## ABSTRACT

Before the author writes about human in paradise and in hell live in the form of Allah's spirit that does not eat, does not drink or does not sleep, the author first asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secrets about human in paradise and in hell live in the form of Allah's spirit that does not eat, does not drink or does not sleep, based on Deoxyribonucleic acid (DNA).

There are several verses that reveal Allah's secret about human in paradise and in hell live in the form of Allah's spirit that does not eat, does not drink or does not sleep, namely the following verses:

*"So when I have perfected the life of Adam and breathed into Adam my spirit, then you will fall down and prostrate to him." (Shaad: 38: 72).*

*"So Maryam created a veil from them, then We sent Our spirit to Maryam, then Our spirit incarnated before Maryam, a perfect human. (Maryam: 19: 17).*

*"Indeed, those who believe and do righteous deeds, they are guided by their God because of their faith, beneath them rivers flow in paradise full of pleasure. (Yunus: 10: 9).*

*"And if you look there, you will surely see various kinds of pleasures and a great kingdom. (Al Insaan: 76: 20).*

*"In paradise there is plenty of fruit for you, some of which you may eat. (Az Zukhruf: 43: 73).*

*"Their reward with their God is the paradise of 'Adn beneath which rivers flow, they will abide therein forever. Allah is pleased with them and they are pleased with Allah. That is for those who fear their God. (Al Bayyinah : 98: 8).*

*"O you who believe, protect yourselves and your families from the fire of hell whose fuel is people and stones, whose guardians are angels who are rough, tough, and do not disobey Allah in what He commands them and always do what they are commanded . (At Tahrir : 66: 6).*

*"As for those who deviate from the truth, they become firewood for the Hell. (Al Jin: 72: 15).*

In an effort to reveal the secret of Allah about human in paradise and in hell live in the form of Allah's spirit that does not eat, does not drink or does not sleep, the author uses the basis of deoxyribonucleic acid.

## HYPOTHESIS

Here the author forward hypothesis human in paradise and in hell live in the form of Allah's spirit that does not eat, does not drink or does not sleep, based on Deoxyribonucleic acid (DNA).

## PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

## QUARKS

If we want to know quarks then we pay attention to one of the hydrogen atoms which is a building element of the human body, animals, plants and fruit as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Next, if this proton is split, we will find two up quarks and one down quark. Where these three quarks are combined with a gluon.

## DEOXYRIBONUCLIC ACID (DNA)

DNA is a storehouse of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules which are composed repeatedly of nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogen bases. The nitrogen bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on human deoxyribonucleic acid (DNA), it consists of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where Carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

## HUMAN IN PARADISE AND IN HELL LIVE IN THE FORM OF ALLAH'S SPIRIT THAT DOES NOT EAT, DOES NOT DRINK AND DOES NOT SLEEP

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: *"...Our spirit... incarnated...a perfect human. (Maryam: 19:17)"...I breathed into Adam my spirit...(Shaad: 38:72) "...below them flowed rivers in paradise full of pleasure. (Yunus: 10:9) "... there is a lot of fruit for you which some of you eat (Az Zukhruf: 43: 73) "... you will see various kinds of pleasures and a great kingdom (Al Insaan: 76: 20) "... fire Hell, whose fuel is people and stones... (At Tahrir: 66: 6).*

Apparently, Allah has declared that in the darul hereafter has been prepared *"...a paradise full of pleasure. (Yunus: 10: 9)"... there are lots of fruits... (Az Zukhruf: 43: 73) ". .. various kinds of pleasures and a great kingdom (Al Insaan: 76: 20) And also Allah has prepared "... a hell whose fuel is people and stones... (At Tahrir: 66: 6).*

Well, paradise and hell have been prepared by Allah for humans. It means here, paradise and hell for *"...Allah's spirit...(Shaad: 38:72)* that comes out of the body of a human who has died.

Now the question arises,

Why did Allah prepare paradise and hell for *"...Allah's spirit...(Shaad: 38:72)*, which does not eat, does not drink, does not sleep and can live billions of billions of billions of billions of years until the seven skys disappear, returning to the energy of Allah ?

The answer is

Hidden in the secret behind the verse: *"Their reward with their God is paradise 'Adn beneath which rivers flow, they abide in it forever and ever... (Al Bayyinah: 98: 8).*

Well, this is the secret of Allah, *"Their reward with their God is paradise 'Adn... (Al Bayyinah: 98: 8).*

So, paradise is prepared as a *"reward ... (Al Bayyinah: 98: 8)* from Allah for *"... those who believe and do righteous deeds ... (Yunus: 10: 9).*

Likewise with being prepared for hell as a *"reply...(Al Bayyinah: 98: 8)* from Allah for *"... people who deviate from the truth... (Al Jin: 72: 15).*

Now, actually, *"... in a paradise full of pleasure (Yunus: 10: 9)* does not have much effect on *"...Allah's spirit...(Shaad: 38:72).*

Because, *"...Allah's spirit...(Shaad: 38:72)* does not have a body, not like human on earth, who have a body.

Here, in the darul afterlife, in paradise, what is called *"... the pleasures (Yunus: 10: 9)* is *"... the pleasures (Yunus: 10: 9)* according to life *"...Allah's spirit...(Shaad: 38:72)* who has no body.

That is, here, *"... the pleasures (Yunus: 10: 9)* that are always there, do not need to be sought.

*"...Allah's spirit...(Shaad: 38:72)* has no body, neither eats nor drinks nor sleeps. *"...Allah's spirit...(Shaad: 38:72)* this will live until the seven skys are gone, returning to the energy of Allah.

Well, so also in hell, the misery of living in hell, continuously, until the seven skys disappear, returning to the energy of Allah.

So, actually, life in hell, a normal and ordinary life for *"...Allah's spirit...(Shaad: 38:72)* does not have much effect.

Well, here, because Allah has promised paradise as a *"reward... (Al Bayyinah: 98: 8)* from Allah for *"... those who believe and do righteous deeds... (Yunus: 10: 9 )*

Likewise, because Allah has promised *"...a hell fire whose fuel is humans and stones...(At Tahrir: 66: 6)* for those *"...who deviate from the truth...(Al Jin: 72: 15)*

Well, what is in *"...rivers...(Jonah: 10: 9)* is in the form of oxygen atoms and hydrogen atoms, which are necessary in heaven, as well as in *"...fruits... (Az Zukhruf: 43: 73)* in the form of nitrogen atoms, carbon atoms, oxygen atoms, hydrogen atoms.

So, actually, life in heaven and in hell is life *"...Allah's spirit...(Shaad: 38: 72)* in the form of a body of nitrogen atoms, carbon atoms, oxygen atoms, hydrogen atoms.

Likewise *"...the fire of hell whose fuel is people and stones...(At Tahrir: 66: 6)* where the fire is in the form of hydrogen atoms, also human bodies and stones in the form of hydrogen atoms, carbon atoms.

Well, this is something that almost all Muslims in the world still don't understand.

## CONCLUSION

Based on the description above we can conclude that the secrets contained behind the verses: *"...Our spirit... incarnated...a perfect human. (Maryam: 19:17)"...I breathed into Adam my spirit... (Shaad: 38:72) "...below them flowed rivers in paradise full of pleasure. (Yunus: 10:9) "... there is a lot of fruit for you which some of you eat (Az Zukhruf: 43: 73) "... you will see various kinds of pleasures and a great kingdom (Al Insaan: 76: 20) "... fire Hell, whose fuel is people and stones... (At Tahrim: 66: 6).*
