ABSTRACT

Before I write down the problem of how it can happen, there is a light, which behaves as a male and there is a light that behaves as a female, first I ask forgiveness from Allah SWT. Here I am trying to open the veil that covers the secret that can happen, there is a light, which behaves as a male and there is a light that behaves as a female, based on Deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about how this can happen, there is a light, which behaves as a male and there is a light that behaves as a female, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"Indeed, We have adorned the skys near the stars, and We have made the stars casters of the devil, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)

"And We did not create the heavens and the earth and everything between them by playing around (Al Anbiyaa': 21:16)

"Allah created the skys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"Allah owns all that is in the heavens and the earth. And woe to the disbelievers because of a very painful torment, (Ibrahim: 14:2)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"And Allah created you from clay and then from semen, then He made you in pairs. And no woman conceives and does not give birth except with His knowledge. And the life of a person who has a long life is not prolonged nor is his life reduced, but in the Book. Verily, this is easy for Allah (Faathir: 35:11)

"In the two heavens there are all kinds of fruit in pairs (Ar Rahmaan: 55: 52)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to unmask Aallah's secret about how there can be light, which behaves as a male and there is a light that behaves as a female, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that there is light, which behaves as a male and there is light, which behaves as a female, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

HOW CAN IT HAPPEN, IN THE LIGHT LAYER, THERE IS A LIGHT LAYER THAT BEHAVIOR AS A MALE AND THERE IS A LIGHT LAYER BEHAVIOR AS A FEMALE

Now, we are still concentrating on uncovering the secrets contained behind the verses: "*Allah... the light of the skys and the earth... The light upon the light... (An Nuur: 24: 35)*"... *He make you in pairs... (Faathir: 35:11)*"*In...heaven...there are...fruits in pairs (Ar Rahmaan: 55:52)*

Now, the question arises,

Are only living things, like humans, in pairs?

The answer is,

Hidden in a secret, behind the verse: "*Allah... the light of the skys and the earth... The light upon the light... (An Nuur: 24: 35)*

Well, it turns out, in "*...Light upon light...(An Nuur: 24: 35)* also in pairs

There is a light layer that behaves as a male and there is a light layer that behaves as a female.

Where, with 'ainal yaqin, can already be seen by the author

(<https://ahmadsudirman.se/Light%20is%20composed%20of%20two%20groups%20of%20particles.pdf>)

BECAUSE HUMANS DON'T UNDERSTAND, THEN WHAT ILLUMINATES THE HUMAN BODY, WHEN HUMANS ARE BASKING IN THE SUN, IT TURNS OUT THAT LIGHT LAYERS ARE MALE TYPES AND WOMEN TYPES OF LIGHT.

Now, Allah has declared: "*...Light upon light...(An Nuur : 24:35)" ...He made...pairs...(Faathir : 35:11)*

Indeed, it is evident that even within the layers of light there is a layer of male light and a layer of female light.

So, actually, light is a particle, which in the group of particles that behaves as a girl, consists of:

A layer of red light in the electromagnetic spectrum between 625 and 740 nanometers.

A layer of orange light in the electromagnetic spectrum between 590 and 625 nanometers.

A layer of yellow light in the electromagnetic spectrum between 565 and 590 nanometers.

The group of particles that behave as men, consists of:

A layer of green light in the electromagnetic spectrum between 520 to 565 nanometers.

A layer of blue light in the electromagnetic spectrum between 450 and 520 nanometers.

The indigo light layer in the electromagnetic spectrum is between 430 - 450 nanometers.

A layer of purple light in the electromagnetic spectrum between 380 – 430 nanometers.

Well, here are 7 layers of light, which are "*...Light upon light...(An Nuur: 24:35)*, which consists of a male light layer and a female light layer.

Now, it has been revealed, the secret that is stored in the verse: "*... He made ... in pairs... (Faathir: 35: 11)*

It means, anything, "*... in pairs... (Faathir : 35:11)*, positive and negative, male and female, male and female.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: "*Allah... the light of the skys and the earth... The light upon the light... (An Nuur: 24: 35)" ... He make you in pairs...(Faathir: 35:11)"In...heaven...there are...fruits in pairs (Ar Rahmaan: 55:52)*

Now, the question arises,

Are only living things, like humans, in pairs?

The answer is,

Hidden in a secret, behind the verse: "*Allah... the light of the skys and the earth... The light upon the light... (An Nuur: 24: 35)*

Well, it turns out, in "...*Light upon light...*(*An Nuur: 24: 35*) also in pairs

There is a light layer that behaves as a male and there is a light layer that behaves as a female.

Where, with 'ainal yaqin, can already be seen by the author

(<https://ahmadsudirman.se/Light%20is%20composed%20of%20two%20groups%20of%20particles.pdf>)

Now, Allah has declared: "...*Light upon light...*(*An Nuur : 24:35*)" ...*He made...pairs...*(*Faathir : 35:11*)

Indeed, it is evident that even within the layers of light there is a layer of male light and a layer of female light.

So, actually, light is a particle, which in the group of particles that behaves as a girl, consists of:

A layer of red light in the electromagnetic spectrum between 625 and 740 nanometers.

A layer of orange light in the electromagnetic spectrum between 590 and 625 nanometers.

A layer of yellow light in the electromagnetic spectrum between 565 and 590 nanometers.

The group of particles that behave as men, consists of:
