than that... (Al Anbiyaa': 21: 82)* under the command of Prophet Solomon.

Then the negative character of satan such as *".. disobeying the command of his Lord ... (Al Kahf: 18: 50)*

Now it has been revealed, the secret that is hidden behind the verse: *"...You never see in the creation of the Most Gracious God anything that is not balanced... (Al Mulk: 67: 3)*

That is, whatever is in the seven skys is balanced, there are positives and there are negatives.

This is Allah's law or natural law that applies in the seven skys today.

## **CONCLUSION**

Based on the description above, we can conclude that the secrets contained behind the verses: *"... when We said to the angels: "Prostrate to Adam, then bow down to them except devil. He is from the group of jinn, so he disobeys the command of his Lord... (Al Kahf: 18: 50) "... We have subdued a group of satans who dive for him and do work other than that, and We are taking care of them, (Al Anbiyaa ': 21: 82) "...You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything out of balance? (Al Mulk: 67: 3)*

Apparently, here Allah has declared that the satan and the devil who is *"... from the jinn group... (Al Kahf: 18: 50)* submits and obeys Allah's law or natural law. Where anything created by Allah is *"... balanced... (Al Mulk: 67: 3)*

Jin and humans are one type, which has a body and in its body is built by hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms.

Satan and the devil **"... are from the jinn group... (Al Kahf: 18: 50)** When Allah ordered the satan and the devil to prostrate to Adam **"... We said to the angels: "Prostrate yourselves to Adam, then prostrate them except the devil. He is from the jinn group, so he disobeys the command of his Lord... (Al Kahf: 18: 50)**

Well, this is one of the characteristics of the satan and the devil from the jinn group, which is a kind of human, which is negative, is always rebelling and **"... disobeying the orders of his Lord... (Al Kahf: 18: 50)** whatever Allah commands the satan and the devil, the satan and the devil always disobey.

However, satan and the devil are one of Allah's creations, they must submit to Allah's laws or natural laws.

Well, here is the secret that surrounds satan and the devil, that is, even though the satan and the devil always disobey Allah's commands, the satan and the devil are submissive and obedient to Allah's law or natural law.

Where when Prophet Sulaiman ordered the satan to work under his orders, the satan was assigned and ordered by Prophet Sulaiman **"... We have subdued a group of satans who dive for him and do work other than that ... (Al Anbiyaa ': 21:82)**

Well, it turns out, after all, the satan is the number one dissident to Allah, but he must submit to Allah's law or natural law, namely the satan submits to human orders, in this case the command of Prophet Solomon, who ordered the satan to work under the orders of Prophet Solomon.

Satan carries out the orders of Prophet Sulaiman to **"... dive... and do work other than that... (Al Anbiyaa ': 21: 82)**

Well, the work of satan diving and doing other jobs under the orders of Prophet Solomon describes the positive character of satan.

Why is it called the positive character of Satan?

Because the satan is submissive and obedient to the law of Allah or the laws of nature that apply in these seven skys. Whatever Allah has created is subject to Allah's law or natural law, all of them are **"... balanced... (Al Mulk: 67: 3)**

So, actually, in satan there are positive character such as **"...diving...and doing work other than that... (Al Anbiyaa': 21: 82)** under the command of Prophet Solomon.

Then the negative character of satan such as **".. disobeying the command of his Lord ... (Al Kahf: 18: 50)**

Now it has been revealed, the secret that is hidden behind the verse: **"...You never see in the creation of the Most Gracious God anything that is not balanced... (Al Mulk: 67: 3)**

That is, whatever is in the seven skys is balanced, there are positives and there are negatives.

This is Allah's law or natural law that applies in the seven skys today.
