## ABSTRACT

First of all, by asking forgiveness from Allah SWT here I am trying to reveal the signs of Allah SWT's greatness regarding Allah's secret about how my spirit from the dead enters the body of the living, based on photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid. (DNA)

In the Qur'an, several verses are found that are the key to unlocking the secret of Allah's secret about how my spirit from the dead enters the body of the living, namely the following verses:

*"Read your book, it is enough for yourself at this time as a reckoning against you." (Al Israa ': 17:14)*

*"Have We not made the earth (a place) to gather, (Al Mursalaat: 77: 25) the living and the dead? (Al Mursalaat: 77: 26)*

*"... then We bring out because of the rain various kinds of fruit. That is how We raise the dead..." (Al A'raaf: 7: 57)*

*"Allah is the light of the heavens and the earth.*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill (all My commands) and let them believe in Me. Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"And why don't they think about themselves? Allah did not make the heavens and the earth and what is between them except with the truth and at an appointed time. And indeed, most of the people really deny meeting their Lord. (Ar Ruum: 30:8)*

*"...Then didn't you think? (Ash Shaaffaat: 37:138)*

*"... We are closer to him than his jugular vein, (Qaaf: 50:16)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourselves (Al Hijr: 15: 29)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

In an attempt to unmask the secret of Allah, how my spirit from the dead enters the body of the living, I based on photons, quarks and deoxyribonucleic acid or the molecular structure of nucleic acids.

## HYPOTHESIS

Here I put forward my hypothesis that my spirit from the dead enters the body of the living because carbon atoms and oxygen atoms form carbon dioxide or carbon dioxide. This carbonic acid is

absorbed by plants and converted into oxygen and glucose through the process of photosynthesis with the help of sunlight, water and chloroplasts. Glucose is used as food by plants while oxygen is used for food through the respiratory process by humans and animals, seen from the point of view of photons, quarks and Deoxyribonucleic acid (DNA).

## **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **“MY SPIRIT” THAT KEEPS RECORDS OF HUMAN ACTIVITIES KEEPS AWAKE**

Now, we are still trying to focus our minds to reveal the secret behind the verse: *"Read your book, it is enough for yourself at this time as a reckoning against you."* (Al Israa ': 17: 14)

Apparently, all human actions, both visible and invisible, are recorded in *"... my spirit... (Al Hijr: 15: 29)* . Where *"... my spirit... (Al Hijr: 15: 29)* in which there is a record of human actions, remains awake until the human dies.

Or in other words, all human actions, both visible and invisible, are recorded in *"...my spirit...(Al Hijr: 15: 29)* or in Deoxyribonucleic acid (DNA), which is based on Deoxyribonucleic acid. (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

## **WHICH PART OF MY SPIRIT ENTERS THE BODY OF A LIVING PERSON**

Now, let's unveil the secret contained behind the verse: *"... then We bring out because of the rain various kinds of fruit. That's how We resurrect those who have died, ..."* (Al A'raaf: 7 : 57)

It turns out, now, it was revealed, that *"...In this way We raise up those who have died,..."*(Al A'raaf:7: 57)

That is, rain water containing oxygen atoms and hydrogen atoms has provided life for plants by absorption of oxygen atoms, hydrogen atoms plus carbon atoms obtained from the soil and from carbon atoms and oxygen atoms to form carbon dioxide or carbon dioxide.

Where this carbonic acid is absorbed by plants and converted into oxygen and glucose through the process of photosynthesis with the help of sunlight, water and chloroplasts. Which oxygen atoms are used for food through the respiratory process by humans and animals.

Well, now the secret is revealed, that the oxygen atom that comes from carbon dioxide or carbonic acid, which has been changed by plants, is sucked by humans.

Or in other words, *"... my spirit... (Al Hijr: 15: 29)* from the body of the dead enters the body of the

living.

## CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *"Read your book, it is enough for yourself at this time as a reckoning against you."* (Al Israa ': 17: 14)

Apparently, all human actions, both visible and invisible, are recorded in *"... my spirit... (Al Hijr: 15: 29)* . Where *"... my spirit... (Al Hijr: 15: 29)* in which there is a record of human actions, remains awake until the human dies.

Or in other words, all human actions, both visible and invisible, are recorded in *"...my spirit...(Al Hijr: 15: 29)* or in Deoxyribonucleic acid (DNA), which is based on Deoxyribonucleic acid. (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

Now, let's unveil the secret contained behind the verse: *"... then We bring out because of the rain various kinds of fruit. That's how We resurrect those who have died, ..."* (Al A'raaf: 7 : 57)

It turns out, now, it was revealed, that *"...In this way We raise up those who have died,..."*(Al A'raaf:7: 57)

That is, rain water containing oxygen atoms and hydrogen atoms has provided life for plants by absorption of oxygen atoms, hydrogen atoms plus carbon atoms obtained from the soil and from carbon atoms and oxygen atoms to form carbon dioxide or carbon dioxide.

Where this carbonic acid is absorbed by plants and converted into oxygen and glucose through the process of photosynthesis with the help of sunlight, water and chloroplasts. Which oxygen atoms are used for food through the respiratory process by humans and animals.

Well, now the secret is revealed, that the oxygen atom that comes from carbon dioxide or carbonic acid, which has been changed by plants, is sucked by humans.

Or in other words, *"... my spirit... (Al Hijr: 15: 29)* from the body of the dead enters the body of the living.
