ABSTRACT

Before I write down the problem if my soul and body do not last forever in paradise, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about if my spirit and its body will not last in paradise, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about if my spirit and body will not remain in paradise, namely the following verses:

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"So when I have perfected the show and breathed into it my skirt; then you must prostrate to him." (Shaad: 38:72)

"When I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15:29)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight, and heart; you are very little grateful." (As Sajdah: 32: 9)

"Then both of them were derailed by the devil from heaven and brought out from their original state and We said: "Come down! some of you are enemies to others, and for you there is a dwelling place on earth, and the pleasures of living to an appointed time." (Al Baqarah: 2:36)

"And give good tidings to those who believe and do good, that for them there are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

In an effort to open the veil about whether my spirit and its body will not remain in paradise, I based on photons, quarks and deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis if my spirit and its body are not eternal in paradise, because the body cannot live forever, from the point of view of photons, quarks and Deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide

polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

THE HUMAN BODY WILL BE DESTROYED

Now, we still continue to focus our minds in order to uncover the secrets contained in the verse: "*... We say: "Come down! Some of you are enemies to others, and for you there is a dwelling place on earth... (Al Baqarah : 2:36)*

Apparently, Adam and his wife, who in their bodies contain "*... my spirit... (Al Hijr: 15: 29)* cannot live and live in paradise. Adam and his wife could not live forever in paradise.

Why can't Adam and his wife live forever in paradise?

The answer is

Hidden in the secret behind the verse: "*... those who believe and do good... eternal in it (Al Baqarah: 2: 25)*

Well, "*... those who believe and do good... eternal in it (Al Baqarah: 2: 25)* because, they are "*... my spirit... (Al Hijr: 15: 29)* , where the body they've been buried.

Now, another question arises

Why is the body impermanent in paradise?

The answer is

It is hidden in the secret behind the verse: "*...He endures the soul He has decreed for his death... (Az Zumar: 39: 42)*

Now, what is being held back by Allah is "*...the soul...(Az Zumar: 39: 42)* or "*... my spirit...(Al Hijr: 15: 29)* , not the body.

**MY SPIRIT AGE WILL REACH 10 000000000 000000000 000000000 000000000 000000000
000000000 000000000 000000000 000000000 000000000 000000000 YEARS**

Well, because the age of "...my spirit...(Al Hijr: 15: 29) will reach the age of 10 000000000
000000000 000000000 000000000 000000000 000000000 000000000 000000000
000000000 000000000 years, then the human body will not reach that age.

So, why in heaven, only "...my spirit...(Al Hijr: 15: 29) can reach that age.

Why can the age of "...the spirit of Ku...(Al Hijr: 15: 29) reach that age?

The answer is

Hidden in the secret behind the verse: "...He perfected and breathed into it His spirit and He made for
you hearing, sight, and heart; you are very little grateful." (As Sajdah: 32: 9)

Well, the source of the formation of "...hearing, seeing, and heart...(As Sajdah: 32: 9) is
deoxyribonucleic acid (DNA), based on DNA, humans are made up of 32.20% atoms
carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

So, "...my spirit...(Al Hijr: 15: 29) is the source of life in deoxyribonucleic acid (DNA), which
consists of hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms.

Well, hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms that can reach the age of 10
000000000 000000000 000000000 000000000 000000000 000000000 000000000
000000000 000000000 000000000 years

ADAM AND HIS WIFE OUT OF PARADISE

Now, let's unveil the secret that is stored in the verse: "... We say: "Come down! Some of you are
enemies to others, and for you there is a dwelling place on earth... (Al Baqarah: 2:36)

So, why were Adam and his wife expelled from paradise?

The answer is

It is hidden in the secret behind the verse: "Allah holds the soul when it dies... in its sleep... (Az Zumar:
39: 42)

So, because "...soul...(Az Zumar: 39: 42) or "... my spirit...(Al Hijr: 15: 29) which is held"... determine
his death ... (Az Zumar: 39: 42) then "... the spirit of Ku... (Al Hijr: 15: 29) this is what is responsible
and will be entered into heaven or hell.

Now, because Adam and his wife, consist of a body and "... my spirit... (Al Hijr: 15: 29) then, their
place is not in paradise, but "... on earth... (Al Baqarah : 2:36)
Therefore, Adam and his wife had to get out of paradise.

As for, "... both of them were derailed by the devil from paradise... (Al Baqarah: 2: 36) is as an
illustration that in heaven humans will live eternally. While Adam and his wife, still have bodies
and in them is "... my spirit... (Al Hijr: 15: 29)

So, Adam and his wife could not possibly live forever in paradise, as long as Adam and his wife still
have bodies.

Likewise angels, jinn, devils and devils come out of paradise. Because they have bodies and "... *my spirit...* (Al Hijr: 15: 29) "... *some of you are enemies to others, and for you there is a dwelling place on earth...* (Al Baqarah: 2 : 36)

Now, it has been revealed, the secret hidden behind the verse: "...*We say: "Come down! Some of you are enemies to others, and for you there is a dwelling place on earth, and the pleasure of living to an appointed time."* (Al Baqarah: 2:36)

That is, as long as humans, angels, jinn, devils and satans have bodies, then during that time they will not be able to live eternally in paradise, until they reach the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years.

CONCLUSION

Based on the description above, we can conclude that the secrets contained in the verse: "... *We say: "Come down! Some of you are enemies to others, and for you there is a dwelling place on earth...*(Al Baqarah : 2:36)

Apparently, Adam and his wife, who in their bodies contain "... *my spirit...* (Al Hijr: 15: 29) cannot live and live in paradise. Adam and his wife could not live forever in paradise.

Why can't Adam and his wife live forever in paradise?

The answer is

Hidden in the secret behind the verse: "... *those who believe and do good... eternal in it* (Al Baqarah: 2: 25)

Well, "... *those who believe and do good... eternal in it* (Al Baqarah: 2: 25) because, they are "... *my spirit...* (Al Hijr: 15: 29) , where the body they've been buried.

Now, another question arises

Why is the body impermanent in paradise?

The answer is

It is hidden in the secret behind the verse: "...*He endures the soul He has decreed for his death...* (Az Zumar: 39: 42)

Now, what is being held back by Allah is "...*the soul...*(Az Zumar: 39: 42) or "... *my spirit...*(Al Hijr: 15: 29) , not the body.

Well, because the age of "...*my spirit...*(Al Hijr: 15: 29) will reach the age of 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years, then the human body will not reach that age.

So, why in heaven, only "...*my spirit...*(Al Hijr: 15: 29) can reach that age. Why can the age of "...*the spirit of Ku...*(Al Hijr: 15: 29) reach that age?

The answer is
