**ABSTRACT**

Before I write down the problem of how humans can best imagine the form of Allah in the form of Allah's energy, Allah's particles and my spirit, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of how humans best imagine the form of Allah in the form of Allah's energy, Allah particles and my spirit, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about how humans best imagine God's form in the form of Allah's energy, Allah's particles and my spirit, namely the following verses:

*"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)*

*"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)*

*"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)*

*"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)*

*"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)*

*"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)*

*"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)*

*"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)*

*"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)*

*"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

*"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)*

*"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)*

*"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)*

*"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)*

*"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)*

*"And if We had willed, We would have given every soul guidance, but the word has remained from Me: "Indeed, I will fill the Hell with jinns and humans together." (As Sajdah: 32:13)*

*"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)*

*"It is He Who shows you His signs and sends down for you sustenance from the sky. And there is no lesson except those who return (Al Mu'min: 40:13)*

*"It is Allah Who created the skys and the earth and sent down rain from the sky, then He brought forth with it various fruits as sustenance for you; and He has subjected the ark to you so that the ark may sail on the seas by His will, and He has subjected to you rivers (Ibrahim: 14:32)*

*"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And in this way you will be brought out (Ar Ruum: 30: 19)*

*"Was not he a drop of semen that was shed, (Al Qiyaamah: 75: 37)*

*"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)*

*"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)*

In an effort to open the veil of Allah's secret about how humans best imagine Allah's form in the form of Allah's energy, Allah particles and my spirit, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESIS**

Here I propose a human hypothesis as well as imagining the form of Allah in the form of Allah's energy, Allah's particles and my spirit, through *"Allah...the light of the heavens and the earth...Light*

*above the light...(An Nuur: 24: 35 )*, viewed from the point of view of Deoxyribonucleic acid (DNA)

## **PHOTON**

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## **QUARK**

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

## **DEOXYRIBONUCLIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## **THE BEST HUMAN IS TO IMAGINE ALLAH IN THE FORM OF ALLAH'S ENERGY, ALLAH'S PARTICLES AND MY SPIRIT IS THROUGH LIGHT ABOVE LIGHT**

Now, we are still focusing our minds on uncovering the secrets contained behind the verses:  
*"Allah... the light of the skys and the earth... The light upon the light... (An Nuur: 24: 35) "... wherever you face there the face of Allah...(Al Baqarah: 2:115)"...I am near...(Al Baqarah: 2:186) "...We are closer to him than his jugular vein." (Qaf: 50:16)*

Now, the question arises,

What is the actual form of Allah, if God's form is in the form of Allah's energy, Allah's particles and *"...my spirit...(Shaad: 38: 72) ?*

The answer is

Hidden in the secret behind the verse: *"Allah... the light of the skys and the earth... The light upon the light... (An Nuur: 24: 35)*

Well, it turns out, here Allah has declared that in fact Allah's form is imagined in *"...Light upon light...(An Nuur: 24: 35)*

Why is the form of Allah pictured in “...*Light upon light...*(*An Nuur: 24: 35*)?

Because, Allah's energy and Allah's particles, which are in “...*Light above light...*(*An Nuur : 24: 35*) where Allah's energy is very small, which is almost zero, **0,000000000 000000000 000000000 01** gram per cubic cm. Likewise, the tiny particle of God is almost non-existent, **0.000000000 000000000 000000000 000000000 000000000 000000000 000000000 000 333 591 754 209 188 9** grams

Now, Allah's energy, Allah's particles and “...*my spirit...*(*Shaad : 38:72*) are already in the human body.

So, to imagine the form of Allah, we just have to imagine “...*Light above the light...*(*An Nuur: 24:35*) illuminates our bodies, now that's when, we talk to Allah in a soft voice, in any language, because “...*my spirit...*(*Shaad: 38:72*) which will interpret our speech to be conveyed to Allah, and Allah's answer, is also interpreted by “...*my spirit...*(*Shaad: 38:72*) to be passed on to our minds, so that we understand what Allah is saying.

Now it has been revealed, the secret that is hidden behind the verse: “...*I grant the request of the one who prays when he asks Me...* (*Al Baqarah: 2: 186*)

That is, because Allah's form in the form of Allah's energy, Allah's particles and “...*my spirit...*(*Shaad: 38:72*) are in our bodies, then “...*pray...beg Allah...*(*Al Baqarah: 2: 186*) with a gentle voice, while imagining the form of Allah, “...*Light upon light...*(*An Nuur: 24:35*) illuminates our bodies.

## CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: “*Allah... the light of the skys and the earth... The light upon the light... (An Nuur: 24: 35)* “... *wherever you face there the face of Allah...*(*Al Baqarah: 2:115*)” “...*I am near...*(*Al Baqarah: 2:186*) “...*We are closer to him than his jugular vein.*” (*Qaf: 50:16*)

Now, the question arises,

What is the actual form of Allah, if God's form is in the form of Allah's energy, Allah's particles and “...*my spirit...*(*Shaad: 38: 72*) ?

The answer is

Hidden in the secret behind the verse: “*Allah... the light of the skys and the earth... The light upon the light... (An Nuur: 24: 35)*

Well, it turns out, here Allah has declared that in fact Allah's form is imagined in “...*Light upon light...*(*An Nuur: 24: 35*)

Why is the form of Allah pictured in “...*Light upon light...*(*An Nuur: 24: 35*)?

Because, Allah's energy and Allah's particles, which are in “...*Light above light...*(*An Nuur : 24: 35*) where Allah's energy is very small, which is almost zero, **0,000000000 000000000 000000000 01** gram per cubic cm. Likewise, the tiny particle of God is almost non-existent, **0.000000000 000000000 000000000 000000000 000000000 000000000 000000000 000 333 591 754 209 188 9** grams

Now, Allah's energy, Allah's particles and “...*my spirit...*(*Shaad : 38:72*) are already in the human body.

So, to imagine the form of Allah, we just have to imagine "*...Light above the light...(An Nuur: 24:35)* illuminates our bodies, now that's when, we talk to Allah in a soft voice, in any language, because "*...my spirit...(Shaad: 38:72)* which will interpret our speech to be conveyed to Allah, and Allah's answer, is also interpreted by "*...my spirit...(Shaad: 38:72)* to be passed on to our minds, so that we understand what Allah is saying.

Now it has been revealed, the secret that is hidden behind the verse: "*...I grant the request of the one who prays when he asks Me... (Al Baqarah: 2: 186)*

That is, because Allah's form in the form of Allah's energy, Allah's particles and "*...my spirit...(Shaad: 38:72)* are in our bodies, then "*...pray...beg Allah...( Al Baqarah: 2: 186)* with a gentle voice, while imagining the form of Allah, "*...Light upon light...(An Nuur: 24:35)* illuminates our bodies.
