ABSTRACT

Before the author writes about how really is, the law of usury is applied in Saudi Arabia, Pakistan and Iran, while the state debt uses usury, the law is contradictory, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of how really is, the law of usury is applied in Saudi Arabia, Pakistan and Iran, while the state debt uses usury, the law is contradictory, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that open Allah's secret about how really is, the law of usury is applied in Saudi Arabia, Pakistan and Iran, while the state debt uses usury, the law is contradictory, namely the verses:

"O you who believe, do not eat usury multiplied and fear Allah so that you may be successful (Ali 'Imran: 3: 130)

"Allah destroys usury and nourishes alms. And Allah does not like everyone who remains in disbelief, and always commits sins. (Al Baqarah: 2: 276)

"And something usury that you give so that it increases in human property, then usury does not add to Allah's side. And what you give is in the form of zakat which you intend to achieve the pleasure of Allah, then those are the people who multiply it. (Ar Ruum :30:39)

"O you who believe, fear Allah and leave the rest of usury if you are believers. (Al Baqarah: 2: 278)

"And because they eat usury, when in fact they have been prohibited from it, and because they eat people's property in a vanity way. We have prepared for those who disbelieve among them a painful punishment. (An Nisaa ': 4: 161)

"Those who eat usury cannot stand but stand like a person who has been possessed by a devil due to madness. Their situation is like that, is because they say, actually buying and selling is the same as usury, even though Allah has justified buying and selling and forbidding usury. Those who have received a prohibition from their Lord, then continue to stop, then for him what he took before and his business is with Allah. Whoever returns, then that person is the inhabitants of hell; they will remain therein (Al Baqarah: 2: 275)

"Indeed, the zakat is only for the needy, the poor, administrators of zakat, converts whose hearts are persuaded, for slaves, people who are in debt, for the way of Allah and for those who are in journey, as a decree obligatory by Allah, and Allah is All-Knowing, All-Wise (At Tawbah: 9: 60)

"Indeed, We have sent down the Book to you with the truth, so that you may judge between humans and what Allah has revealed to you, and do not be a challenger, because of the treacherous (An Nisaa ': 4: 105)

"He is Allah, who made everything on earth for you and He willed the heavens, then made seven skys. And He is All-Knower of all things. (Al Baqarah: 2: 29)

"Who has created the seven skys in layers. You never see in the creation of God the Most Gracious something that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And We did not create the skys and the earth and everything between them playing games (Al Anbiyaa ': 21: 16)

"God created the skys and the earth with rights. Indeed, in that there are signs of God's power for the believers (Al 'Ankabuut: 29: 44)

In an effort to open the veil of Allah's secret cover about how really is, the law of usury is applied in Saudi Arabia, Pakistan and Iran, while the state debt uses usury, the law is contradictory, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid.

HYPOTHESES

Here the author proposes the hypothesis the law of usury is applied in Saudi Arabia, Pakistan and Iran, while the state debt uses usury, the law is contradictory, the law of Allah or the law of Jahve exists under secular law, based on Deoxyribonucleic acid (DNA)

EOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure form a double helix and which contain polynucleotide macromolecules arranged together repeatedly from the nucleotide polymer. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. Nitrogen bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

HOW REALLY IS, THE LAW OF USURY IS APPLIED IN SAUDI ARABIA, PAKISTAN AND IRAN, WHILE STATE DEBT USES USURY, A CONTRAST LAW

Now, we are still concentrating on dismantling the secret hidden behind the verse: *"...don't eat usury...(Ali 'Imran: 3: 130)" Allah destroys usury and nourishes alms...(Al Baqarah: 2:276). 2:275)*

Well, it turns out, Allah has declared *"...don't eat usury...(Ali 'Imran: 3: 130)" Allah destroys usury and nourishes alms...(Al Baqarah: 2: 276)"...Allah has justified buying and selling and forbidding usury...(Al Baqarah: 2: 275)*

Well, here Allah or Jahve according to the call of the Jews and followers of Jesus, has declared *"... Allah has justified buying and selling and forbidding usury ... (Al Baqarah: 2: 275)*

It turns out that, in fact, almost all people who live in the world, are involved in a life full of usury.

Now, the question arises,

What about the usury laws imposed in Saudi Arabia, Pakistan and Iran?

Well, the answer is in the secret behind the verse: ***"...We have sent down a book to you with the truth, so that you may judge between humans and what Allah has revealed to you...(An Nisaa' : 4: 105)***

Well, the law ***"... Allah (which) was revealed to the Prophet Muhammad saw ... (An Nisaa' : 4: 105)*** which must be carried out and applied, but, in reality, the law ***"...Allah (which) was revealed to the Prophet Muhammad saw...(An Nisaa' : 4: 105)*** is under the secular law that applies throughout the world.

That is, the law of usury that is enforced in Saudi Arabia, Pakistan and Iran, is under secular law, when the Government of Saudi Arabia, the Government of Pakistan and the Government of Iran borrowed money from the IMF (International Monetary Fund) and the World Bank.

Where is the secular law, that is, the law that does not recognize and does not make law ***"...Allah (which) was revealed to the Prophet Muhammad saw...(An Nisaa' : 4: 105)*** and the law of Jahve according to the call of the Jews and followers of Jesus, to be made and used in state law.

So, actually, the Government of Saudi Arabia, the Government of Pakistan and the Government of Iran when borrowing money from the IMF (International Monetary Fund) and the World Bank with usury, the Government of Saudi Arabia, the Government of Pakistan and the Government of Iran have violated the law ***"...Allah (who) revealed to the Prophet Muhammad saw...(An Nisaa' : 4: 105)***

For example, the debt of the Government of Saudi Arabia in 2020 is **227 538 350 000** US dollars in 2020, not including usury. Also the debt of the Government of Iran amounting to **80 371 045 000** US dollars in 2020 does not include usury. Likewise, the debt of the Government of Pakistan amounting to **90 000 000 000** US dollars in 2019 does not include usury.

Well, this is what is called the law ***"...Allah (which) was revealed to the Prophet Muhammad saw...(An Nisaa' : 4: 105)*** is under secular law.

Now, what is the way out, so that most people do not violate the law ***"...Allah (which) was revealed to the Prophet Muhammad saw...(An Nisaa' : 4: 105)*** especially in the law of usury.

Of course, reduce debt to the IMF (International Monetary Fund) and the World Bank and other banks in the world. Multiply zakat, as a state development cost. Replace taxes with zakat.

With the source of the development of the country from ***"...zakat... for the needy, poor people, administrators of zakat, converts whose hearts are persuaded, for slaves, people who are in debt, for the way of Allah and for those who are on their way...(At Taubah: 9: 60)***

That is, here, with ***"...zakat...(At Taubah: 9: 60)*** eliminating ***"...poverty...(At Taubah: 9: 60)*** in the form of improving people's economic life and education. Everyone who has a job is obliged to pay zakat, not only 2.5% but can be increased to 10%. Likewise with wealth zakat, it can be increased to 10% -15%.

Why zakat can be increased?

Because when the Prophet Muhammad built the first Islamic state in Medina, there was not much need for development funds for the Islamic State, so zakat was only enough with 2.5% only. However, because now in a country with a population of hundreds of millions of people, for state financing requires zakat which is more than only 2.5%

This, in fact, if most people want to understand about the real Allah.

But because most people do not understand the real Allah, then the law *"...Allah (which) was revealed to the Prophet Muhammad...(An Nisaa' : 4: 105)* is under secular law.

CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: *"...don't eat usury...(Ali 'Imran: 3: 130)" Allah destroys usury and nourishes alms...(Al Baqarah: 2:276). 2:275)*

Well, it turns out, Allah has declared *"...don't eat usury...(Ali 'Imran: 3: 130)" Allah destroys usury and nourishes alms...(Al Baqarah: 2: 276)"...Allah has justified buying and selling and forbidding usury...(Al Baqarah: 2: 275)*
