ABSTRACT

Before I write about the problem of humans being able to meet directly with Allah, anywhere and anytime, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about humans being able to meet Allah directly, anywhere and anytime, from the point of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about humans being able to meet Allah directly, anywhere and anytime, namely the following verses:

"So when I have perfected the scene and I breathed into him My spirit; then you should fall down prostrating to him." (Shaad : 38:72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts you have little gratitude. (As Sajdah: 32: 9)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)

"And it is not possible for a human being that Allah can speak with him except behind a veil... (Ash Shuura: 42: 51)

"And We put before them a wall and behind them a wall and We covered them so that they could not see. (Yaasiin: 36: 9)

"... Allah knows what is before them and behind them, and they know nothing of Allah's knowledge except what He wills... (Al Baqarah: 2:255)

Allah said: "O Moses, indeed I chose you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)

In an effort to open the veil of Allah's secret regarding humans being able to meet Allah directly, anywhere and anytime, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that humans can meet directly with Allah, anywhere and anytime, because "... my spirit..." (Shaad: 38: 72), seen from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

As for if we want to know quarks, then we pay attention to one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects.

Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

MEET ALLAH DIRECTLY

Now, we are still focusing our minds on trying to uncover the secret hidden behind the verse:
"...Allah spoke with him...behind the veil...(Asy Syuura: 42: 51)

Apparently, here Allah has declared to all mankind, that *"...Allah speaks with him...behind the veil... (Asy Shuura: 42: 51)*

Now the question is

What is called *"...behind the veil...(Asy Shuura: 42: 51)* ?

The answer is,

Hidden in the secret behind the verse: *"...We put before them a wall and behind them a wall and We covered them so that they could not see. (Yaasiin: 36: 9)*

Apparently Allah has revealed the secret that humans are actually behind the veil.

This means humans with limited vision. This means that the human view is limited to the electromagnetic spectrum region between 430 and 740 nanometers. So humans with their eyes

cannot see light rays in the electromagnetic spectrum area below 430 nanometers and light rays in the electromagnetic spectrum region above 740 nanometers.

Now, it is this state of limited human vision that has been declared by Allah that *"...Allah speaks with him...behind the veil...(Asy Shuura: 42:51)*

So, actually, Allah has opened the door wide for all humans, if humans want to meet directly with Allah, then it can be done anytime and anywhere.

Now, how can humans meet directly with Allah?

The answer is

Hidden in the secret behind the verse: *"He perfected and breathed into it His spirit ... (As Sajdah: 32: 9)*

Now, because Allah has *"...blowed into him His spirit...(As Sajdah: 32:9)*, then in the human body there is Allah's energy. Where Allah's energy is what gives rise to *"... His spirit... (As Sajdah: 32: 9)*

BY FEELING AND THINKING OF ALLAH'S ENERGY AND MY SPIRIT, HUMANS CAN MEET ALLAH DIRECTLY

The existence of Allah's energy arises *"... His spirit... (As Sajdah: 32: 9)* in the human body.

With God's energy that causes *"... His spirit... (As Sajdah: 32: 9)* in the human body, humans can easily meet Allah.

So, humans can directly meet Allah by feeling and thinking about Allah's energy that forms *"... His spirit... (As Sajdah: 32: 9)* which is in the human body anytime and anywhere.

CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: *"...Allah spoke with him...behind the veil...(Asy Syuura: 42: 51)*

Apparently, here Allah has declared to all mankind, that *"...Allah speaks with him...behind the veil... (Asy Shuura: 42: 51)*

Now the question is

What is called *"...behind the veil...(Asy Shuura: 42: 51)* ?

The answer is,

Hidden in the secret behind the verse: *"...We put before them a wall and behind them a wall and We covered them so that they could not see. (Yaasiin: 36: 9)*

Apparently Allah has revealed the secret that humans are actually behind the veil.

This means humans with limited vision. This means that the human view is limited to the electromagnetic spectrum region between 430 and 740 nanometers. So humans with their eyes cannot see light rays in the electromagnetic spectrum area below 430 nanometers and light rays in the electromagnetic spectrum region above 740 nanometers.

Now, it is this state of limited human vision that has been declared by Allah that *"...Allah speaks with him...behind the veil...(Asy Shuura: 42:51)*

So, actually, Allah has opened the door wide for all humans, if humans want to meet directly with Allah, then it can be done anytime and anywhere.

Now, how can humans meet directly with Allah?

The answer is

Hidden in the secret behind the verse: *"He perfected and breathed into it His spirit ... (As Sajdah: 32: 9)*

Now, because Allah has *"...blowed into him His spirit...(As Sajdah: 32:9)*, then in the human body there is Allah's energy. Where Allah's energy is what gives rise to *"... His spirit... (As Sajdah: 32: 9)*

The existence of Allah's energy arises *"... His spirit... (As Sajdah: 32: 9)* in the human body.

With God's energy that causes *"... His spirit... (As Sajdah: 32: 9)* in the human body, humans can easily meet Allah.

So, humans can directly meet Allah by feeling and thinking about Allah's energy that forms *"... His spirit... (As Sajdah: 32: 9)* which is in the human body anytime and anywhere.
